BORIS THE SPIDER

A Journal of Duplicious Doings, Raw Power, and Naked Greed

"Oh, what a tangled web we weave
When first we practice to deceive."

JOSEPHINE MISSES!

The highlight of the last month was the sudden birth, growth and exit of Tropical Storm Josephine: she just had too many parallels to Hurricane Opal to suit the folks down here. We ought to be out of our prime season for storms, so that's hopefully as close as one will come this year. Hmm, Wayne was in St Louis this time.... Eh, what's this about Hurricane Lili?

Boris has been skulking about the Web of late and was particularly impressed by the 1835 graphics under <http://www.rtis.com/nat/user/18xx/default.htm>. Also news there on a slew of 18xx games you probably didn't know existed. Could a "Boris the Spider" website lurk in the future?

STANDBY ALERT: I need standby orders for the following position:

STELLAR CONQUEST: A position may be opening soon. Inquire within.

BORIS'S BULLETIN BOARD

THOUGHT FOR THE MONTH: Diplomacy! I just adore diplomacy! Everyone dresses so well.

--Luozanna Trol of Beta Zed

AvalonCon will be held at the Hunt Valley Marriott 30 Jul-2 Aug 97. With Wayne going to Saudi Arabia, I need to find another potential roomie and carpooler. Ron? Jack?

Speaking of Wayne, his temporary address (until early December) is: 12414C Lighthouse Way, Creve Coeur, MO 63141.

Dan Farrow has changed e-mail addressees again. It's now dwfiv@icdc.com.

Ethel the Frog, a subzine of Jamie McQuinn's *Crossing the Rubicon*, is starting up a game of PAX BRITANNICA. Contact Rob Lacy, 315 Ellington #102, Nacogdoches, TX 75961-3933; e-mail Z_lacryf@titan.sfasu.edu.

The Zine Register (ZR) is due out soon and editor Michael Lowery (address on p 19) is looking for reviews of 'zines to incorporate into the issue. Submit reviews of ten different 'zines and get this issue free. Deadline is 1 Nov, methinks, so hurry.

BOOS & KUBOS

This month's Madame Bolduc Press Excellence Award (and free issue) is awarded to John Butitta for his LIFTOFF! and MAGIC REALM article

There will be no Ms Nar Super-Sudsy Bomb this month. Something about "October skies" and "fantabulous nights", I'm told.

PEACE PROPOSED!

IX

Fall 1988

1995X

CLEARWINE: A Peace Proposal has finally emerged from secret talks being held in Geneva. Announced by a very nervous President of Switzerland, the call is for Russia, Germany, and England to lay down their arms and to accept Austro-Italian hegemony. England is likely to be the stumbling block to the agreement, since, secure behind her seawalls, what's in the deal for her? Austria can bag KIE easily and will eventually win a guessing game with the exiled Russian army to capture Scandinavia for 18 centers and victory. Can the puppet Italy be induced to turn on its master rather than risk a loss?

FRANCE INVADED! New Govt to Form!

Spring 1984

1996G

ERRATA: Turkey captured SER from Austria, so Turkey was Build 4 (but could only build 3 due to only having 3 home centers) and Austria must tear 1.

MINAS MORGUL: Even under partially new management, the Italo-Turkish team continues to grind down hapless Austria, while their next victim, Russia, myopically focuses on his lost capital. The Germans seem hellbent on PAR and a rerun of 1870. Will England and France unite to face the Hun? Will the incoming Mrs Osborne government be up to the challenge?

French A Bur must retreat otb or to MAR or to GAS. Austrian A TRI must retreat otb or to BUD.

Due next time are builds/tears and orders for Fall 1904. Deb Osborne will be playing the French position as of Fall 1904.

EMBASSY BEAT

London: The English Admiralty issued what can only be termed a stern warning to the French naval forces that the Royal Navy will not tolerate French encroachment on the approaches to the British Isles. Also the government announced it has dispatched an envoy to the Tsar in hopes of patching up the difficulties prompted by the Army currently ice-bound in St Petersburg.

Paris: The silence from the English/German Alliance is overwhelming; offers of peace have been ignored and is cause for alarm in both France and Iberia. With Turkey doubling in size and Italy in chaos what can we do but send support to Italy and hope that E/G will not invade our fair country.

BORIS WORLD PRESS REVIEW

Paris Union--Due to the military's failure to clear out the Belgians, the Morrison government has sued for peace with Germany and will cease any attempt to impose French order to the European chaos. The French government fears that the Turk in the south and an apparent English/German Alliance spell doom for all.

CLASSIFIEDS

PRESS:

"I can assure you it is so, Duchess," Michel replied in his grating monotone. He tapped the large leather bound ledger with the double-headed eagle symbol of the Duchy of Grand Fenwick embossed on the cover. "The Duchy has exceeded his budget for the second year. The proceeds from Pinot Grand Fenwick sales have not met the estimates in the Duchy budget. At this rate, the Duchy must consider annexing itself to a larger country in order to get an infusion of funds." "Michel, you are an accountant, not a policy maker," Duchess Gloriana shot back hotly. "Nonetheless, I can assure you..." droned the accountant again. "No more!" shouted the Duchess. She sagged back in her chair, rubbing her forehead with the tips of her fingers. "I hope Kakint's space program will be the answer to our people's needs," she sighed softly.

Treachery, Earthquake/Volcano, Superstition, & Famine are surely out; Slave Revolt and Barbarian Hordes could be out. This is where it starts getting hairy. The players with the non-tradeable cards (Earthquake/Volcano, and Famine) should consider informing many secondary victims (and Famine must have at least one) what they're going to lose so they can include it in their orders.

Due next are your trade orders, as many calamity orders as you can, and your preferred Civ Card buys. Remember, you can only hold eight trade cards at the end of the "Acquire Civ Cards" phase, and that if you don't start turning in 2's and 3's, Treachery, earthquakes, superstition, and famine are going to occur with distressing regularity.

Since we have an e-mail-only player in the game, I'm going to forgo the customary map and go with a board listing.
