1970AP Balderdash! It seems Andy did send in a good set of orders
which I did erroneously throw away, which does effect the game-----and
since I prefer to run a proper game over and above a fast game, I will
now allow his Spring orders, the Rules specified in the 5/18 issue are
now understood by everyone and hopefully this will reduce the horrors
I go thru on adjudication night and the horrors you go thru afterwards.
The moves for Spring 1906 now read:
