7 June 92 at noon.

Convention News....

This here is just the little things that I know that are now coming up. There will be a game day at the Griffon Bookstore, May 23rd from 10-12. I'll be down there running BattleForce or Solaris VII or BattleTech what ever it is that the people would like to have me do. This is on the third Floor of The Griffon Bookstore in South Bend IN. It is a real nice place and I know that we will be having a very good time there.

Then also in South Bend IN the St Joe Valley Gamers will be having a Convention coming up, On June 12 and 13. It will be held on the campus of NDame University. Write to the Griffon Book Store for more information, their address is 121 W Colfax South Bend IN 46601.

The next week end is the Big Mich Con 20 I do believe. I have been married 20 years July 1st so this is Mich Con XX. Boy how times flys when you are having a lot of fun. I'll be running an East Front Tournament, a Harn Master and as well as my normal ACW game. It will be a lot of fun and it should be interesting for one and all. They should have about 2000 people there for this convention and we are getting ready to work on next years games already. It should be a real blow out. Be there or be square.

King Con will be July 3-5 1992 in Dayton OH. Write King Con 92 PO Bx 31174 Dayton OH 45431. I don't have any more information than that.

Then in August there will be Penn. Campaigns at Kalamazoo. This has always been a nice small but a lot of fun con. There will be a lot in the way of historical miniatures at this convention. In fact that is all that will be played at this convention. It is a lot of fun, I don't know if I'll be there yet, but I'm going to try and be there. The date is August 15th

Then there is Gen Con Origins 92 on Milwaukee. This will be a really big big show. I'm looking forward to this show 25,000 people should be at the show and it will be a great time for all. All or a lot of the new stuff will be out there and more people that you can shake a stick at. I'll tell you this it will be the show of the year. This is the convention if you can get to one to go to. It is the big one the best one and the best thing going this year. More games of everything that you could want to play as well as lots of open gaming. I'll be in the open gaming areas from time to time, and I'll be in the dealers area this year with Clash of Arms playing a couple of their games. Stop by and see what good games are all about.

And Con 92 will be Sept 11-13. Write PO Bx 142 Kent OH 44243, call 216 673 2117. They have put a lot of money into this con and there are computer TDM games going on at the convention all the time. Instead of writting people you talk and get your moves in and get results resubmitt moves etc. There are standard games there as well going all it is after all it is a real gaming convetion. They are looking for over 300 people atthis con. I'll be out of town.

That same weekend in New Cumberland PA there will be a convention, the BattleTech East Coast tournaments. This will be held by Games Only, 200 3rd st New Cumberland, Pa 17070, call or write for more information about this convention , it will be for prizes and tournament BattleTech. There will be a lot of games going on. If I did not have other commitments I would have been there as well.

Then in Sept there will be the Emperor's Birthday Convention. I'm not sure of the date yet but I do know that will be a lux dinner of a show. Look for me at that convension as well.

Paris-Berlin: Oh: I'm afraid the French Army is still operational.

