*Emhain Macha is a monthly journal for the discussion and play of diplomatic games available from Michael Mills, 26 Laurel Road, Sloatsburg, NY 10974 914-753-5513.

*Subscriptions are available at the rate of 10¢/4pgs. + postage. Subscribers maintain a subscription account from which the cost of each issue is subtracted. It is recommended that subscribers start their account with \$5.00. Payment may be made by check, M.O., cash, or unused postage stamps (Canadian and foreign Okay). When your account falls below \$1.00 it is time to renew.

*Playing in EM: Winners of games in EM receive a free game start in EM, plus \$3.00 in subcredit. All survivors get \$1.00 in subcredit.

*VOLUNTEERS are standbys for Diplomacy. They receive \$1.00 in subcredit when they play a position to the end. They are Placek, Arnawoodian, Carter, Walters, Ledder and Anderson.

*RULES: KONIGREICH and S.P.Q.R. rules are available for 20¢ each in postage.

*KONIGREICH: Two great generals have enlisted in the Corp. Michael Kettman von Illinois and Earl Anderson von Carolina have signed up. That's 2 of 5 accounted for. There's no game fee here so get the rules and find out what's up.

*BOURSE: You can enter the Barbarossa Bourse at any time simply by filling out the order form at the back of the 'zine. You'll start with 500 in \$f and 500 of each currency being traded. Again, there's no game fee.

*Others. No Diplomacy openings, but you may find a new section of S.P.Q.R. opening up next month! Interested parties could inquire now, if they liked!

OLD BALANCE _____
This issue cost _____
NEW BALANCE _____

(If new balance is less than \$1, it's time to renew!)

Welcome to this issue of Emhain Macha. This is number 48.

The big news is that Emhain Macha folds with Issue number 50. Emhain Macha will carry on as a subzine in Europa Express come September. The games, Barbarossa, Valhalla, and S.P.Q.R. II, will be carried on within the EM sZ in EE. Also moving to EE will be "Das Banner," the official information of P.D.O.

If you subscribe to Emhain Macha you have two options. First, you can say that you want your subscription balance refunded to you, or second, you could ask that your balance be transferred to EE.

If you're playing in EM "Diplomacy" games you'll have to sub up to EE to continue playing in the EM games.

The planned move to EE was negotiated some time ago and only finalized recently. EM will have a maximum of six pages a month and will reach a much larger group of players. For that reason it's a good move. On the other hand, since Gary runs Diplomacy games, there won't be another Diplomacy game opening in EM ever.

When Gary sends me his address list, I'm mailing a copy of the S.P.Q.R. rules to everyone on the list and will try to get another game of S.P.Q.R. started in EE.

KONIGREICH also follows EM to EE, and I'll try to start a game of that there, too.

You have up to the 50th issue to tell me whether or not to forward your subscription balance to Gary Coughlan and, if you have any questions about EE, you can write Gary at 4614 Martha Cole Lane, Memphis, TN 38118.

EM simply "has to" fold and be a sZ because it has become more and more difficult to put out a full-fledged zine, even though it's not a behemoth. The subzine will be much easier to fill out and get to Gary for production.

Anyway, after 50 issues of putting out a zine, I've gotten a bit worn and ragged. EM started in October 1979 on a strong impulse and has been fun to do. But recently, say from December 1983 to now, matters are out of hand. There are other things for me to do on Saturday afternoons.

I've got to write my S.P.Q.R. letters and I'm in TWO Diplomacy games, both as Austria! Then, there's yard work--I live in a JUNGLE! Trees, bushes, rocks, and God-Knows-What all over the place. The house needs attention every weekend. And I'm writing part-time for a new magazine, called "ESPIONAGE," for which I also do the advertisements and handle the production end of things. Add to that the rise of P.D.O. things, plus the Insurrections from time-to-time, and I'm sure you can see why I'm not waxing romantic about EM. (But I could.)

The last issue of EM will be NUMBER FIFTY. (Oh yes, I forgot to mention that I'm taking a tutorial course in Finnish.) Fifty being viisikymmentä. So, tell me what I should do with your money!

S.P.Q.R.II

VOL. V

WINTER 191 A.D.

