FALL MOVES ARE DUE SATURDAY JANUARY 7, 1967.....

ATTENTION TO ALL PLAYERS...PLEASE PAY EXPRESS ATTENTION TO MY ADDRESS IT IS NO #139, THAT MUST BE ON THE ADDRESS TO INSURE SAFE DELIVERY, IF IT IS NOT THE MAIL CAN BE DELAYED, AS WAS IN THE CASE OF ONE PLAYER WHO SENT HER MOVES, AIR MAIL SPECIAL, BUT DID NOT PUT THE NUMBER ON THERE CONSCIEQUENTLY HER LETTER WAS DELIVERED ONE DAY LATER, BE MORE CAREFUL IN THE FUTURE.

Game # 9 and 1966-XC, Are almost filled, and unless I get a tremendous demand for another game, I will not start another for some time to come.

In a recent article in one of the other Magazines, about a clearing house for Names, I do not think that this would work very well, I myself have accumulated a list of over 181 Diplomacy players mainly by taking names from different magazines and keeping them up to date, One rule of hand, I have found works real well is to print the names in ink and the address in Pencil (What with all the changes of address in each magazine, you would have to start a new page every issue).

A Change of Policy, Here after in all future games as player who fails to submit moves, his Country will then be in Civil Disobedience and if dislodged will be annihilated, failure to submit moves for one full year will then put that Country into Civil ~~chaos~~ Chaos, and all units dislodged will be annihilated and the gamesmaster will make all removals that accrue from that.

HONJ THE HORNY STRIKES AGAIN (66-AL)

POLLUTIDAR: Honj the Horny, Emperor of Pollutidar, today exploded in anger at the reply received to his ultimatum to the rulers of the outer crest. "How dare you people start a War, and stomp around on our roof : "He shouted. "It's bad enough that one of thier pulp hack writes slanderous books about noble Pollutidar, and gets all out names and titles twisted. Now they've got to start a war so noisy that no one can get any sleep nights-that is, if there were Nights here. The Emperor ordered an immediate mobilization, with special emphasis on the troops which would march against Kaiser Frederick V of Germany.

ST.PETERSBURG(24-Sept-1903)His Britannic Majesty,Edgar III,today reviewed elements of the British Army stationed in the Russian Capitol.Speaking to the assembled crowds standing on a balcony of the winter palace with his Imperial Majesty Rurik III,His majesty noted the great peace which hasx come to Russia during the Aliad Occupation following the ovdertthrow of the Bolsheviks,Hisx majesty expressed confidence that complete peace will be restored to Russia under the aegis of the Allied English,Austrian,and Turkish forces. However,he also warned that certain nations wxre making every attempt to subvert the peace of Europe and to hamper the campaign against the Bplshevik Germans,allie of the former Russian Government.

66-AL

BERCHTESGADEN(1a-April-1903):His holiness Pope Prophylactus,today issued am Encyllical."Illegitimi Non Carborundum" In which he con- demmed certain nations for disturbing the peace of Europe.His Holi- ness excommunicated all members of the Government of France for daring to invade Spain,Portugal,Aquitaine ,provence,Brittany,Norma- ndy and other sovereign states.His holiness blessed the forces of Germany and her allies in thier crusade to rid western Europe of the antiliberal French."The Church is forever the champion of Liberty" In other actions,His holiness consigned to the flames the entire works of 15 writers(including Voltaire,Leibnitz,Aquinas and other radicals)and most of the works of 127 others.

QUESTION....QUESTION....QUESTION...QUESTION....QUESTION...QUESTION

WHY DON'T I PRINT EACH PROPAGANDA ISSUE WITH THE MOVES INSTEAD OF THE WAY I AM PRINTING THEM NOW.....ANSWER....

I would like very much to do that,BUT,in order to do it,I would have to delete alot of material,and alot of them are so good,that I coul- d'nt do that and still have the text complete,I will delet alot of unnessessary words,so for the future I will continue to print them the same way until I am able to get my own machine,ALSO,alot of the moves are not received till the lastday and in printing on the average of (4)Four to (6)Six stencils,that would make one hell of a lot of work,and I then couldn't keep the present three weeks that I try to keep.So if you wantt the material printed completly,them I will continue to do the same way,if you want them to be printed with the moves,then either I will have to delete or you will have to shorten(Rod)(Bailey)(Turner)

CORRECTIONS,CORRECTION,CORRECTION,CORRECTIONS.....

The Cutting of the cutting of support*I now change to NO.....

In answer to many,many letters(Maybe next time I wont stick my foot in my mouth)I will not use the Chalker ruling,to the many of you who do not receive Barud-Dur and do receive ADAG,I printed the Complete text of whatk happened...I must now back down after care- ful consideration and many hours of enternal punishment studying the rules,That I can no longer find any logic in the ruling)I'M sorry Jack,But thats life).