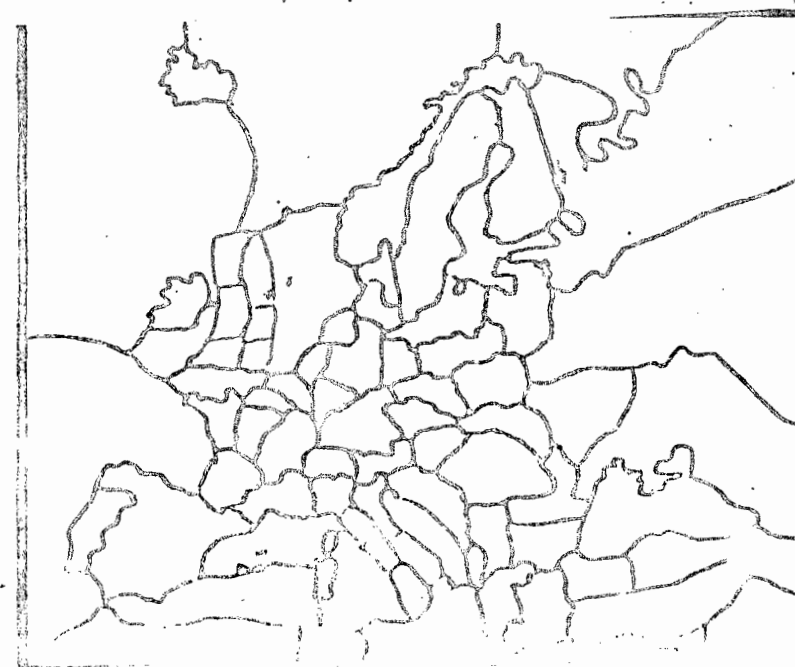

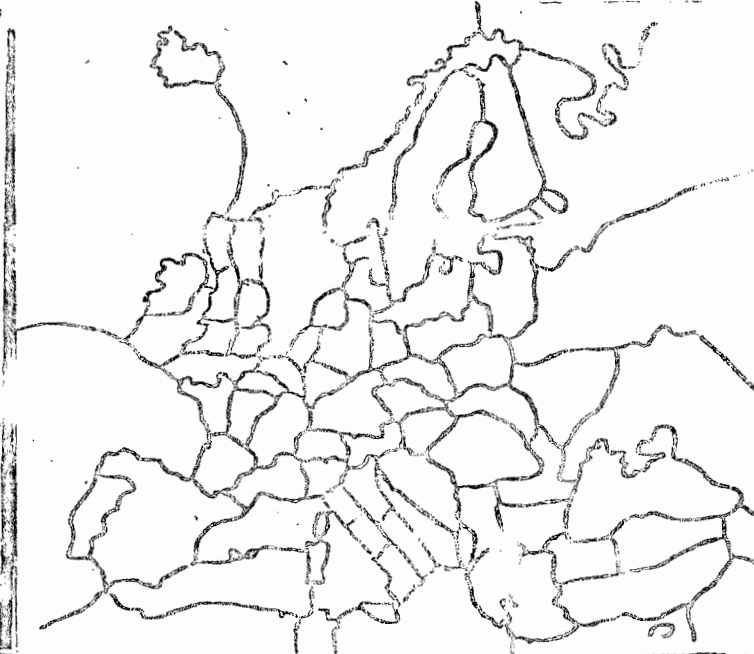

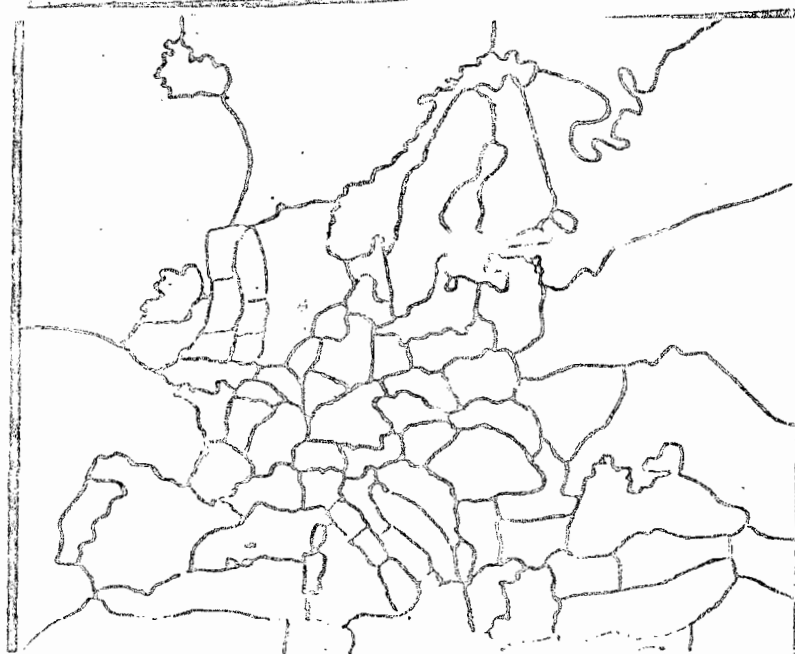

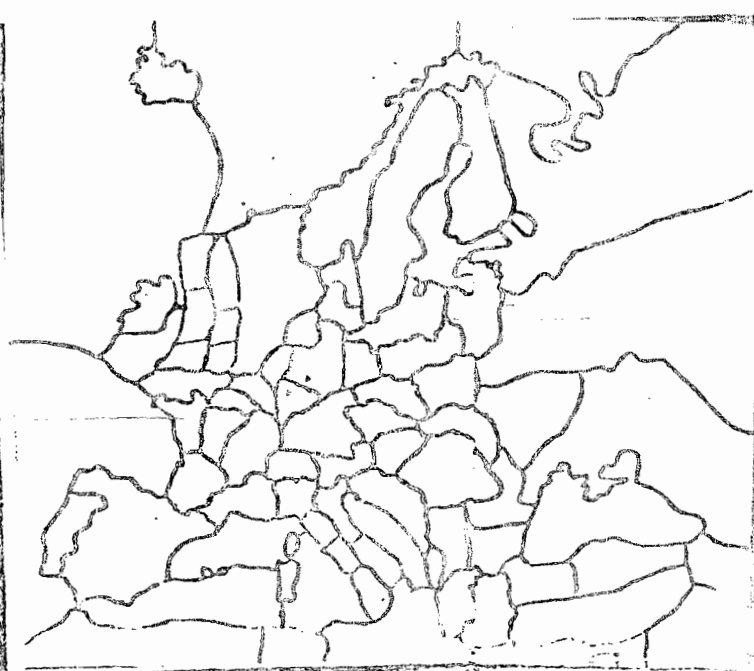