PYRRHONISTS REVEAL FURTHER INTRIGUES; ALL QUIET ON THE WESTERN FRONT

"The other sandal has dropped," are the words one political observer in Rome has used to describe the latest actions of the Pyrrhonist faction under its disputed leadership. In payment of a loan issued earlier to the Populare leader, the Pyrrhonists have taken possession of the province of Dacia along with its legion. The Pyrrhonist Executive Committee has also announced the appointment of the controversial A. Pompous Laedar as the Dacian Governor. This settlement puts the faction back into serious contention for the office of Emperor.

But the ingenuity of the Pyrrhonists did not end with this deal. Praetorian peace-keeping forces report from their observation post in Naissus that another transaction has taken place--this time with Sever. No sooner had an Emperor been hired for the Pyrrhonist Faction Legion than he defected straight into the Severi camp. The legion itself has remained loyal, and the faction is reported to have secured 180 sesterces in reparations from the Severi. "But it would appear," quipped one local satirist, "that Pompous is playing the middle against both ends."

As dispatches continue to filter in from the Praetorian Guards supervising troop deployments, it seems that this furious activity in the East has not yet infected the Western provinces. The Lusitanians have cautiously taken up defensive positions within their own capital. The Midamericans, too, remain quiet--but their deployment would indicate that all eyes are definitely turned toward these developments in the East.

FOOT IN MOUTH

Issue #25

May 18, 1984

This is issue #15 of PIM, the roving subzine of nuisance and unpredictability, never knowing where this excellent material will appear next. Like the old saying goes, it is better to have loved and lost than to never have read PIM. By the way, this publication is put out by me, John Caruso 160-02 43 Ave Flushing, NY. 11356. If you are brave enough to call, and lucky enough to get my secretary, you might even have a conversation with a person. The phone number for those with alot of guts, and no brains is 212 353-9695. Don't forget to apologize for waking me up if you should happen to get me. After all, you'll probably be disturbing a good thing.

This issue, we come to you from the freedom zine- called Enchin Macha, which is somekind of Irish-Comzie name for crazy shit or some such. My thanks to Mike Mills for allowing this publication to be aired in its entirety. We have to voice the level-headed opinions within Dipdom, and that's where this thing comes in.

the PBO: I was instructed by the Grand Kommissar to realign the boundaries of the PBO zones, due to inconsistencies. I was also instructed to seek the help of, not less than 1 and not more than 3 others to help me in this endeavour. Therefore, I selected Tom Mainardi, Mark Larzelere and Phyllis Byrne to aid me in my task. The 3 of us have since finished our task. Below are 2 maps. The one on the left was the original zones as designed, pre-Caruso Commission Task Force Recommendation. Notice how zone 4 had no boundaries. Map 2, the one on the right has noticeably corrected that fault, and attempted to correct some of the other waning irregularities. Plus there is now a new zone- Lucky 13.

peninsula of Michigan is merged with the remainder of Zone 5 consisting of the states of: Illinois, Indiana, Ohio and the rest of Michigan thereby making not only a more compact zone but unifying Michigan once more. Zone 5 remains with no Kommissar although the Zone Kommissars of 3, 4, 6 and 7 are both traveling to MadCon and will attempt to fill that vacancy.

We, the Zone Kommissars of 3, 4, 6, 7, 8, 9, 10 and 11 feel that these already implemented solutions will end an intolerable situation on our respective Zones' boundaries, prevent possible disorder and give adequate representation to members of the 22 states who currently have no voice in PBO affairs. We each will send you a copy of this statement signed by each of us.

GRAND KOMMISSAR!

I am in receipt of John Caruso's letter of May 30th. I note that he did not send a courtesy copy of said letter to the Zone Kommissars of Zones 6, 7, 8, 9, 10 and 11 so I have done so along with ~~x~~ copies of this letter.

As you know GRAND KOMMISSAR, I did not act "alone" as Caruso alleges but with the full knowledge and agreement of Zone Kommissars Woodson, Carter and Langley. I also would have used the official PDO stamp had they been available at that time which they were not.

To the interested parties: The Grand Kommissar received four sheets one of each which was signed by Zone Kommissars Woodson, Carter and Langley and myself. Courtesy copies (except to the ~~xxxxxxx~~ Grand Kommissar) only contained xerox of my sheet.

We four Zone Kommissars, as I am sure that Zone Kommissars Woodson, Carter and Langley will agree, have always been loyal to the PDO and its aims and faithfully discharged our duties. What has John Caruso done except stir dissension by trying to "realign" the PDO zones so that they "correspond" to "cliques"?

