I am asking Ben Schilling to submit stand-by orders for France. And I have decided to change the procedure of requiring players to submit retreats and builds/removals in advance. This procedure doesn't seem to be working. Starting with Winter 1920 the procedure will be changed to work in the same manner as the other EFGIART games. The game will still proceed on a two season schedule with retreats due with the next season's orders and winter and spring combined. Any questions? The deadline for Winter 1920 builds and removal and Spring 1921 (which may be made conditional on the winter adjustments) is Monday, 22 August 1983, 7 pm PDT.

Next issue another game, 1982HH from Damn the Torpedoes, will be joining us.

Kathy Byrne is the new Boardman Number Custodian. Don Ditter did an excellent job as BNC and we all owe him a vote of thanks. But why Kathy wants the job is beyond me -- but then I can't think of anyone better for the job. Good luck, Kathy!

This is going to be another small issue of EFGIART. My Osbourne has been back at the factory for the past month getting upgraded (this issue is being produced on a friend's Osbourne) and I am short of free time. Marie and I will be flying up to Seattle with our bicycles in a couple days to ride the 192-mile Seattle To Portland Bicycle Classic. On Saturday we will start in downtown Seattle at 4 am and if all goes according to schedule we should arrive in downtown Portland about 12 hours later. Sounds like fun, doesn't it?

I had hoped to have an interview with Jerry Lucas (Judy Winsome) for this issue, but I never found time to arrange the interview. Jerry and his wife, BJ, live in Redwood City. He plays in a few postal games, but generally keeps a low profile. Two women who work with him live at the Winsome Mountain View address and were his front for Winsome Losesome until there were a number of mail delivery problems with the Winsome name. See you in July.