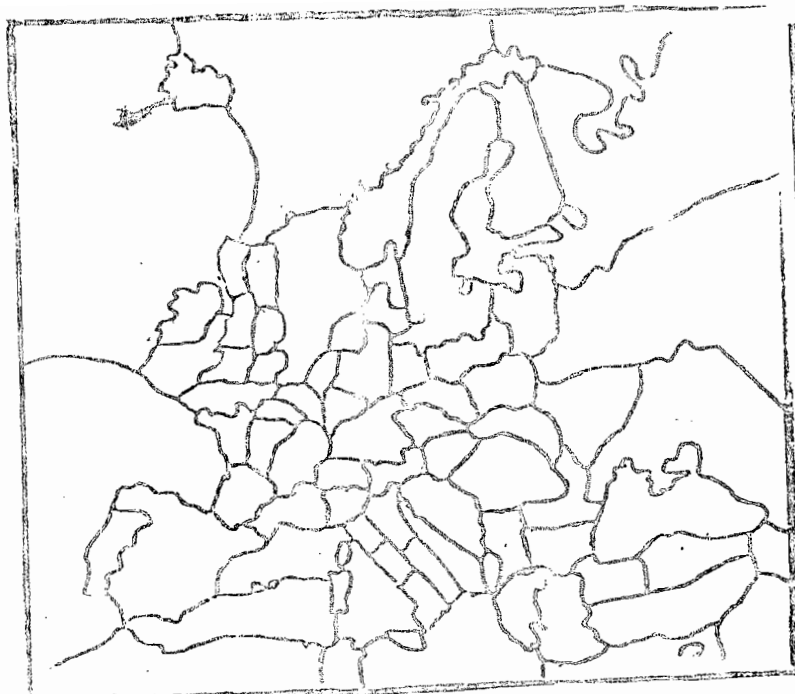

Paris-London: Have not heard from you in some time... Stop. An alternative needing discussion.../Stop Write soon... Stop

Gen-Man: Why Waste a good ally?