We four are experienced at being Zone Kommissars and we have each run our zones competently. I, for one, do not intend to give up any of my two zones after I have put so much into making the population of my zones aware of the PDO and the benefits of participating in PDI activities. And it is very apparent to me that Zone Kommissars Woodson, Carter and Langley have done likewise.

Furthermore, it was to our understanding that the Caruso Commission was to make suggestions for changes, not present us with fait accompli. Instead, he printed a new map of changes in his publication Whitestonia as if it were an accomplished fact, totally without any consultation with any Zone Kommissar.

In the words of President Andrew Jackson in regard to a decision by the Supreme Court Chief Justice: "He has made his decision; let him enforce it." I may the same statement to Mr. Caruso who has not got the backing of a single PDO Zone Kommissar. I am very much afraid that if you, GRAND KOMMISSAR, side with Caruso against 4 of your most loyal Zone Kommissars, a schism will take place in the PDO; repudiate the clique-ism of the Caruso Commission.

Fraternally Yours!!

July 30, 1964

TO: Grand Kommissar, PDO (and others cited below)

Greetings! This is to inform you of my official response to the unofficial report that was filed with your office by one, Gary Coughlan, in a blatant attempt to grab power.

It is the understanding of the Ombudsman Office that Mr Coughlan acted alone, and not with the knowledge, nor approval of the other zone Kommissars, as he indicated he had. Furthermore, his document is not, I repeat, NOT an official PDO document, for he did not use a PDO stamp, like is now required by the PDO amendment to the charter.

I therefore request, no demand, that you withdraw and discard Mr Coughlan's complaint, as irrelevant, improper, out of order and illegal. It is not official, not representative, nor moral.

His attempt could also be taken as an attempt to block the independent operation, or the Caruso Commission, and as an attempt to "fix" the voting in the upcoming PDO Zone Kommissar elections. We all realize that there are inadequacies in the present zoning scheme, and Mr Coughlan is making a blatant attempt to exploit those inadequacies with his informal and non-binding, non-representative document.

Mr Coughlan's document should never again see the light of day, and it in no way, should be given an iota of consideration, because of its unauthentic nature, despite its well presented points of irrelevance. Furthermore, Mr Coughlan's temporary exile to Memphis should be lengthened to a live-long exile to that barren and forsaken and forgotten haven of y'all's and cow molesterers.

As the highest official of the PDO, you must act now, before its too late. Lets nip the flower at the bud, before it becomes a garden of Eden.

Sincerely,
John Caruso

Grand Kommissar Policy Paper 062684: Establishment of New Zone Boundaries in Light of The Caruso Commission Report and the Coughlan Response.

In order to appease all PDO factions and in a sincere effort to be fair to all parties, I have decided that the new and permanent boundaries of all Zones shall be as follows:

- 1: New England and New York
- 2: PA, NJ, MD, DL, DC
- DIXIE: VA, NC, SC, GA, FL, MS, AL, LA, MO, TN, KY
- 5: WV, OH, IN, IL, MI, WI
- 6: Texas and Oklahoma
- 7: IA, MN, ND, SD, NE, KS
- 8: CA, NV, UT, CO, NM, AZ
- 9: WA, OR, ID, MT, WY

- 10: Eastern Canada (Ontario eastward)
- 11: Western Canada (West of Ontario)
- 12: Britain
- 13: Continental Europe
- 14: At Large
- 15: At Large

The Zone Kommissar must be a resident of the Zone, except Zones 14 and 15, for which anyone may be Kommissar. Though they have no Zone, per se, they function as all Zone Kommissars. This was implemented so that if a Zone had more than one well-qualified and acceptable Kommissar, he or she might still serve.

Grand Kommissar Policy Paper #62684A: Establishment of Elections of Zone Kommissars.

The PDO will hold its first election of Zone Kommissars on November 6, 1984. The deadline for nominations is August 3, 1984. You must be a member of the Zone to be nominated. You may nominate yourself for the two At Large ZKS. All qualified persons are urged to participate. Voting will be opened to ALL members of PDORAM, registered or not. Send your nomination and votes to: Michael Mills, Bureau of Elections and Information 26 Laurel Rd., Sloatsburg, NY 10974. Election victors are determined by a majority vote and serve for 18 months. After the Zone Kommissars are elected and form the Zone Council, I, as Grand Kommissar, will resign. The Zone Council then will elect a new Grand Kommissar.

