1957-1Q ((Latest dispatches from Austrian Front))

AUSTRIAN 3RD Army "What do you mean, we've secured Munich? Were on leave..  
We only came up here for the Sking.

SWEETWATER: The Alps is much better.

DIPLOMATIC NOTES

GERMANY: Would you believe...my..er..hand slipped?.

ITALY: I didn't want Greece anyway..just as it seems you didn't  
really want Tunis.

RUSSIA: This diplomatic note is very boring, in that it has absolutely  
nothing constructive to say, and is primarily designed to make  
not feel left out..What with all these other Diplomatic notes  
flying about.

ENGLAND: You are in Great Danger;

TURKEY : Will you die already.

AUSTRIAN FLEET OUCH:::

SWEETWATER: You didn't want to hurt Russia's feeling's yet you left  
out France;

SWEETWATER TO FRANCE; Austria says hello; (There now you are included):

SWEETWATER: The next batch of nonsense press releases I get that person  
will find his moves on Page 8.

Thus we bring to a close another issue dedicated to the Idea that a bunch  
of Grown Men can make asses out of themselves. And I'm the biggest of all  
July will be 12 years of this. But then if I retire what will Doug  
Beyerlein do.
