Latest from the New Vatican:

Her Holiness, Joan II, Pope Hereditary and Militant of the Whole Catholic Church And Then Some, has made it official: She is in fact a candidate for Hobby Queen. Her Holiness is shown here in a sketch made from a recent daguerrectype made by the famous Catalonian artist Baplo Bigasso. She is attired in typical informal banquet dress...specifically, the gown designed for Her by Pagan Dior for the 1980 High Holy Paschal Masked Ball, Transubstantial Orgy, and Immaculate Bingo Banquet.

After announcing Her candidacy, Her Holiness allowed Herself to be interviewed by Walter Hangtight, a reporter from Playbeing who qualified for the privilege after an examination by one of Her Holiness' physicians. Walter began the talking part of the interview a little out of breath, but that was all right because Her Holiness did most of the talking.

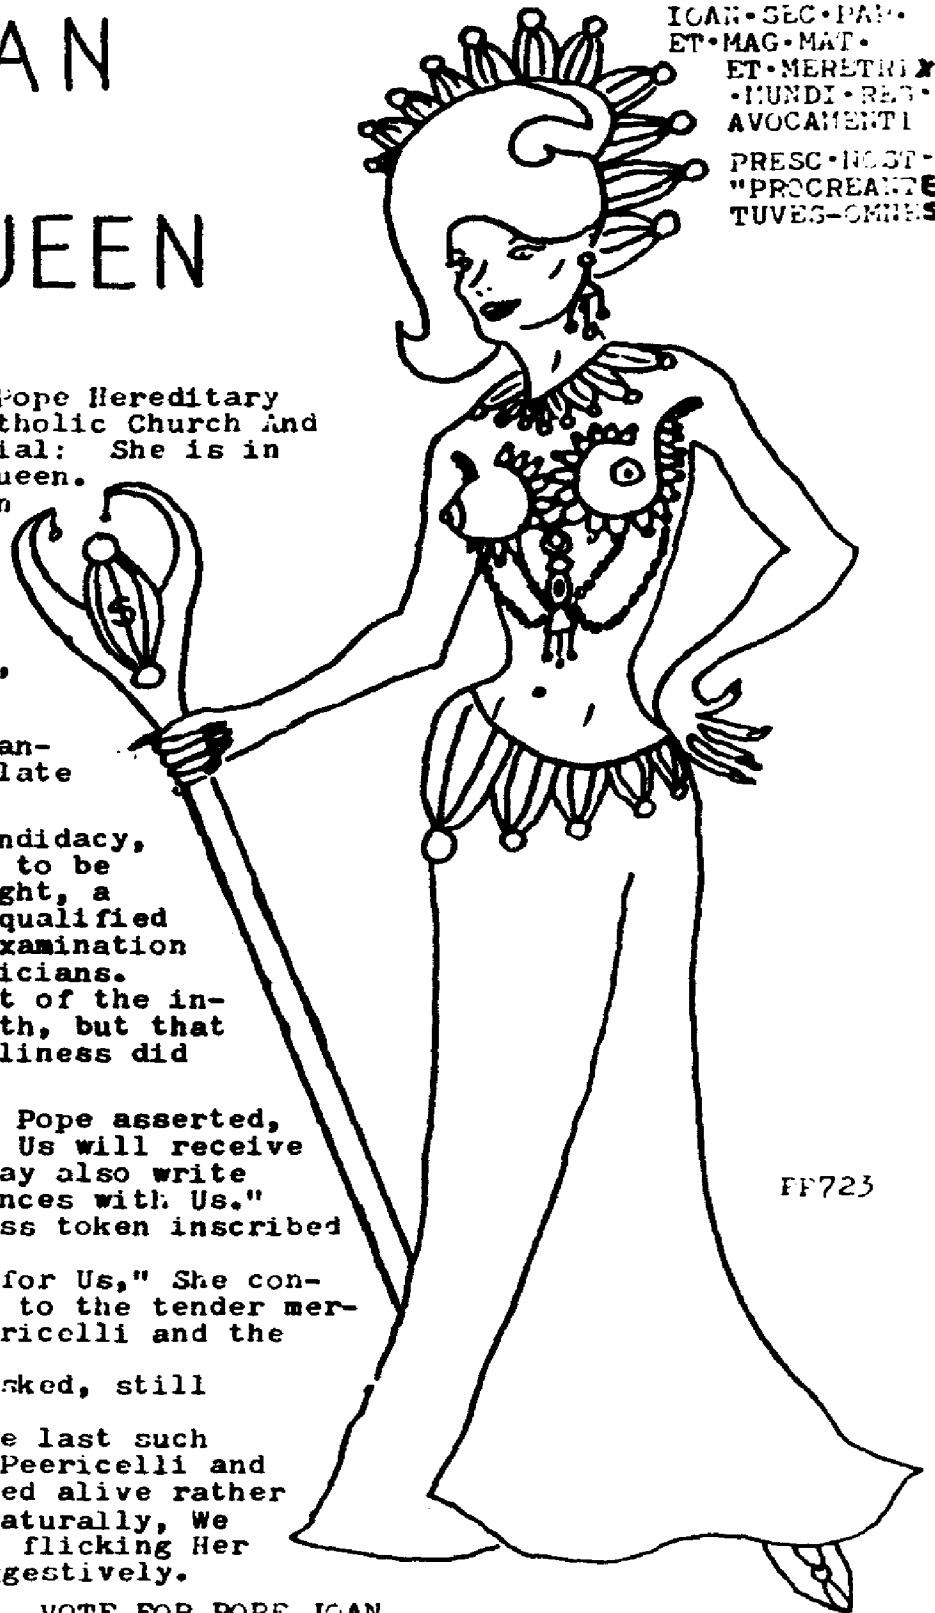

"We wish it known," the Pope asserted, "that all those who vote for Us will receive bunches of indulgences and may also write for tokens for Private Audiences with Us." Joan II held up a little brass token inscribed "Good for One".

"Those who do not vote for Us," She continued, "will be turned over to the tender mercies of Cardinal Lorenzo Peericelli and the Inquisition."

"Is that bad?" Walter asked, still breathing hard.

"Oh, We suppose so. The last such wretch spent two hours with Peericelli and afterwards begged to be flayed alive rather than go through it again. Naturally, We obliged him," she concluded, flicking Her switch-blade fingernails suggestively.

## A LETTER FROM JOHN CARUSO

Dear Dave,

You have to be one of the more gutless creatures on this earth. Every issue you print something controversial, and in the following issue print a retraction. I'm sick of it. You may have been premature with your news of TWD folding, but you do not owe TWD or it's pubber an apology. It is MR. Shaddix that owes the explanation, not you. I personally think you opened your mouth and put in both feet too soon, in the case of TWD, YOU ARE JUSTIFIED. YOU are not the only one to try to contact Steve Shaddix ((I didn't say I was)) and have your message full on deaf ears and blind eyes. Besides, after being in my new apartment for 4 months, he sent TWD to my old address. Obviously, he didn't even read what he received.

THE CHAMBER is getting better all the time. Keep up the good work, only try to refrain from making premature bold statements.

### COMMENTS TO JOHN CARUSO: .

John, if changing your view or having a agreement not to make waves is your defination of "GUTLASS", well then that's me. I changed my view on the SHADIX issue because Steve is having family problems which in my book, comes way before the HOBBY. But is done is done and and is past is GONE!!!

### HOBBY QUALITY POLL:

This is being ran just like the LEEDER POLL IN grading zines. But the QUALITY is being rated, not the stuff inside.

