VIENNIA-I hope that the Vienna to Berlin road is very clear.  
NAPLES (Fleet Hdqtrs)-The French Forces have routed the Italian Defenders  
and now the Auströ-Hungarians have arrived-All is well in Italy.

KHARKOV (HURT)-Speaking from the steps of the newly erected Mosque of the  
only true faith, General ULL an Quat expressed the grave concern that the recent  
statements of the Reichkommand has aroused in the hearts of the Islamic  
people. "Surely the German people can find no common cause with the lower  
forces of life which infest Central Europe. "He also noted that any German  
attempt to provide alternate sources of support for Army group North would  
result in an immediate English Victory, no matter what the cost."I will  
personally lead the assault on Moscow, Allah will not fail us".

PARIS: The time is long over do for the destruction of the sniveling swine  
of Germany. For too long the Germans have insulted the great Austrian empire.  
EAT LEAD'EN DEATH MOTHER JUMPER- Let it also be known that the Austrian  
Empire offers a hand of Friendship to the English, that is has known for  
centuries of trust. DIE\*GERMANY, DIE!!!!

BRESLAU (PVBT) The Reich information agency today released the text of a  
Vatican Interchurch communique intercepted by German patrols outside  
Bucharest; "The lower organs of the church must strive ceaselessly to  
penetrate the backward parts of the Hierarchy." Official sources denied that  
this constitutes significant new information. "It's only to be expected that  
they should follow the example of their leader. Did you know that he's re-

NUREMBERG (YAP) The Patriarch of Paris should reconsider his decision to  
actively support the Saracen. If he does not, the heathen horde will  
raze Paris along with the other Capitols.

PARIS The French Government has ordered an investigation into the charges  
that the English have developed a fiendish weapon that violates all the  
conventions of war. Rumors tell of a device called the "Peery's Pen" that is  
able to freeze the hearts of heroes and lesser men causing them to fall in  
their tracks. Supposedly developed by that arch fiend Count Peery the weapon  
is rumored to be in production in the Count's vile basement. (That's a basement)  
Should the rumors prove to be true, the French Government is prepared to  
make a plea to civilized Europe and peoples everywhere to join in crusade to  
erradicate Peerist England and its devil-weapon.

THE VATICAN (APE): The Pope is shocked by the blasphemous proclamation of the sacrilegious tyrant of the steppes. There can be no doubt in any mind that Larry the Pretender would provide haven for the Antichrist himself if given the Opportunity. Surely no other interpretation can be put on his attempt to reinstate Hal Nausty-personal agent of the dark one (For that I am quitting the Knights of Columbus) Until the Black enigma of W'05 is explained any such action is most irreligious of impieties.

CHULA VISTA (NUTS)-Again I will explain what happened during Winter 1905, The orders from Germany was recived, It was on a postcard. During the shuffle in transpiring all the orders together, I overlooked the card, it wasn't until I had run off all the copies that I came across the card, I had noted on the magazines the change, somehow I overlooked your's-the blame is mine. but it is also to late to make any adjustments, as for your other two questions the answer is still no, I rule stricly by the rule book, with only the accepted interpretations being used. (When I say accepted that is by a majority of the Diplomacy magazines.)
