Charles Turner (ITALY) has agreed to a three way draw between Larry Peery (France-14) Larry St. Cyr (Austria-10) Turner (Italy-10) as of Fall 1910. THIS ends the last of the old COSTAGUANA games.....

FUTURE POLICYS

Due to Government and Commercial cutbacks, I no longer am working those many lucrative overtime hours, causing a very drastic cutback in my somewhat depleted Budget-But have no fears my fireinds, the good fairy will once again shine on ADAGS doorstep, but that time will not come till October-so it means in the meantime that I will fall somewhat behind in my schedule's-so instead of trying to maintain a three weeks deadline, I am forced to revert to a one month deadline, But during the Winter season, I will go on a short deadline to enable most of the game to move a much faster pace, a suggestion that will aid, would be to submit tentative builds for the coming season giving the gamesmaster your choices in order that you would like them-also it would help a player in case he should forget to send in his builds.

COSTAGUANA

Conrad Von Metzke is without a typewriter and also has moved, and has to wait every two weeks before he gets paid. He has promised that this coming week he will start work on COSTAGUANA, so have patience, it will come out eventually.

PARIS-SURPRISE, SURPRISE, SURPRISE, PEERY DIDN'T ATTACK SMYTHE... SURPRISE
SMYTHE DID.

LONDON-English Authorities today denied all rumors that at any time
England had contemplated an attack on France. Said the P.M. in Parliament.
"We hold the French in utter dread, too much to contemplate such a
suicidal act as attacking them". Never, no never.

PARIS-The English violated the Treaty of Calais by constructing a Fleet
in Liverpool. The French Government does not want a war with England. But
the violation of the treaty leaves it little choice but to take those
steps necessary for the Protection of France. Should the English
demonstrate, to the complete satisfaction of the Government that her
intentions are to honor the Treaty of Calais then French units will be
withdrawn to the Positions of 1905.

NAPLES-The Government is attempting to negotiate a cease fire with the
Representatives of the Ottoman Empire.

CONSENSUS-The Italian Fleet in Albania is dislodged and having no area to retreat to is annihilated. [NOTE] The Fleet in Albania moved against Trieste with the Support of the Fleet in the Arctic and the Army in Venice, The Army in Trieste was supported in place by both Serbia and Budapest, thus making a complete standoff. (BUT) The Army in Greece was ordered to Albania with Support from Trieste and under the rules that only "An Attack from the side will cut support" and also under the ruling "That an unit maynot cut support against itself". Albania is then dislodged and annihilated.

VIENNA Hey Guys, Can't we talk this over?.

Dead Line for All games is Saturday September 17, 1969.

That you for your kind remarks concerning my poor injured hand, it wasn't so much the hand that bothered me, but the miles of Bandages and tape that they put on it to keep me from bending the hand. Also those monstrous splints that they put on my thumb to hold it straight. Thus leaving me with only two fingers free to do anything, But all good things must come to an end and the splints and miles of bandage and tape are removed leaving me free once again to do my thing, those many mistyped letters and misspelled words and God those many, many mistakes. (Incidentally that word on the first line should be Thank not that, see what I mean, Also PPS, I cut Sliced my little Finger on the same hand, Maybe I should go home and stay there, I think some-body is trying to tell me something.

ROME His Imperial Majesty, Eduard IX, fearlessly predicts a Russian Victory over the Godless Germans this year. "we will do everything in our power to aid in this" He declared "what Italian can ever forget the dasterdly German attack when Marseilles and Spain fell to the hordes in field-Gray?. We can never forgive or forget." The hun is even now encamped on the soil of Italy, and we must head rely on Russian aid to remove him. It would seem likely that Russian Arms will soon bring peace to this world. May they do so Quickly. "In short, "God save the Tsar".
