DOT HAPPY - ISSUE # 13 - 04FEB81

Dot Happy is a gamezine dedicated to the play of postal Diplomacy. Diplomacy is a war game invented by Allan Calhmer and presently owned by the Avalon Hill Game Company.

Dot Happy is published monthly by Allen Wells (phone: (617) 879-2183) for the subscription rate of \$.50 per issue. Game fees are \$5.00 with a \$5.00 refundable NMR deposit. There are presently no game openings. House rules are available on request, just send a SASE. Subscriptions are regarded as a lump sum out of which issue cost is taken, so if rates do go up present subscriptions will be affected. Advance warning will be given of any rate increase, but I haven't raised rates since I started, so you are pretty safe. You may cancel your subscription at any time for any reason and the balance of your sub will be refunded.

Hello!

Here is Dot Happy #13. I thought of numbering it #12, but finally decided that would upset all your ordering schemes (after all, the last issue was #12 too). Also, I like 13. So, here it is. As I 'promised' last time, nothing really special. This will be a real warehouser.

The one thing that I had wanted to put in this is endgame statements from Annie, but I haven't gotten any yet. I will wait one more month to see if any trickle in, then close the book on Annie.

Italy-World: I'm for peace also. Trouble is, I'm afraid I won't be around long enough to see it. Let's call it quits, OK?

England-Italy: Many thanks for the recent support. Would you like to borrow a fleet of two on a lend/lease basis?

Turkey-Russia: You send these guys gallivanting across Utah and they turn into ingrates. You obviously have not yet learned how to understand the ally who has helped you through all of these game years. (sound familiar?)

Daddy Warbucks: 1980AS

Deadline for Spring 09 is Thursday 01 April.

