 FALL MOVES & RETREATS ARE DUE BY SATURDAY FEBRUARY 18, 1967

WITANCEASTER(28 MAY 1904): His Majesty Edgar III today issued another declaration condemning the Bolshevik Germans and their Russian cohorts. His Majesty expressed the hope that the war in Europe would end when the Bolshevik menace was eliminated, and particularly regretted the Great Balkan war, in which Turkey and Italy were seemingly bent on partitioning the Austrian Empire, "Let us end this fighting", He said, in Conclusion.

CAMELOT, EAST ANGLIA(13 JUNE 1904): The Admiralty today reported that the German high seas fleet had been completely routed in battle and had been scurried for safety. Among the German ships destroyed were the dreadnoughts Marx, Engels, and Rosa Luxemburg, as well as the Proletariat and Peasant Unity. The British Fleet suffered light damage, The Cruiser Leprachuan was sunk. His Excellency Admiral Ethelred McNasty. Lord Beaverbrook, confidently predicted an early end to the Northern war. Meanwhile part of the British high seas fleet was dispatched Southward on a peace and goodwill mission to the Mediterranean area.

ISTANBUL(SPRING-04):...General Von Turkewattles, Commander-in-the-least of Turkish forces announced in Istanbul that Turkish forces had stabilized the front in Russia and Austria(Where Turkish troops were massing on Transylvania) Also that special units of Turkish infantry(The Enoch's light brigade) Put down a house revolt within the Sultan's harem. Sultan Grassylard I begged Premier Kardinalsin to intervene, when 403 members of the harum staged a sympathy strike in support of Wanda the Withh(Who had been discovered using Lady Clairoil) and refused to have anything to do with the Sultan. The prompt use of the Enoch's light brigade was greeted with cheers by the harum, In recognition of Kardinalsin's efforts the Sultan decorated him with the order of the galloping horses. Turkish flags were at half mast in honor of the passing of E. Barbara Phillips. In a address to the Turkish assembly the premier announced that an invitation had been extended to the rulers of Russia and Austria to take up residence in Istanbul as soon as they were evicted from their present quarters.

MONTENEGRO(SPRING-04): Prince Picci Pussycat pronounced on the state of the world; "We declare war on those dirty back-stabbing Turks, what done gone and backstabbed their only reliable allies, The Austrians" He called the Turkish action "Both unforgiveable and un-Christian" Come to think of it, maybe that explains it;

ROME... Consul Cato Turnerius Maximus declared the firm resolve of the Roman Republic to keep peace in the world.

66-BB. V.A. Tskhovrebashvili, Prime Minister to Czar Rudolf the Red
nosed(He uses Kleenex) suggested to a meeting of the Imperial Duma
today that the National Colleges of Russia be closed for failure
to support the new Government. The Chancellor of the College, Tiny
Guts, announced that he would fight such a move; but, 'Twas no Avail.
A secret meeting of the Czar's council on No Education announced
that the Chancellor had been removed by a secret vote of the Council.
Tiny Guts was reported heading for parts unknown and that either
Bobbie McNavitch, long time Secretary of War or John Waynovski,
former director of the Bolshoi Ballett would take over as the new
Chancellor, Meanwhile students at the main Campus of the National
Colleges of Russia in St. Peerigrad announced a mass hunger stike
to mourn the passing of tiny guts.

AMIOCAP(AL)

The third Amiocap Army paraded in review before Honj the Horny, Emperoar of Pollutidar..The Emperoar was his usual jovial self and confidently predicted the imminent defeat of the surface people by the assembled hordes of Amiocapians, Himeans, Coripis, and others of the miscellaneous peoples of Pollutidar in the force. The singular amity in which the peoples of Pollutidar have submerged their ages long hatreds was illustrated by the fact that, in the course of the parade, the Coripis seized and devoured only three humans. In other incidental mishaps, Five Coripis were killed in an apparently accidental stampade of mammoths, and two ~~Himeans~~ Himeans killed each other while executing steps of their National War-Dance. In a speech following the review, Honj the Horny said with heavy satire "At last we have found a point of common interest with Frederick of Germany. The noisiest of those surface rabble who are keeping up such an unholy racket on the outer crust. He says, and we agree, that Edgar Rice Boreus was of dubious value as a reporter. His account of noble Pollutidar, though accurate in its broad outlines, is sorely deficient in detail".

SARI

General Sol-ong-mac, Commander of the Imperial Air Force of Pollutidar, has claimed that the creatures captured in great numbers by the Germans of the outer crust, are not the horrendous Thipdars of Pollutidar. "As Frederick will soon learn", she said, "The Thipdars is a lineal descendant of the Pterodactyl of the outer crusts Jurassic age, and is changed only in its immensely greater size. A force of these creatures, officered by Mahars from my own personal staff, will soon descend on Berlin and give him a personal demonstration. The Rabbit-like creatures are Thnurds, Rodent like Marsupials which normally inhabit the back-Country of Zoram. The tunnel which Pollutidarean troops are using for their invasion of Germany has its inner terminus in the mountains of Zoram, and the Thnurds obviously followed the Army in hopes of finding a supply of their favorite food-Umlauts. If they are to find any Umlauts in Germany, they will feed on them, multiply, and overrun the entire Country."

KORSAR:

Fleet Admiral Bobo Rymus today announced a unification of the Korsar and Anoroc Fleets, under his command. The unified fleets will sail through the North Polar opening and occupy Iceland as an advanced base for operations against England. In a related development, sixteen Anoroc Officers were Court-Martialed and dismissed from the service as "Reds".

SALZBURG

In his first visit to the outer Crust, the Emperoar Honj the Horny today accepted the surrender of the last remaining Austro-Hungarian army. "One Down and six to go." He told his staff as he accepted General Schneiderlein's sword and fed him to a Dyryth.
