Dear Hal,

Here are the CN games with all the needed info. If you are smart you will make Greg pay for the extra postage. If you want you can start them under a CN heading in ADAG. Game 1967J should start with Spring 1904 and 1967T Fall 1904.

Greg said he sent you the High Liver ~~xxxxxx~~ economic game. If you are going to run it as an economic game I will play, but I do not wish to start anymore regular games. And that ad I sent in my last letter (MONEY WANTED) if Greg asks for it please do not let him see it until it comes out in ADAG. Thanks.

Jerry White and Kevin Roark just popped back into Seattle last night. They went back to Wisconsin for a war game convention and stopped here overnight before they journeyed back to Portland. It is 8:30 am Friday morning and they just left for Portland about 15 minutes ago. I think I will go back to bed...

Thanks,

  
Doug
