

This is the second part of Everything #34 and is edited by Doug Beyerlein (640 College, Menlo Park, CA 94025) and published by Clifford Mann II (823 Marcy Ave., Apt. 101, Oxon Hill, MD 20021). The Boardman Number Custodian is Cal White, 1 Turnberry Ave., Toronto, Ontario K7L 3T8, Canada. All correspondence regarding the Boardman Numbers and Everything should be directed to him.

This continuation of Everything #34 (dated 1 October 1977) is for the sole purpose of reporting game starts and finishes that occurred during the last months of my service as ENC. There are 137 game finishes listed in the following pages and a summary of them is below.

- 1974CO
- 1975EF,GA
- 1976O

The following games have been declared cancelled by their gamesmaster.

- 1975GR
- 1976ED

Corrections to finished game reports in Everything #32 are:

- 1974B Chester was gamesmaster for F09 and W10 only.
- 1974FN I- Ron Keeping (resF04).

John Leeder writes regarding 1973DF that Ralph Morton was a "temporary replacement" for Anita Hughes while she went on a year-long trip. However, he played over half of the game in the position and shared in a draw. He had earlier been eliminated from a different position. Apparently Ralph feels that Anita should be credited with the draw, although Anita has never returned to the hobby. Ratingskeepers please take note.

A final note: the game starts and finishes that follow have been edited and a proof copy made on a HP 3000 Series II computer. Hydrocomp, Inc. is thanked for their allowing my free use of their computer for this purpose in addition to my using their office equipment.

Over to you, Cal.
