Fall 1901 moves due Friday April 20th. Please note the Change of Address given last issue for John Morgan. Also, for the record Jerry Bennett submitted S OI orders before he resigned. They were identical to Walt Blank's.

In answer to a couple of questions I had better outline the Press policy in this 'zine. "Aggressor Homeland" press is done by me. No player may use that dateline unless it also includes a phrase to identify its real origin. See for example the French press in FJ last issue. Players may dateline any material from a neutral area, on or off the board, but may not use home territory of another player. Non players may submit press to be datelined from neutral territory.

Constantinople, April 1-- As one army leaves, another enters (ostensibly for an April Fools party). Despite this trampling around, there seemed to be some confusion. Army Constantinople has lit out for parts unknown. It is believed the commander is moving his forces in roughly the same way the Post Office moves mail-- you know, blindfolded and throwing darts at a board. Woe upon the Balkans! (If anybody reading this is concerned with the P.O.--I'm just kidding, I'm just kidding, I'm just kidding... (repeat for as long as it takes to believe)).

Jamaica: Did I write that?

AGGRESSOR HOMELAND: Sources here revealed the "unknown" destination of Army Constantinople to be Bulgaria. The "April Fool Party" cover story lasted only about thirty seconds as it is well known April Fools Day is not observed here. Given the history of the Sultanate to devote only one day to honoring Fools would be viewed as failure to pay due respect to the Ruler. The Balkans may indeed have woe descend but it can hardly be as deep as the anguish of the Turkish people.

Sacramento: I hope you did, I didn't

(down town Vienna) What ist going on here?
(OFFICIAL STATEMENT OF THE NEW EMPORER) ALL PERVIOUS TREATIES
WILL BE VOIDED BY THIS MONARCHY AND RENEGOTIATED. LET IT BE
KNOWN THAT I WILL ONLY BE GOING AFTER THE RIEHTFUL AUSTRIAN GAINS
THIS TURN OF SERBIA AND GREECE.
(FROM THE KIDS OF AUSTRIA-HUNGARY TO THE WORLD) PEACE!!!!

AGGRESSOR HOMETLAND: Examination of all documentary evidence, and
palace sources indicate that the treaties are not the only thing
being voided in Vienna. Try the territorial integrity of anyone
stupid enough to belive that Peace line for example.

Athens: What do you mean "rightful Austrian gains" big boy?

Berlin: Kaiser Wilhelm Moderschn announced to day that Germany
will not break the nuetrality of the low countries unless threatened
by them.

AGGRESSOR CONTROL-Antwerp: That sure was a quick to develop threat.
Of cours e we know that Germany's statement was not aimed at us
since for a German to call Holland "Low" is like ITT calling
Jack Anderson crooked?

Paris: April 3, 1901; It was announced today that the French Army
has been mobilized in B^urgundy to face a possible German assault.
It was also reported today that the French fleet was sent on a
goodwill mission to the freedom loving people of Portugal.

Rome; Jan 1, 1901. Yes folks, you heard it right. A new Pope has
justed been elected by the College of Cardinals. The new Pope is
only 23 and has taken the name Pope Priapus I. As Pope Priapus
was presented to the public for the first time women swooned (a
few men drooled) at his beauty. The Pope, standing in nothing
but his gleory, announced the Church was taking a new stand,
advocating free love and birth control. Three young maisens were
then seen ravished by him as they paid homage to more than his
holiness.

AGGRESSOR CONTROL-Rome to AGGRESSOR CONTROL: Under the guise of
newspaer reported I was able to attend the public appearance of
Pope Priapus as instructed. The election was a sucess in insuring
weak leadership for the Italoan people. The ceremony was rather
unimpressive as the Pope is 5'6" tall and weighs about 90 pounds.
The ceremony was delayed two weekds while the High School of
Cardinals looked for three maidens for the ravishment ceremony.
Finally three were found but the ceremony was delayed so that
they would not miss their spelling test at Santa Lucia where they
are fourth grade students. Regretfully this eliminates maidens
from the Italian social structure. The Popes advocacy of birth
control seems doomed to failure, unless he can convince the
people they are not used as suppositories; and tend to be
ineffective when swallowed by men.

