

Well, I wouldn't admit it ordinarily, but BESEROVIA is the gamezine for 1973IK, which ordinarily appears in EREHWON. This thing is Alcalá Publication #597, edited and published by Rod Walker, "Alcalá", 1273 Crest Dr., Encinitas CA 92024.

Yes, friends, I know I'm late. Now, you'll have to admit that isn't exactly news. However, there seems to be no way I can get rid of it. I tried giving it to TDA, but since there isn't a 17-unit position they can screw somebody into resigning to John Beshara, we have to go on with it 'cause they won't take it.

#### GAMEMASTER JOINS THE DRAWING CLUB....

Spring 1907: It is now the opinion of the GM that the game is drawn. Under the provisions of HR 29, the GM calls for a vote on the draw, which will be declared if a majority of the players vote for it. However, any "no" vote may be accompanied by an outline of a plan of action designed to break the stalemate...such plan not to be dependent on missed moves or other such fortuitous circumstances. If the GM believes the plan has some possibility of succeeding, he will continue the game.

FALL 1907 ORDERS and DRAW VOTES are due on Thursday, 1 May 1975.

I want to take this opportunity to thank you guys. Every one of you has continually submitted orders, and done so by the deadline, and kept this game moving as smoothly as my own erratic publishing would permit. All delays in this game were GM-generated, and none due to you players fooling around. That is really great and I am enjoying GMing this game with you-all in it.

I am going to announce a game opening, to commence when this one is over. This is an advance announcement to you (actually, the game will be by invitation only, and you are all invited if you wish to play). The game fee will be 25¢ a season. I will shortly compute your credit and let you know how much money I still owe you.

Is everybody happy? I am; you're a swell bunch.

CORRECTION. Steve Brooks sent an order correction which got into the wrong file. The order for A StP is: A StP-Mos. No other change.