OFFICIAL PDO INTERNAL MEMORANDA

CONCERNING THE ESTABLISHMENT OF THE PDORA FUNDING COMMITTEE AND APPOINTMENTS TO IT BY THE GRAND KOMMISSAR.

I do not see it as a wise thing for one person to have the authority, de facto, or otherwise, to impose funding levels upon the PDO bureaus and to decree who is eligible for the receipt of PDORA monies.

Therefore, as Grand Kommissar of PDO, I am establishing the PDORA Funding Committee to make recommendations to the GK on the eligibility of bureaus and to what percentage or dollar amount they will receive.

There will be a five man committee that the GK will appoint each time there is an auction. They simply write to the GK telling what they wish to have funded and how much each should get in percentage or dollar-terms. The GK will collate their individual recommendations and then publish them in full. Afterward the GK will publish a authorization to the PDORA to fund which bureaus and how much should be given, etc. The GK figures will be averages and compromises from the recommendations of the PDORAFAC.

At this time, I am appointing the following to serve on the PDORAFAC of the PDORA'84 auction; Rod Walker, Gary Coughlan, Ron (CALIF.) Brown, Al Pearson & Kathy Byrne.

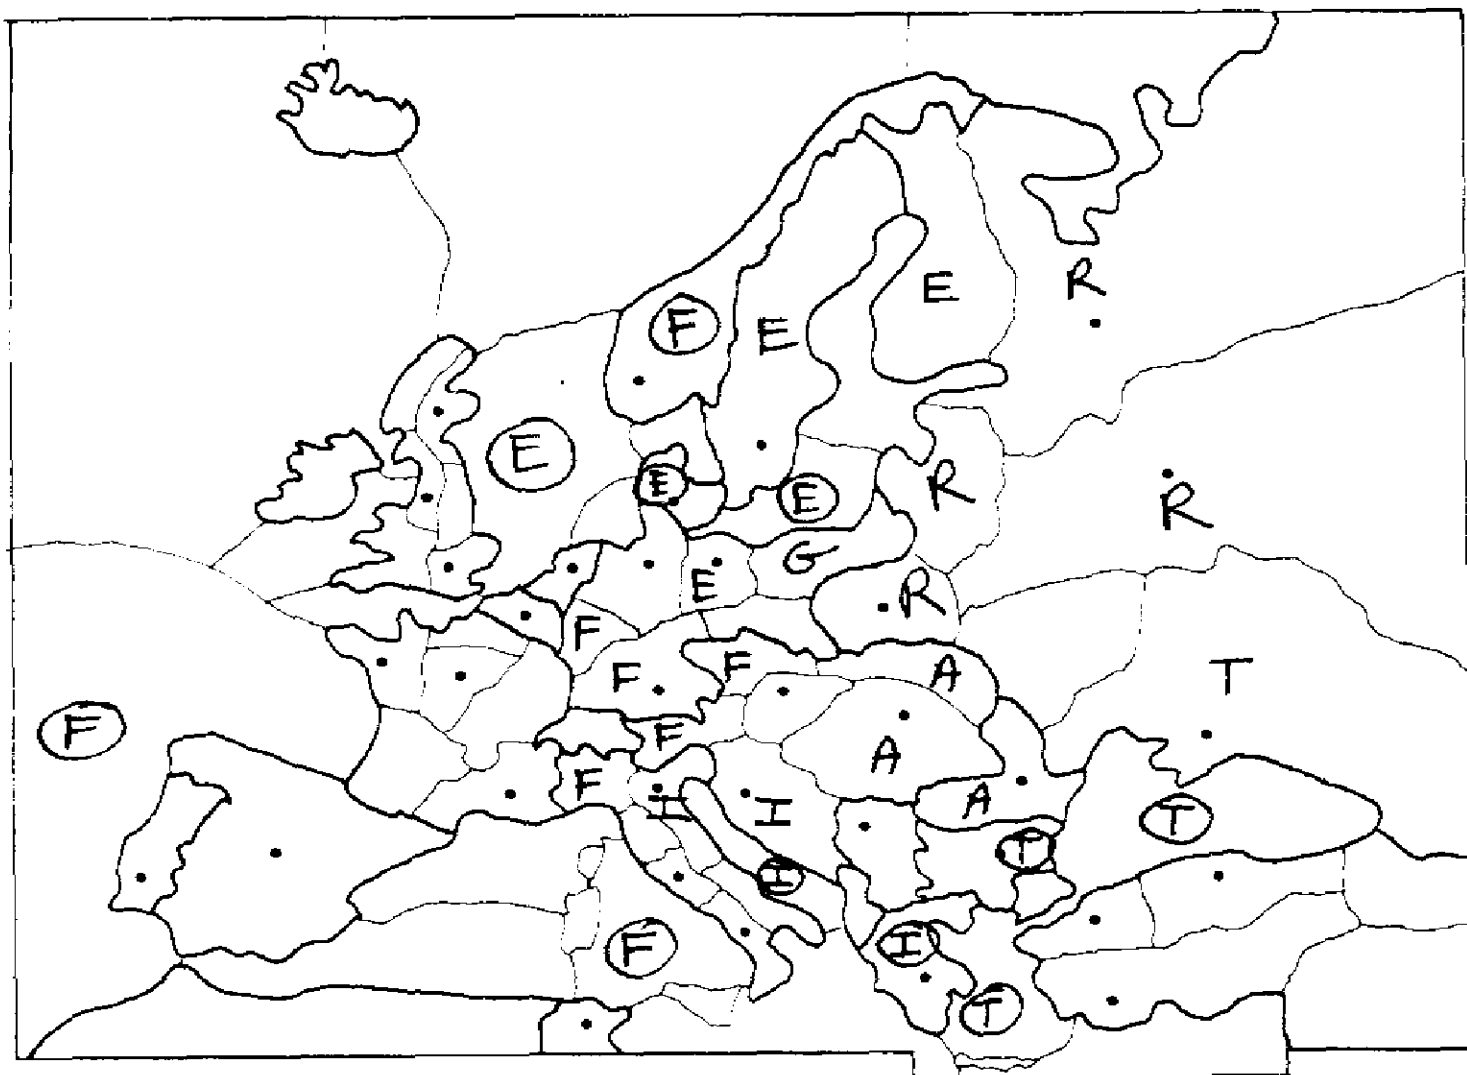

Their recommendations are due to the GK by June 23d 1984.

Signed this day April 30 1984

by the Grand Kommissar, Michael Mills.

TROOP MANEUVERS BEGIN; NEUTRALITY STRICTLY OBSERVED

