PR:

Berlin, 22 November 1904:

Kaiser Harley held audience today with representatives of the press for the first time since consolidating his rule of the German Empire. The Kaiser stated that he intends to continue the policies originated by the previous government.

Included in the Kaiser's plans to insure world peace was a resumption of the Imperial German Circus tour of France. The Kaiser noted "Sometimes the French are most uncooperative. I am sure this gesture of Goodwill will result in a closer understanding between our countries."

Change of address for England and France:

SUBSTITUTES NEEDED

ATLANTIS needs substitute players willing to take over abandoned positions. If you are a subscriber, player or trader, and want to join a game as a substitute, send in your name and tell me if there is any particular game you want to be put into. I'll publish an up-to-date list of substitutes as they are used, both to let people know who is eligible as a substitute, and give them an idea of when they might be called on.

There will, of course, be no fee.

PRESS RELEASES

R-11:  
 Paris;

The year has been officially changed to 1880 and General Boulanger has taken control of the French Government. The significance of this change is not known. His recent speeches have highly praised the King of Italy and the King of England. He is awaiting future word from the Kaiser to see if he will praise him or lecture him on Aristotelian logic.

He announced the launching of the entire navy for Iberia, where it will rendezvous with II Army. Admiral Defarge, when interviewed, said, "I can't stand the Mediterranean. It's awful there and I won't take my men there if I can help it."

## HOUSERULES FOR ATLANTIS

1. Unless otherwise specified, the Rules of Diplomacy and the Rules of ATLANTIS will be used in all new games.
2. Countries will be assigned by player preference, according to a listing sent in by the player. Whenever possible, the player's first choice will be used. In the event of a tie, a random choice will be made. If a player does not submit a preference list, a random selection of countries will be made to provide such a list.
3. Unordered units will hold and if dislodged, they may retreat. Units ordered to retreat to a space not allowed by the rules will be disbanded. Two or more units ordered to retreat to the same space will be disbanded. If there is only one space to which a unit may retreat, the Gamesmaster will order the retreat, but players may nevertheless exercise their option to disband such units rather than retreat them.
4. Failure to submit removal orders will result in the removal of the required number of units as determined by the Gamesmaster.
5. There are two move seasons ("Spring" and "Fall") and one adjustment season ("Winter"). Retreat orders may be called for immediately after or immediately before any season. Deadlines for "Spring" or "Fall" moves will be at least 14 days after the mailing date of ATLANTIS. Moves MUST be submitted by noon of the announced deadline date. Moves should be submitted by mail, on paper or card no smaller than 3" x 5". No moves via Certified or Special Delivery mail accepted. The Gamesmaster accepts no responsibility for the failure of the Postal Service to deliver mail. Phone orders will be accepted by the Gamesmaster only during hours specified in ATLANTIS. The Gamesmaster makes no commitment to be available during those hours.
6. Substitute moves will not be used. However, a player who does not submit moves for two consecutive seasons or who frequently misses moves may be replaced.  
The Gamesmaster may delay the game in order to allow a replacement time for negotiations. The Gamesmaster also reserves the right to delay the play of the game, if such a delay is in the best interests of the game.
7. Players may designate a substitute to replace them temporarily or permanently, with the consent of the Gamesmaster.
8. Standard abbreviations:

|                              |                              |
|------------------------------|------------------------------|
| Nth -- North Sea             | Nwy -- Norway                |
| NAf -- North Africa          | Nrg -- Norwegian Sea         |
| Eas -- Eastern Mediterranean | Wes -- Western Mediterranean |
| NAt -- North Atlantic        | StP -- St. Petersburg        |
9. Dislodged units may give support when the attack comes from the space into which the dislodged unit is giving support. This conflicts with Section X, page 6 of the 1971 Rulebook [Miller's Rule]. Copies of the 1971 Rulebook may be obtained for \$1 from Games Research Inc., 48 Wareham Street, Boston, Massachusetts 02118.

These Houserules apply to ATLANTIS games R-8 through R-13. All other games use the Houserules published when they were formed.