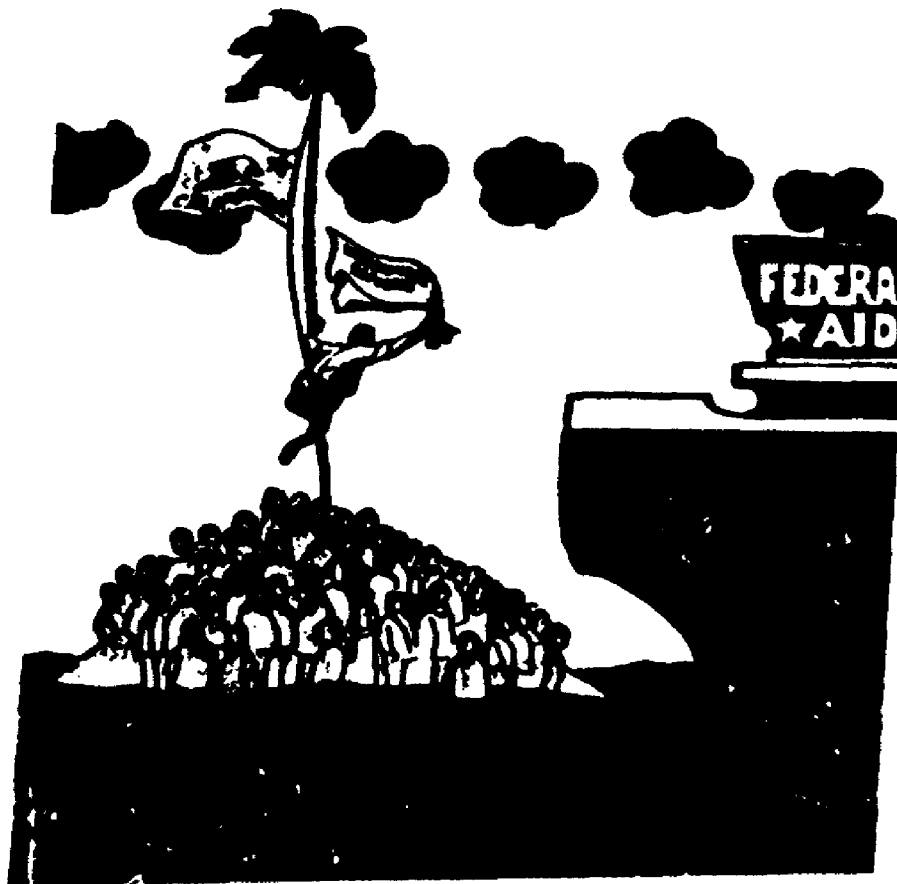

### STANDBY LIST:

Dave Carter and Guy Hail(?).

Duke letter (Con't.)

I'd like to adopt the nickname "Ducke"  
( even though I hate it.) for my future  
correspondence. I've come up with a nick  
name for you, since you were so kind as to  
label me Ducke. How about calling you  
@#\*\*!!&@#%\*+!!!@#\*!!!And finally, I offer  
my support for your 'zine Quality Poll."  
The obvious question--does your poll have  
meaning?--is bound to come up. I think you  
can defend yourself, though, and you can  
count on my vote being in soon. question.  
Can I vote for my own zine(or rather rate  
my own zine)? Secondly, can I use negative  
numbers!!!!  
Thanks again for the Nobility. Keep the  
chamber coming. Take care.

King of Med. - Europe ( Con't.)

you all must be aware now of the run away greed of the " RED" Menace (and that dosen't mean Austria.) Not only is he the most powerful nation now, but he stands to grow even more, unless all or most other countries band together, against him. Avoid your petty quarrels with each other and work against him. AUSTRIA must work with TURKEY. FRANCE must work with ENGLAND. GERMANY, maybe to far gone now to do anything. The nations that carve her up must work with great speed to keep RUSSIA out you must all do this ..... to SURVIVE!!!!!!!!!!

LONDON-PARIS: The English/French Channel vacauted.

VIENNA- LONDON: Just wanted to say hello. Good job getting Belgium & Holland.

A LETTER FROM STEVE DUKE:

I'm overwhelmed by my selection to THE CHAMBER's Nobility. I know that I'm Joining a list of some of the greatest people in the hobby and am flattered that you've chosen me, a new hobby member, to join the ranks. I'll do my best to live up to the qualities that the nobility members posess. I'll do my best to live up to the qualities that the Nobility members posess. I'd like to congratulate you on issues 5 and 6. They were truly in order, and I was very pleased to see it. When I first read them, I thought that they had to be fakes!!! No, really, they were very nicely done. I think you'll have to watch that secretary!