Excahnging providences via Convoy ...Frankly after studying the rules carefully,I can not find where the rules prohibit the exchange thru convoy...EXAMPLE**A-Brest-Pic-A-Pic-Brest under the rules would be illegal,yet the rules do not say that you cannot do the following.. A-Bre-Pic-F-Eng(C)Bre-Pic,A-Pic-Bre,since the Armys are not coming thru each other to the providences.And since Brest is going to Pic- ardy thru another providence namely English Channel.

I have received some letters that I was not very explectic in my Ruling,In the future Issues I will follow the example of John McCallum(Brob-ding-Nag)and print one ruling each issue,With my Interpretation ofthem and how I would rule.To Charles Turner,I will answer all letters concerning the Chalker ruling,if you will answer all letters concerning the Swenson ruling,which I find more idiotic thans Chalkers,How one who has played so many games can come up with a ruling such as that I don't know.....This magazine will never use such rulings,and the only other recourse that I have,if to many complain about the rulings is to drop all of them and use the original Swiss cheeze ones.

ALLABAN, CORSARIA: The fleet of Korsars sent by the Emperor to attack the people of the outer crust has been unaccountably delayed by Navigational difficulties. Since the measurement of time is impossible in Pollutidar, it has been extremely troublesome to bring the fleet together and coordinate its maneuvers. Time is customarily measured in pollutidar by "Sleeps", But since Fleet Admiral Bobo Rygmus is afflicted with chronic insomnia. all the fleet's activities have been thrown in confusion.

AMIOCAP

Under a safe-Conduct arranged by the Emperor for the more efficient mastering of his troops, 35 Cripies reported to the Amicop recruiting station. as no humans will serve with them for well-known reasons, they were organized into a platoon under their own Officers and sent on a scouting expedition through a cave whose other end is believed to be in the Carpatian Alps. AMICOP...General Snuv the shifty one was removed from command for war profiteering. In his last report to the Emperor he submitted a bill for eyeclasses for the Coripi platoon recently despatched on a scouting mission to the outer crust.

HONJ ON THE MARCH AGAINST THE WORLD.

POLLUTIDAR: In his retaliation against the intolerable racket caused by the war on the outer crust, Honj the Horny, Emperop of Pollutidar, sent seven columns of troops against the seven warring powers. "Today the outer crust shall feel the wrath of an aroused Pollutidar He told an audience estimated at 10,000 cavemen, 3,000 Mezops, 1,000 Mahars, 2,500 Sogoths, 12 Shoggoths, 39 Dinosaurs, and 18 Horibs," By means of the polar openings and some newly discovered caverns, we shall launch a simultaneous attack on all seven of the warring powers. The Disposition of the troops was made public accidentally when a Mahar read it in the Emperopr's mind. It appears that the largest force consisting of 5000 Thipdars led by Mahar Officers, will emerge from a cavern under Mt. Brocken next walpurgisnacht and spread terror through the German Countryside. A Fleet of Korsar ships will sail through the North polar opening and attack Novaya Ziemlya and other strategically located Russian possessions. 3,000 Cave men under the leadership of Yucch the disgusting one, will emerge from the Sudeten Mountains and march on Vienna, A Mezop Fleet will sail through the South polar opening and make a diversionary attack against the British Islands in the South Pacific. 2,000 Thurians mounted on Lidi will march out of the crater of Vesuvius and ravage Italy, another force of 3,000 Cavemen, under Skrtch the lousy one will enter France through the Dordogne caves where their ancestors lived 10,000 years ago. and 1,000 Horib Cavalrymen mounted on pedigreed Gorobors will descend from caves in the Tarus Mountains and conquer Turkey.

ONCE MORE FROM HONJI

PHUTRA

The Emperor Honj the Horny repeated his vow to conquer the people of the outer crust of Earth. "Who persist in keeping up that racket so that the people of Pollutidar couldn't sleep nights even if there nights here". He reported that most of the expeditionary forces against the outer crust were proceeding according to plan. In answer to a question from reporters, the Emperor indignantly denied that the latest hatching of Mahars from Phutra has been goriunded as "Herodynamically unsafe".

HARK: THE CHRISTMAS BELLS ARE RINGING
AND THE CHILDREN ALL ARE SINGING:
DANCING ROUND THE CHRISTMAS TREE,
ALL AS HAPPY AS CAN BE:
SEE THE CANDLES SHINING BRIGHT
SHINING BRIGHT AS STARS OF LIGHT,
AND THE GOODIES THERE TO EAT,
LITTLE CAKES AND APPLES SWEET
ALL THE PRETTY PRESENTS SEE
LYING THERE AROUND THE TREE. KOJIOKOJIBYNKN (RUSSIAN RYMES)