Winter 1908

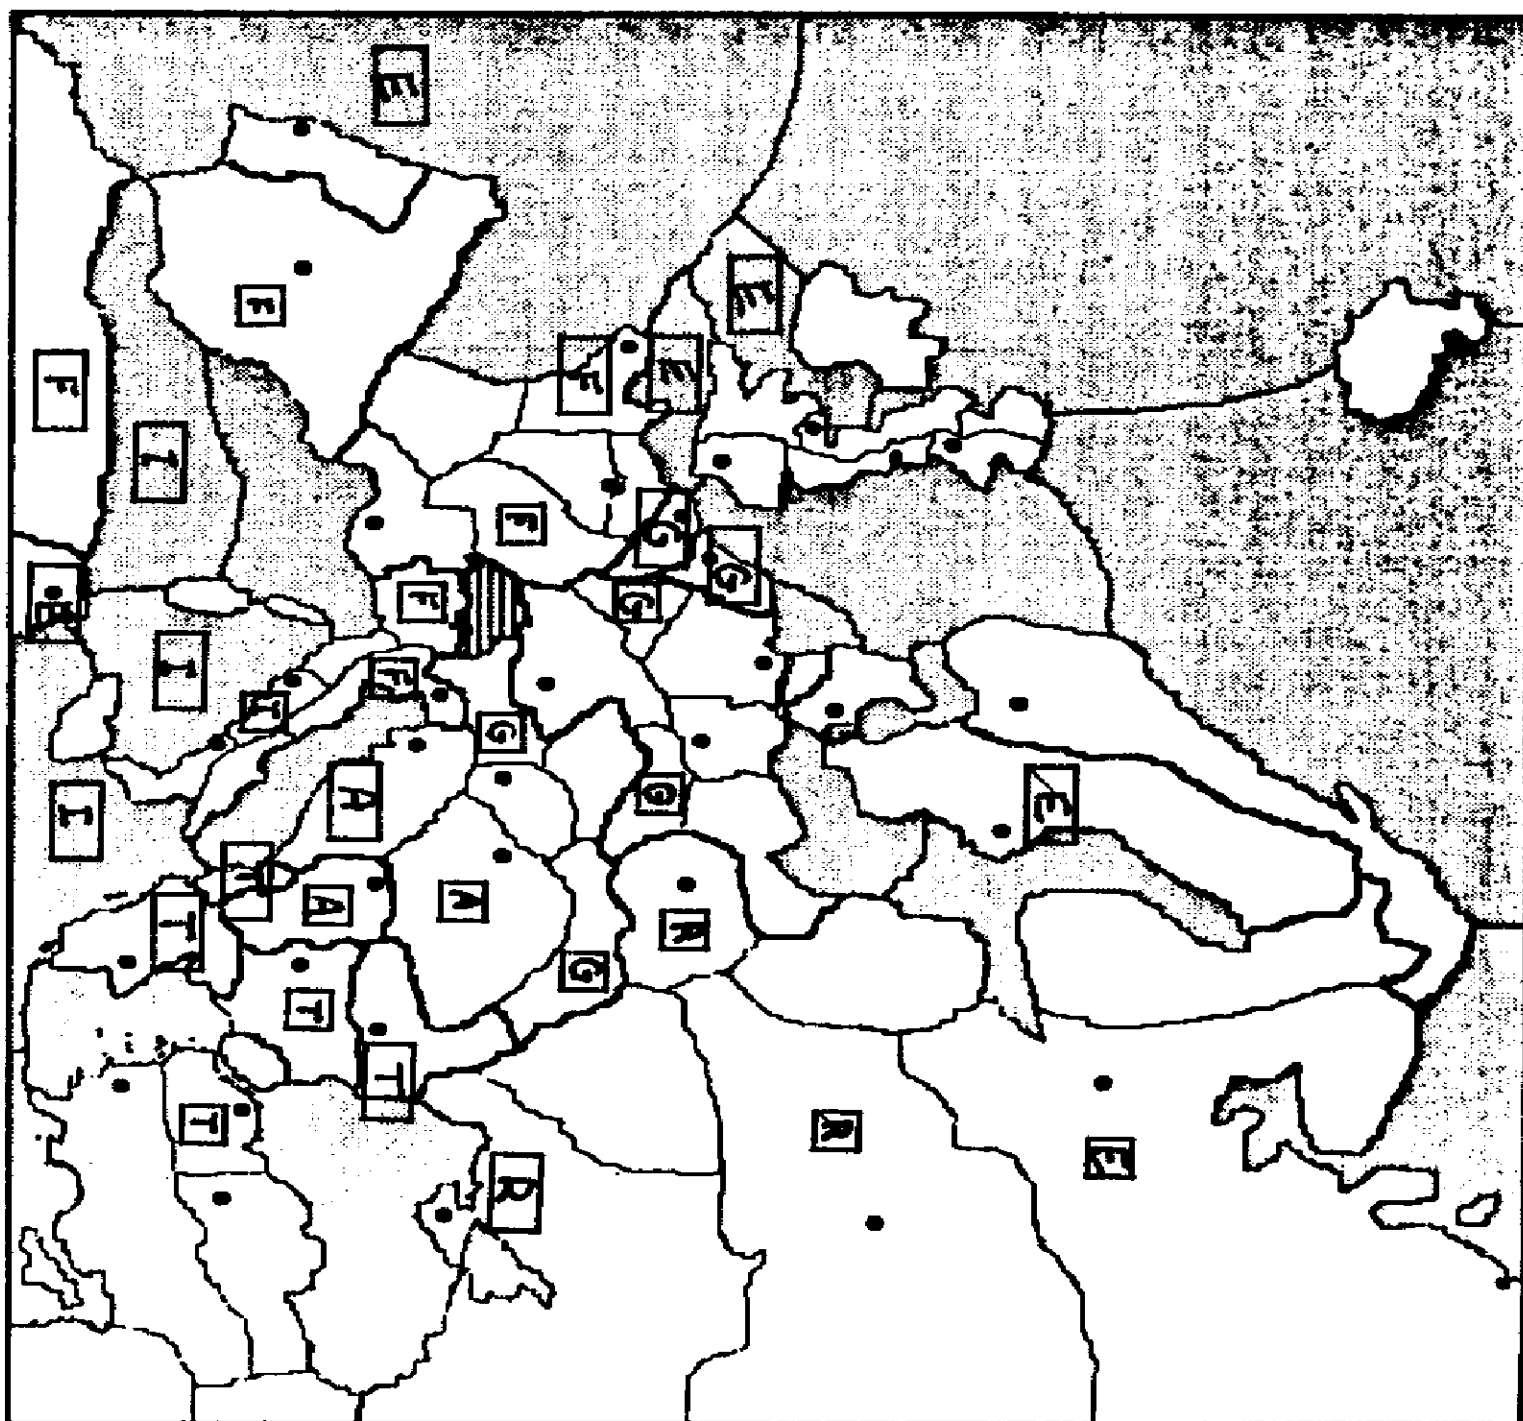

French naval shipyards work overtime to fill their ports as the Turkish factories equip armies. Can Russia survive the coming assault? Will there be a coming assault for Russia to survive?

Junipero Serra: 1981AT

Fall 04

Deadline for Winter 04 is Thursday 01 April. Orders can be made conditional on who is playing Germany.

Austria not only regains it's homeland, but adds Serbia as well. Italy up against the ropes. Russia given a last minute reprieve by the sudden disappearance of the German High Command. Magnanimosity of English Forces shown by the casual way he gives supports that no one takes.

RUS-FRA: The Sultan has always been a strong advocate of equality between allies. I see where the Sultan has 11 centers (GM: 12, actually) and you have a mere 8 centers. If the Sultan is consistent in his thinking, I am sure he will give you one or two centers -- all you have to do is ask him.

RUS-TUR: Isn't that right, Sultan? You have more centers than your ally FRA so you will want to give FRA some centers to even things up between allies. Isn't that the theory that you subscribe to?

Junipero Serra: 1981AT

Spring 1901

Deadline for Fall 02 is Thursday 01 April. Orders can be made conditional on who is playing Germany.

