

Alpha & Omega

Issue #33, Aug, 1996.

Alpha & Omega is the official zine of the Miller Number Custodian. Published by: Lee A. Kendter, Jr., 1503 Pilgrim Lane, Quakertown, PA 18951. (215) 529-7552.

Subs are \$.75 (USA), \$1.00 (Canada), \$1.50 (overseas) per issue. Back issues are available. If interested, please let me know which issues, and I can give you a price to get the copies.

I am looking for large blocks of old zines that dealt with variants. If you have a large block to contribute I would appreciate it. I will pay postage up to \$2.90 without question. If the blocks requires more and you want postage and other costs, please write me with the list of zines and what you want for them.

If anyone wishes to submit articles on variants, I will include them in future issues of A&O.

Abandoned Games

If you know of any games not played for at least a year, please let me know.

Outstanding items

1992Xrb32-92HDrb32 will appear next issue.
I still need to catch up on assigning NAVB catalog numbers.

I realize that this issue is long over due. Personal reasons have made it very difficult to get anything done the last year and a half. However, if I don't start getting future A&Os out at least every six months, if not sooner, I will look for a new Miller Number Custodian.

The Pope

Patrice Verry

Retyped for the Belgian Variantothèque by Jef Bryant in February 1992. Based on the rules written by Patrice Verry.

1) All the classic rules of Diplomacy (version 1971) apply except for the modifications below.

2) At the beginning of the game the Pope secretly chooses a country. If this country wins the Pope wins in his place.

3) On each turn the Pope can "excommunicate" a unit which can then only hold in place for that turn.

Additional rule.

4) The Pope can "inspire" a unit which then is forced to obey the order given to it by the Pope in place of its original order.

Translated by Jef Bryant, February 1992.
