Thanks for the memories....

Seriously, though, I'm glad to still be around publishing Diplomacy material. Someone commented recently about Diplomacy players moving around a lot. Well, I've lived in this house for a while, but there is a good chance for a temporary change during the summer. That is, from July 3rd through August 6th I might be in Chicago. Note that I've used MIGHT. It is still not definated.(Never heard of that word before, but hmmm).

As one can see, this issue might be long. This depends if I fell well enough to type a lot. Yesterday I had the flu, and I still don't feel well. Tonigh'ts passover dinner, and I don't know if I'm going to be eating the mmm mmm good Turkey (which I smell) and the mmm mmm good Matzo Ball Soup(well, maybe not so much of mmm mmm good there) and the stuffing, cake, etc. Coming over heare are, collectively, one brother, one set of parents, one grandfather, my only aunt and uncle, and my little cousin(She's not that little any more).

Dave Kadlecek thought that his nmr shouldn't have occurred (he noted that 74Fdi had his orders). However, Dave's orders were received late, and I hadn't typed up 74Fdi yet, although I had typed up 75Xcv. Sorry, Dave.

There are 3 retreats, these (Summer) are due along with the Fall 1909 orders and the fall orders MAY BE MADE conditional on these retreats.

Some notes----THE DEADLINE FOR ALL GAMES IS

This typewriter's return key is not working well, and I don't want to get back to old unreliable(actually the Underwood is reliable.).

Well, this is an anniversery issue, so I might, well, as well dedicate this too a few people: X Lee Kendter, Sr., for GMing our guest GMed game, Marc Lubin, for allowing me to kill off some of your dungeon expedition a couple days ago and the Sears Typewriter Co. for not being as good as that coffee taste tester who rejects so much coffee(its too inexpensive). You must buy all the ones he rejects.

On the next page is our next installment as a detective, as wwe see Colin go to Las Vegas which means the vegas(or open plains )

The Owl With White Sideburns  
Chapter 3

We return to our friends in Las Vegas, NV after a well-earned sidetrip to North-Field, Mn. We begin this story at the ULO S. EALOT Casino and Boarding House just outside of Las Vegas near the strip.

Welcome to ULO S. EALOT

Here are the simple ways of winning:

1. Convert all your money to nickels, dimes, and quarters of a ten-thousand dollar bill.
2. Bēt itall on"000" on the roulette wheel.
3. Hitchhike Home.

Needless to say, ULO S. EALOT was in grave financial problems after its founder died and was buried last week. Colin had come here because of a note which said the owl with sideburns was here.

As they entered the smoke-filled joint, they found a brown clue, a very special brown clue whose name was Florence.

"My name is Florence" said the brown clue named Florence.

"Your my 8th cousin on my 2nd mothers side" shouted out Go

"Go!"

"I don't want to leave."

"You always were a dummy," continues Florence, "I wrote that note about the owl."

"How do you know about the owl?" inquired Colin.

"I also played Diplomacy with Mr. Mx Noon, always at tnight."

"You said the owl was here?" asked Go.

"I meant I could hear it, not here it!"

"You---"

"But, anyway, the owl is now in a Carribbean Island called San Sui"

"That doesn't sound too Carribbean."

"That's because it's got its name from Fuji Kokomoko, famous Japanese Phirosopher and Gambreñ."

"Well, then, lets go to San Sui."

"Not so fast. You must pak certain necesseties."

"What necesseties?"

"Food, water, and money?"

"Istn' there food on San Sui?"

"Yes, but have you ever tasted Japanese cooking by a Japanese?"

"Water's water."

"Yes, and I knowthat you love H<sub>2</sub>O with NaCl."

"And why money?"

"so you can gamble at ~~Kamok~~ Kokomoko Casino and Hospitl."

"Look," cries out Colin, "That sign says the next flight to San Sui Semi-Tropical Semi-International Semi-Planeport leaves in a simple second and hour."

"Then," says Florence, "I must go to my mother, who's in a garage."

"What's she doing in a garage?" asks Colin.

"She's a carñ."

AZ and therefore we leave you for a moment.

chptr 4

"Yako siko yike dige rixe uki viki suwktery" uytred sa uytra zikhcga

"Flight 7.876 to San Sui via Chñp Suey Airlines boarding at gate 3" announced the loudspeaker in Japanese and English.

With this announcement, Go and Colin boarded the AC-10 to San Sui.

"Can you show us where our seat is?" Asikè Colin?

"I might," said the stewardess, "but it is, er, a little embaessing."

"I don't mean that seat, but our place to sit on the plane."

"You don't sit on the plane but in the plane."

"You know what I mena."

"You have seat 8A and the clue has seat 8B."

Once again we have a short issue. PLEASE CONTRIBUTE SOMETHING---~~ANYTHING!~~ I'll pay you 2 free issues if its over, er less than 1 page AND 4 FREE ISSUES OTHERWISE(That's worth \$1.20). PLEASE??? Next issue...

In the next issue (Already written)

1. How to win as Austria without Really Bribing;
2. Our usual games;
3. Our usual press;
4. The continuation of the Owl With White Sideburns;
5. "The Politics of Industrialization"(or some such) by Terry Lucero
6. Anything else this person can get his hands on.

Because of the lack of materials in this ANNIVERSERY issue; I christen next issue to be the anniversery issue. April Fools..

The deadline for all games is:

MONDAY MARY MAY 2nd

except 1976ID(see special supplement) Special supplement mailed within a week...  
except 1977CG which is due APRIL 22nd 1977

NEW PHONE NUMBERS(Ignore those on page #1):