Italy again tries to start the game, but by now France and Austria are after him. French and English forces combine against their uncommunicative neighbor. The new Russian command pulls a surprisingly effective fake in the south!

Deadline for Fall 02 is Thursday 01 April. Orders can be made conditional on who is playing Germany.

AUS: Diplomacy by mail with a hunch of illiterate deaf-mutes is definitely different from anything I've every played before. Can we call this game a variant, rather than a reg-dip game?

VIE-PARIS: Please ignore the above. You are like a voice in the wilderness, or a candle in the dark. May good fortune always smile on your reign.

VIE-JEFF: Welcome to the game, I hope

VIE-GM: If Gray does send in orders, can't you just "lose" them and let Jeff take over?

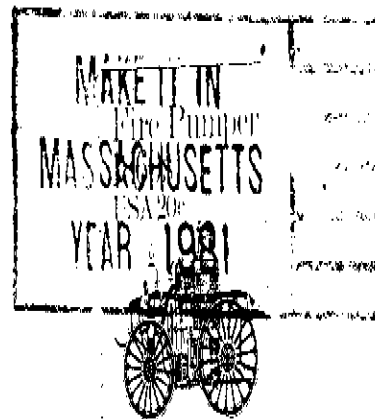

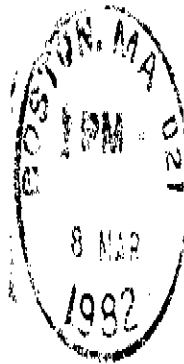

GM-VIE: As it turns out, that wasn't needed.

France-Peerisfulofbull: Something tells me that we're going to have a confrontation in the near future. Are you going to be friendly or are you going to be mean and nasty!?

France-England: "Hey Uli", he said in deep French overtones. "Let's unite and surround the wagon train, kill all the able bodied men, ravage all the women, and drink some "fire water" to celebrate!"

Peerisfulofbull: Who ever heard of a Russian named Albrecht?