Moscow: Today Czar Nicholev Parsonitz announced that the province of Warsaw will have its boundaries changed as well as its name. There will be two provinces, North and South Poland. Rumor has it that they will be formed into one province, thus unifying the cultures of the two new provinces. But this is, as well we know, impossible nonsense since the North and South Pole are a world apart.

Breslev: Two weeks ago elements of the 4238½ Grenediers were dispatched to quell a rebellion of the North Poles. They have not been heard from as yet and are thought to be lost because of the confusion concerning North and South Poland.

Warsaw: Word has reached us from Dudinka that the 4238½ Grenediers were seen passing through that city Northward three days ago, it seems they are on a compass heading of due North.

AGGRESSOR HOMELAND: Reports from North Poland indicate the advance of the 4238½ Grenediers has been slowed by two problems. They have no one who can read a compass and (2) they have no compass. It seems the instrument they have been following is attracted by flies, not iron. Thus the unit has been rapidly advancing on the Tsars Palace.

Fall 1902 moves which may be conditional on the Italian retreat, are due Friday April 20th.

Rumania: Can anyone stop the Turks in their rapid conquest of Russia and Metzke slash into Venice?

NO SOURCE GIVEN: "Lilliput L⁴nks" The odds are now two to one that Russia, France, and England will join to clean up the Rhineland. Watch Turkey closely; whether he turns on Mon Metzke or first finishes Russia is of little consequence. He definitely is here to stay. Italy will probably survive if Germany remembers his religious stands.

WARSAW: The Russian forces are not at war with anyone, we're just moving around to keep warm.

AGGRESSOR HOMELAND: Tell it to the Kaiser!

ROME: To Constantinople "How Long, or How Long" Take Serbia Now!
To Vienna: The bigger they are, the harder they fall!

LONDON: Prime Minister, A Whole Luck Off, today ordered a new shipment of pink crayons from the only known supplier in Europe, Armenia.

BERLIN: The German government asks the French Imperialists to declare what is their intention of labelling Aggressor Homeland agents as Germans. Not only is it known that the French Secret Police are not in good form, in fact incompetent and usually lie to their government to help secure their jobs, but it is rather in bad taste to suggest that Germans are to be confused with the surly, fumbling, Aggressor H^umeland agents. We recognize French jitters but need an explanation for the flimsy propaganda. I hope that the Austrians enjoy the summer in Vénèze, nice and coo^o and the Fall in the Po Valley.

AGGRESSOR HOMELAND: That's recognition for you. Two years ago all Europe was at peace. We got France fighting Germany which is fighting Russia which is fighting Germany while Austria fights Italy who is fighting Austria in alliance with Turkey while Turkey fights Italy in Alliance with Austria and double our munitions sales in the process only to be called "fumbling" by a ruler who has been jacked out of position twice in two years.

PARIS April 7, 1902: President Duke stated today that unexpectedly swift progress is being made by the French double agents stationed in Aggressor Homeland and also by the Internal Defense Council here in Paris. He was quoted as saying "Already the homeland has been swept clean of the filth deposited by Aggressor Control last year and we are met with complete success in halting their heroin refineries in Marseilles. The French double agents in Aggressor Homeland have meanwhile been sending back encouraging reports to indicate that perhaps one day all Europe will be rid of the crap that Aggressor Control has founded.

PARIS: May 10, 1902. Border clashes between French and German forces have been reported by our men at the front. The French were reported as having made some gains, but just the same, Duke is sending up reinforcements.

AGGRESSOR HOMELAND: As usual, the Duke doesn't know what he is talking about in regards to our fine nation. I predict that France will disappear from Europe before we do.