Contingents of the Praetorian Guard, stationed at observation posts throughout the provinces, report no signs of belligerence anywhere in the Empire this season. This news caused renewed optimism in Roma that the peace could be long-lasting.

Few armies were on the move, the most noticeable being the Legion of Cappodocia. A forced march carried it from home all the way to Dacia, crossing the Strait and the Severi province of Thracia. Although still neutral, this Pyrrhonist troop concentration in Dacia has strategists watching the Central Provinces with renewed interest.

GRAND KOMMISSAR!

Greetings and we would like to bring to your esteemed attention several facts which have lately caused concern and misgivings among us!

WHEREAS Zones 5, 7 and 8, representing 22 US states continue to exist without Zone Kommissars and

WHEREAS this huge area, both in area and population, deserves adequate and competent representation and

A.B.C. DRAW DECLARED IN EUROPE! KILLINGS STOP! LYING NOW ILLEGAL!

Yes, it's true the Austrian-Russian-German draw passed unanimously. Steve Arnawoodian, Kathy Byrne, and Dave Carter, (the A.B.C.) share in the 3-way draw. The enclosed map shows the final resting place of units after Fall 1908, with Russians stretched from Moscow to Spain, Germans huddled against the Baltic and Austrians running amock everywhere. A very well played game for everyone, though some had to fall early, i.e. John Michalski's France. Dave Perlmutter's Turkey died last year, and perhaps, with it the reason for the war. (?)

Endgame statements from participants are welcome for the next issue when I will print the final game statistics.

Congradulations to the three winners!

