PRESS RUSSIA TO FRANCE: With Grandma's at 60¢ this game better end soon!

RUSSIA TO GM: Sorry I missed you, but the only TV I watch is Twilight Zone reruns. Ever been on that?

FRANCE TO GM: If France is four one center powers that are loosely allied, does that mean I can stab myself?

TURKEY TO THE GM: Okay, you can name your own kids, but really now, doesn't Cuthbert Lischett and Cynthia Lischett have a nice ring? Ask Carolyn what she thinks! I'd like to see anyone come up with more original names.

GM TO THE TURKEY, THE FRANCE, AND THE RUSSIA: What am I, the Shell Answer Man? Now that the game's over I don't have to answer any more.

FRANCE TO TURKEY: So, start telling already. You could start with the half lotus and work your way up to the full lotus, or you could just take the plunge and explain how you get your legs untangled after.

FRANCE TO ITALY: Do you ever get the feeling that what we have going here is a dynamic stalemate line?

CON TO SEV: Second verse, same as the first - into the valley of death rode the six hundred, theirs not to reason why - since every Turk knows full well the answer!!

TURKEY TO FRANCE: What's it like being on such a fluid front? Ah, the flow and ebb of so many units in ever-changing patterns. And you're in the middle of it all. What a story you must be able to tell!

TURKEY TO ENGLAND: Funny you should ask about the Yellow Brick Road. Let me just say, for now, that all roads do not lead to Rome!

TURKEY TO ENGLAND AND FRANCE: Some day, my prince will come! You Western Liberators need to get it in gear. I'll keep looking at the horizon!

TURKEY TO ENGLAND: Not Tunis!

TURKEY TO ENGLAND: Berlin? You're getting warmer!!

TURKEY TO ITALY: Viva Italia!! Bring the cost of the war home to them. Nothing can stop the Green Machine!

ENGLAND TO RUSSIA: You are a classy guy too!!! I mean we trust each other completely, right?

ENGLAND - FRANCE: Here we go again!

ENGLAND - TURKEY: All that glitters is not gold and the treasures of this world are often easily lost.

As expected, the E-F-I-R-T draw proposal passed... unanimously (no non-votes). Any endgame statements received by September 15 will be run with the statistics in next issue. Congratulations?

LONDON, 2525 A.D.: The United International Archaeological Association today announced the discovery of a new underwater continent in the Mid-Atlantic Ocean. Named Stalmatia, the continent is apparently a fossilization built on the remains of a huge British fleet, which appears to have been scuttled about 5 centuries ago. Historical documents located in one of the fossilized ships indicate that the ships fought continuously for over 100 years and were eventually scrapped and replaced by newer models of nuclear ships which are now believed to have caused the great holocaust of 2026. Historians and archivists are investigating the site in hopes of learning more about the mysterious circumstances surrounding the nuclear explosion and the obscure conflict preceding it.

MOSCOW TO CONSTANTINOPLE: Have patience, and bear with me a few more seasons. France and I have a magic trick that we wish to perform. After all, how long can it take you to submit a few lines of moves once a month? Send me a blank, autographed piece of paper, and I'll write your moves for you if you like. You're in good hands with Punkstate.

The last set of proposals failed. There are new proposals for E-R-T, R-I-T-E, and F-R-I-T-E. Vote!

PARIS - BUDAPEST: Hold on, I'm coming.

PARIS - LONDON: Please tell the Laziest Fleet not to move west.

TO ANYONE EVEN THINKING OF DEALING WITH PETE FUCHS: DON'T!!! Have nothing to do with him! Make war upon him, fight him relentlessly, to the last drop of his blood. There can be no peace in the world until his insidious presence is expunged from the globe. Turkey, don't be lulled into future post-Austrian cooperation with the odorous one: Fuchs will hoodwink you and you will soon follow in Austria's wake. Russia, steer clear of him as well. Fuchs poisons everything he touches! In the name of humanity, in your own self-interest, destroy Fuchs!!

TO THE ODOROUS ONE, FROM AN ADMIRING VICTIM: Well played, Mr. Fuchs. Such a display of Diplomatic mastery I have never seen. Your finely spun web of deceit moved me, thrice burned, to trust you again!! So sincere. So intricate. So irresistably believable. Touche, Mr. Fuchs! And a word of caution for the rest of you. Steer clear of Fuchs!

FROM ALL EASTERN POWERS: Sounds great!... Who are you?

SWEDEN: Liberated once again from the scummy English, Sweden announces its true loyalty to the Great Mother... Russia.

FROM THE MOST VILE, DISGUSTING & NAUSEATING COUNTRY IN EUROPE: Oh yea! I bet your mother wears army boots - NAH-H!

QUESTION: Is Italy & Germany leading the combined forces or being pushed by France & Germany? A reply is requested.

MOS - BER: The strong ties of blood which once tied the peoples of Germany & Russia together in mutual trust & defense were seriously strained today when it was discovered that the Germans were sacking, pillaging and destroying Warsaw. It is now thought that the Germans are scummy dogs and an immediate retreat from Warsaw is herewith, forthwith, nearwith & nitwit-h demanded! (So there!)

MOSCOW - PARIS: One day you'll remember that you said that...

ALDO CELLA *continued*

FRANCE IS ON THE MOVE
(sung to Johnny Comes Marching Home)

France is on the move again
Hurrah! Hurrah!
He's going to stab more allies then
Hurrah! Hurrah!

First he'll kill the awful Hun
Then give the British the gun
And he'll keep on marching down
thru Rom, thru Kiel, thru them all!

Dumb! Dumb! Dumb!

France is cheering his allies on
Hurrah! Hurrah!
To sneak up behind them then
Hurrah! Hurrah!

To steal their centers left & right
Just like a thief in the night
And he'll keep on marching down
thru London, thru Con, thru them all.

Dumb! Dumb! Dumb!

MOS - LON: The peace ratified in (CHEESECAKE #42) F'02 has been torn, eradicated & burned. The ashes were spread in Sweden so that currents could carry them to English shores. Outraged peasants stormed the English consulate dragging out the 25,000 released English prisoners. A sharp increase in burials has resulted.

MOS - WORLD: Czar Stebbins, hung for his atrocities on the free peoples of Europe, has been vindicated of all charges & is now a martyr to the cause. Czar Sweeney vows to follow the noble examples exhibited by Czar Stebbins to his enemies & to exhibit the kind hand shown his friends. So be it!

Bob has a new address. It is... 7273 Vaughan, Detroit, Michigan 48228.