Mos-Ber: Thank you for your support. I learned a from your leadership. Seminar Winter 1905 Take a look see was the best.

Mos-Par: Sorry I won't be giving you Russian lessons. My folks are trying to learn German and Turkish.

Last weekend I was over at You gotta do what you can Con in Ferndale. It was hosted by Bob Marshall. It was a great time. There were games going on all day and there were about 150-200 gamers at this convention. I ran a ACW game that went very well. It was over too soon but otherwise it was a great game. We got started on time and everything. Then I played in a BattleTech game where two clan Star fought each other and well we destroyed three of their Mech and one was hit very badly and we lost nothing a couple of Mechs hit only, Hmmm these were goodplayers??? and then did a little bit more but from 9 AM-11PM games were going on a really fun day for miniature gamers of all types.

What is new?

Command Magazine from TSR has come through with #16 the game in this issue is 1918 Storm in the West. This could be a very good game. This situation was very fluid. Makes for a very good battle or game situation. Even if you do not like WWI this is a great game situation to play. Take a good long look at this game.

Clash of Arms has come out with a couple of games. The newest one is Chancellorsville. This is an ACW game that has two maps and was designed by Richard Berg. Great looking game good battle large and well there is just a lot of things in this game. Look for this game to be a very playable game, though you will not likely get the same results in the same way that the real battle went. It looks great and I'm looking forward to seeing more of this game. Then from the Winter Storm series they have come out with Prelude to Disaster. The prices are \$40.00 and \$34.00 each. Both games have good graphics, good sound rules lots of counters and bells and whistles as many people say today. If you are a hardcore gamer then these games are for you. Chancellorsville can even turn people just getting into this hobby on. It is that good of a game.

TSR has come out with there entire april releases. They have the Fiend Filio back in the form of the monster Compendiums. They have Monster Mythology book, Gamma World is back for the fourth time. plus novels and modules.

RAMA has come out withna new box set this is called The Bone Warriors. It is a \$20.00 set of figures. These are very nicely done figures as well they have been coming on really strongly as of late. They have also come out with 12 Fantasy figures at \$1.75 for player character Male and Female. as well as 3 armored cars from WWII in the 20MM scale.

Thunderbolt Mountian Mini has come out with two 25mm Dragons, They have the Bronze and the Blue Dragons. at \$27.00 and 20.00. Nice looking items there.

Leading edge has come out with the Aliens Role Playing game agai as well as the Queen's Lair a minitature set, the fourth in the Aliens Miniature series.

GDW has been very busy they have come out with Command Decsion II and the Armies Of WWII. The first is a rewrite of the various rules that they had out and now is \$35.00 but covers WWII and the Modern period. The armies is a listing of weapons and OB to use with the game.. Bloodly Kasserine is a board game they have come out with. I do not think that it is the old Conflict game called Kasserine Pass. In fact it is a beginner type game, there is not too much to it, thougha good solid package at \$18.00. Thsi is once aggin a very good gamming situtaion. It is nip and tuck all the way. They have also come out with Troubled Waters for Harpoon. This covers the middle East mov.

Road to the White House

Mayfair Games \$30.00

The Road to The White House, is one of the games put out on the elections that are coming up. There have been many good games on this type of things for years. They all get dated though, if they are any good. Road to the White is not a game that will really get dated. It is fun to play and it is a good game for anyone that would like to know more about the way to run for the high Office. This game might seem a little pricy, but you are getting a lot for your money and I'm very sure that once you play this game you will play it again and again.

