Welcome to Issue #28.

There are a couple of things to talk about. You will find all games inside. I have listed game openings on the outside cover. Please spread the word.

You will find a flyer for DixieCon, Ron Cameron's flyer regarding hobby honors, and the Rubestone Poll. I'd sure like to move into the top 50, so your support would be appreciated.

I will keep opening games as long as there is an interest, but that interest seems to have fallen lately.

DipCon/PoolCon is coming up faster than you think. You need to get in touch with a committee member if you are interested in ballgame tickets or discounts at our local theme park 'Worlds of Fun'. If not and we don't know of your interest till late, you could be disappointed.

DATES: DipCon from July 3 through AM July 6. Immediately followed by PoolCon at my place through July 12.

Lots of hobby greats and near greats are planning to attend and this is a good place to meet for the first time. There are a few surprises in store for you as well, but you really need to get in touch soon to get the cheapest prices and the best accomodations.

Good luck till next time, and remember to support the hobby via the enclosed flyers.

ACQUIRE GAMES

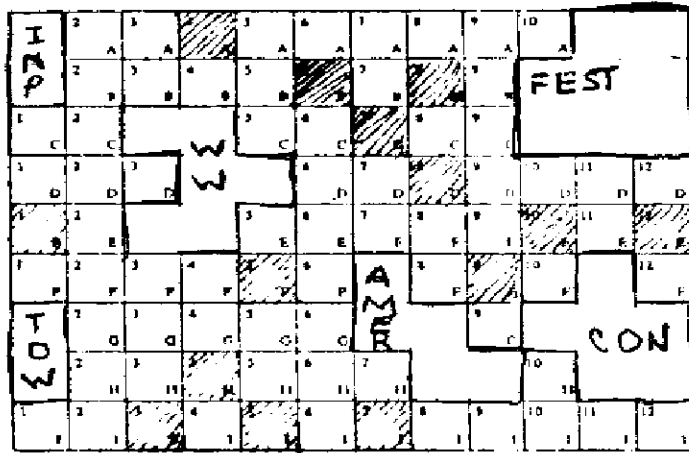

Carol Alt:

Craig placed 2-D; no buy.
Andrew placed 2-B; bought 1 Festival.

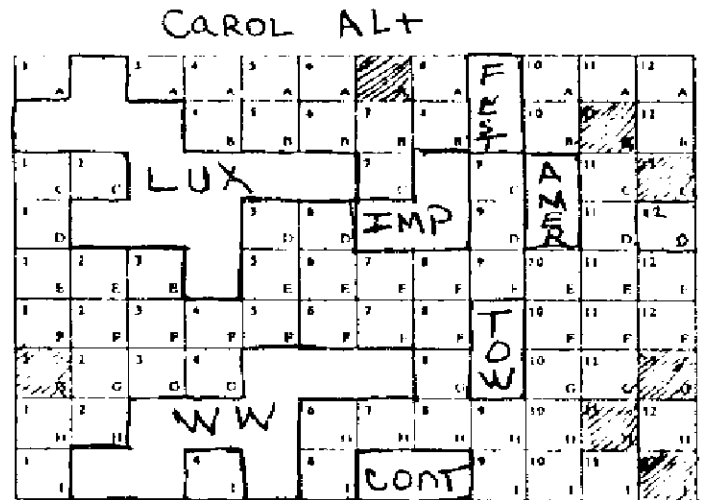

Virginia:

Jeff placed 6-B; bought 3 American.
Mark placed 8-G, merged Luxor into American. He got \$2,000.00 Majority, while
Jeff got \$1,000.00 Minority. Mark traded 8 Luxor for 4 American, and
kept 2 Luxor. He then bought 3 Imperial.
American is now all gone.

Jennifer placed 11-C; bought 1 Imperial.
Gary's turn is in, but I must await Jeff's disbursement of Luxor stock...

VIRGINIA

End Game Comments on Lindsay: ACQUIRE game

El Coyote (Kinsel): Ending this game as it was became the only solace for this coyote. Without so much as one merge tile the entire game and/or a tile to increase American's stature, I knew that John would run away with this one. Coming in second with an empty wallet was some consolation... only if I could've built/merged American....
Great Game!! My thanks to John, Larry, Derwood and of course- Vince. Many thanks, let's do it again sometime! ((See game openings)).

Suggestion: Keeping an 'open book' bank system. Trying to figure out what \$\$ and stocks everybody else has is a pain. There is no less strategy if these matters are public knowledge and not near so bothersome.

GM: Thanks for the comments and suggestion. Around here we play with money and stocks hidden, so there is a greater premium placed on memory. I thought that I made things fairly easy to keep track of (which you did very well). However, with the length of the game, it is an option I will consider strongly in the future.

The 1992 Runestone Poll

ZINE POLL

You may rate any amateur postal or e-mail zine that you've read enough of to rate fairly. This means you've seen (or would have seen if not for delays) at least two issues since July 1, 1991. Only North American zines are eligible, but anyone may vote. Rate each zine from 0 (the worst) to 10 (the best)—no fractions, please. Do not rate your own zine. Blanks are for zines I forgot to list.
