FIRST REAL NMR! NEXT DEADLINE DELAYED!!!

At the noon CDT deadline, we had 5.5 people technically NMR. We were able to catch 2.5 at home Saturday. Greg Kuntz had just moved but directory assistance had no phone at his new address; so was declared NMR. We talked to Ken Mikolaj's answering machine about 1330. Mike Anchors had sent us E-mail as recently as Thursday night; no answer at his number (probably off at Atlanticon). Well, we caught up with Mike and Ken Monday night, but Greg is still *incomunicado*.

We have decided to push the next deadline back a week for a couple of reasons. 1. The rash of NMRs. Perhaps an extra week will allow y'all to get your acts together. 2. There are 9 weeks involved in the Jul-Aug-Sep period. So if we do it normally there are 4 weeks between the JUL and AUG publishing dates, then 5 weeks between the AUG and SEP dates. This way it becomes 5/4 rather than the natural 4/5. 3. Ms Nar promised my MI relatives we'd be up this summer, and the only reasonable time to go would include 1 Aug. 4. AvalonCon is 29 Jul-2 Aug, and with proper planning, we could work it into the MI trip. While Ms Nar isn't much for Cons after gaining her MS State NAVAL WAR crown some years back, the thought of actually meeting the likes of Pope Brad, Mike Anchors, Flapjack, the Selenic Sycophant, Dick & Julie Martin, and Linda "Family Business" Courtemache has her interest piqued. That, and raiding every shopping mall within 50 miles with Lisa "CHARGE IT!" Saunders, might be enough to tilt the scale. Now if I can convince my bosses that I don't need to stay in town to complete work on that talk I have to give in NH...

BORIS'S BBS

Dick Martin tells me that FAST TRAX will soon make a triumphant return. That's good news to the several of us that have had games there on stasis since Jan. On the other hand, since it's free we can't bitch too much about delays can we? Dick says he'll send me details on the Coalfields variant, so perhaps our next 1830 section will be devoted to that mutant.

ALTERNATE ALERT: Will Mark Frueh submit back up orders for Greg Kuntz for "Greed is Good"? We shouldn't need them, but just in case...

Thought for the Season: He who attacks must vanquish; he who defends must merely survive.

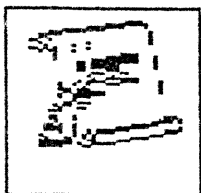

BOOS & KUDOS

This month's BORIS Eagle Eye award goes to Paul Zieske for pointing out several errors.

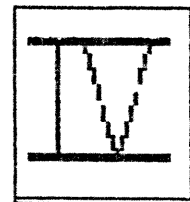

This month's Madame Bolduc Press Excellence Award goes jointly to Jack Shacklett for his SEVASTOPOL SENTINEL article in BORIS V and the authors of the machine pistol ad in BORIS V and the "Ralph to Master" ad in MAGIC REALM. Good work gentlemen! How about some effort from the rest of you?

This month's Ms Nar Super Sudsy Bomb goes to Mike Anchors, Ken Mikolaj, and Greg Kuntz for "tardiness beyond the call of sanity."

DEADLINE for all games is noon CDT on 8 Aug 92.

RUSSIAN LOGISTICS BUNGLED! WORMTONGUE STRIKES!!

SPRING 1902

Wormtongue's Austrian forces have wiped out a Turkish army and interdicted a Russian supply train into the northern provinces of the Empire. True, there still is a Russian army plundering BOH, but it is cut off from its fellows and its critical lifeline of domestic vodka. More disturbing to the Porte must be Italian complicity in the deed. Could a new Crusade be forming? France's supply train was successful and now Germany would seem to be the target of a (maybe Anglo-) Franco-Russian alliance.

LONDON--The Commons and Lords alike are outraged at tales of atrocities from the Lowlands of the Continent. Measures to build more fleets in the massive German buildup received overwhelming support by all parties. The reserve fleet has been activated in London by decree and many sailors are even now reporting for a protracted service. The military has begun activation of its reserve units but equipment shortages threaten to delay any expeditionary forces.

Parliament did declare Denmark an ally by the Oslo accords and warned the Kaiser of any aggression to the North. The Parliament expressed a desire for His Majesty's government to implore the Tsar Paul III to aid in the securing of the North.

FRANCE ATTACKS ITALY--IN AUSTRIA!! KAISER KEEPING LOW PROFILE

Spring 1902

France's peripatetic 1st Army found its wanderlust checked when it attempted to leave MUN for TRL ahead of an expected German attack. Well, the attack never came, but the French saved the Austrian A VIE from dislodgement. Who can figure? Meanwhile the Tsar vacated Austrian soil while invading Germany. Should Turkey and Germany be put on the endangered nations list?

WASHINGTON--State Department experts are at a complete loss to explain the mayhem being perpetrated on the Continent. At first it looked like France and Italy were just out to settle a few old scores, but it's gone well beyond that. The consensus is that this is no flash-in-the-pan conflict; be prepared for a protracted struggle and the fall of several Empires.

Boris World Press Review

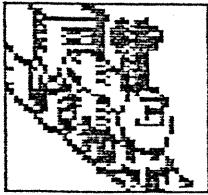

SEVASTOPOL SENTINEL--"Treachery and Deceit!!!"--Previous reports of Turkish involvement in Cossack knockoffs have proved unfounded. Intelligence experts rummaging through the debris of Jr Subaltern Ivan Ridehorsavitchki's patrol, (and was there a lot of debris, bones and gristle everywhere), found EVIDENCE of Austrian secret service involvement. The full facts have not been released but the Tsar Smiley One-eyed Jack is enraged that his forces may have been duped by a perfidious Austrian. Ivan commented, "I just shoot them and let the Tsar sort the bodies."

Yes this unbelievable deal is available only at Abdul's, your local purveyor of mayhem. Note: Due to unsettled economic conditions, all future payments must be in gold. We regret this inconvenience, but the demand for the marvelous machine pistol allows us this small necessity.

ERRATA: That last share of NYNH&H cost TJ \$67, not \$65, since it was a par share. Thanks to Chuck for correcting me. Last month's map was grossly in error. Purge Phase: Mischif purges N (13+2) and P (10+2), but fails to purge D (4); ages 5 SP to 73.

Spy Investigation Phase: Y and X are uncontrolled, so Mischif ("I", KGB, 3b) opens investigations of X and Y, then condemns K to Siberia. Ages 4 SP to 77.

Health Phase:

Mischif (I) at 77 swims 20 laps a day. No change.
Badenuff (X) at 54 runs up 20 flights of stairs daily (Soviet elevators, you know), no change.
Putschnik (Y) at 52 jogs 7 miles a day, no change.
Krakemheds (E) at 72 does 11 pushups daily, no change.
Zenjarplan (Q) at 60 does 13 reps a day, no change.

Due next time are the Funeral Commission, Replacement, Rehabilitation, and Parade Phases. As it now stands, Foreign Minister Badenuff (X) is uncontrolled and so will nominate Mischif (I) as he is the elder. Should X be controlled, he must nominate either I or Y. In either case, there must be an election, and three "NYET" votes will veto the nomination. With only five current Poliburo members in play, and X and his nominee prohibited from voting "NYET" (but not from abstaining), conditional orders for all four phases shouldn't be too difficult. Indeed, just submit "DA/NYET" votes for I, Y, E, and Q. Anyone trying to control X is requested to list secondary nominees in case the first fails; a priority list is suggested since the second nominee must be from the "NYET-sayers". We will stop play if a 2nd Level Politician becomes Party Chief and his controller has submitted no Replacement orders for him. **Continued on page 10...**