What do you get in this fine box for \$30.00 well you get the simple rules and then the expanded rules. you get lots of plastic playing pieces Event cards at least a couple of decks worth of them, Dice, Candidates book, list all of them, cards for the candidates so that you have this right in front of you at all times. A deck of 25 issue cards and a booklet to allow you to make your own candidate and sheets to copy off so that you can keep track of all the votes that you are going to get a create. I even got a game with the Clinton, Bush, and Perot so I can play a run off of all the elections before they happen. That is not normally in the game I got that as an extra because I know the people that made this game, and I know the game's Designer. I forgot to mention the mounted map and the Plastic tray inside to hold all this stuff. You are getting your money's worth with this game it is heavy and it is filled right up to the top. Good stuff in this game.

This game is a good game in that it does some things that other games don't do. The movement is all by air and depending how type of aircraft you take you get to only certain places from certain areas. When you are in a city you roll the dice and that is the color of the airline that you will take to get some where, and they are all different. Or you can buy a first class ticket and travel to any major city you want. When you get to a place you record the vote that is in that city and place it on you state total, then when the campaigning is over it is a matter of who has the most votes in that state get the votes and you can see if you elected.

There is a simple game that is stripped down for kids and people that do not want to get into all the meat there is in this game. This game has just two pages of rules. It is quick and gives you a rough idea on the election process. Then there is the meaty game that has issues, candidates have stands on issues, you get surrogates out there to do your work, take in money in different ways spend it in different ways etc. Various events will come up that will have different things happening to you or the election. There is a lot of thinking and a bit of luck in this game to make it really go. With certain issues you will want to get some hay and other issue you will want to bury quickly. They all only last for so long, but they can be brought up again. There can only be so many issues on the burner at one time. You will want to be certain places when these issues are in the limelight and keep away from others. It all depends on how your candidate stands on certain issues. You can even allow you views on issues and make your self up and see if you would be elected.

There are all sorts of things that you can do with this game, that makes it so good. The one thing that I did not like is that you had to put the stickers onto the plastic pieces. Also the sheets to make up your candidate seem a bit complex, and the rules are some what vague in a couple of areas. Also making up your candidate will take quite some time. Don't plan on playing a game and make you your candidate, in one night that will take you about 6-10 hours to do. Making the candidate is or can be a hard thing to do and then write it all up... It is fun but it will take a bit of time. What I do like about this game is that it is very open ended and you can do a lot of things that you never thought that you would be able to do. It is a good game no matter what your interest. I would suggest that you take a look at this game if you like to play games at all. Good Art, good production and a good game. Buy it.

BOAST is now 20 years old. Started in Sept 1971 BOAST has come out every third week since then. Appox. 17 issues per year. There have been up and downs with this zine. Over the course of the last year or so the use of the maps has helped the GM and the players in the games. Started in Zeeland Mich in 1971 BOAST Moved to Batavia IL in 1981, and then to Detroit in 85. During the time span of 20 years only 2 issues of more than 300 came out late. Both of those were with in 24 hours of the deadline. Not the best record, but one to be proud of. Well over 50 games have been completed through this zine. Almost 60 games have been started on these pages with some still going. BOAST is the working magazine. We are not pretty, we are not fancy, we just get the job done fairly quickly. Now each game has its own page to make finding the game and keeping track of the game easier. All this for \$12.00 game fee, that includes the sub, and if you start another game while you are in a game it is only \$7.50. There is a game opening now.

Why did I get this issue??? Well if you have never heard of BOAST and you have just gotten into the hobby?? Well I found you name somewhere on someones list, and I'm sending you a free sample of BOAST. Maybe you are looking for a game, I have them open, maybe you just might want to subscribe? This is a sample and do with it what you would like. It is also your invitation to come on and join in on the fun!!!

BOAST runs on very strict 3 week deadlines. The deadlines are noon on Sunday. Boast is then mailed either Sunday night or Monday morning. We like to have press in the games and I enjoy writing some of it myself. BOAST is a home town zine with a lot of friendly people and friendly reading for you. If you are a gamer like I am you will like all the news and views on the games coming up and so forth. BOAST is available from Herb Barents, 17187 Wildemere Detroit, MI 48221. Make all checks payable to Herb Barents.