* Austria-France: Germany doesn't go to BUR, England doesn't go to the Channel, and Italy doesn't go to Piedmont, hmm... OK, Woody, how much did you pay them?
 *EMGM: Maybe Woody paid Russia and Turkey, Don?
 * France-Italy: Since when did you ever want peace? I remember all those stabs which you so cleverly designed in your conniving brain. I'm sure Mike Mills remembers what you did to him at GenCon in Cherry Hill, NJ?
 *EMGM: Remember? I still get treatments for the stab wounds.
 * France-Turkey: I get TUN, you get NAP.
 * Woody-Swartz: Don't forget to send me more blank paper with your name on it. Otherwise, you'll have to do your own moves.
 * ROME: The King has announced that he will be more in touch with the other heads of state now that he has returned to Italy.
 * ROM-PAR: I'm watching you Woody! Don't get itchy Armenian fingers!
 *EMGM: He already has, but looks like England's his back-scratcher.
 * RUSSIA, Sevastapol: Russian troop transports landed in the province of Ankara in answer to the Turkish call for ferry boats. The Russian Gov't is waiting to see whether the ships loaded with soldiers of red herrings.
 * BOTHNIA: Sweden reported sighting numerous foreign ships on its coastline. Russia admits to its sending a fleet to the Swedish coast. Swedish officials are now trying to determine whether any of the intruders are German.
 * Russia-Austria: In your first letter you announced that Dip players generally consider you to communicative. I have heard nothing from you since then. It should come as no surprise that you find a Russian army in Galicia!

*Austria - Russia: You didn't hear from me after my first letter?
 (What did you think my 2d and 3rd letters were --- chopped liver?)
 Come on Glenn, you don't need an excuse to attack me. Just ask Woody he
 does it all the time.

*Austria - Italia: Say old buddy, pal, friend, I can count on you
 can't I?

*Mar+Rom: Watch out Fast Fingers!

*Par-Mos: War+Gal!? I suggest you pull off my puppet Swartz, or you'll
 have a French fleet in STP!

*Germany: A typical Woody move --- a stab in the rear.

*Italy-Russia and Turkey: You two are full of shit. There's no
 way I'm going to turn around to attack France or Attack Austria.
 Either of those two bring about my demise faster. So you might as
 well save your postage, if that's what you're going to offer me.

Ita-Aus: I'm on your side until the end of both of us.

Ita-Eng: Woody asked me if I wanted him to attack me or you, you
 won!

Ita-Fre: Just keep on keepin' on in the direction you're going.
 R/T only get faster stronger.

*Sevastopol: I was misquoted in the press last season. Russian ferry
 boats were waiting for Turkish soldiers OR red herrings, not "holi."
 Fortunately, there were plenty of soldiers and no herrings

London has made inquiries concerning British nationals in Norge. The Northern Fleet, on a recent kipper hunt, has been ordered to close the Russian border. Shelling of Imperial Russian outposts on the Norwegian side of the border has begun, as of this writing. All patriotic Frenchmen wish our gallant snow-men all the best....At least the champagne will stay cold.

Paris: Jeanette la Boom-boom, the Prime Minister's new honey, sighed as the phone rang yet again in the small hours of the morning. The PM, Jean-Jacques awoke, then came to the phone. It was Claude Renault, our best man openly operating in England. No, nothing new from les Anglais. But what could they say? Certainment if they were planning ze attack, as rumors in central European capitals have said, zhey would have told us some lies...But no! These were gentlemen. We once warned them of the folly of trying to cross la Manche -- in either direction it is a perilous trip. And they agreed. Surely, zhey are carrying on the fight against the Boshe and the Tsarist pigs. But just to keep peace in the Assembly, we will order the Garde Nationale to Antwerp. They can quietly build barges...just in case.

LONDON, Hancock looked up from the map spread upon his desk as the door leading to the Ministry's Office of War opened. A uniformed soldier saluted and stated, "1st Army's Advanced Guard just entered the streets of Berlin. Except for a few isolated snipers, resistance has been very passive. . . ." The young man stopped and looked at Hancock Jones expectantly. "Very good. Keep me posted," Hancock replied and looked back to his map. The aide ~~at~~ saluted, spun around, and was through the door. After the door had closed Hancock permitted a smile to spread across his face. The Germans feel that becoming a part of "Now that the crazed, maniacal, and most of all depraved Kaiser Von Woodhelm is dead all German resistance has stopped. The Germans feel that becoming a part of the British Empire is very much preferable to the bizaree reign of the ex-Kaiser," Jones stopped writing in his Journal for a few seconds to look at the clock. Then he continued, "It is ironic that the Kaiser, the Would-Be-Ruler-Of-The-World, should meet his end at the hands of an angry Prussian Shepherd!"
