This is the official journal of the Boardman Number Custodian, who is; Lee A. Kendter, 4347 Benner St., Phila., Pa 19135

Associate Custodians are;

Mick Bullock, 14 Nursery Ave., Halifax, Yorkshire, HX3 5SZ, England
Roland Prevot, 16 Rue Descombes, 75017, Paris, France.

Well, here I am again ! There were still a lot of games to catch up on so this issue is not too far behind the last. Hopefully, I have now caught up on the backlog and things will begin to go more smoothly.

Most of you had kind words to say about my first issue, and a lot of you offered to help me in one way or the other. I'd like to thank all of you for your kind words. A very special thanks goes to Doug Beyerlein for providing me with some back issues of Everything. I'm sure these will help a lot Doug, THANKS MUCH !

On the negative side, a few of you expressed dissatisfaction with me for not publishing overseas games in here. Try to look at my point of view. First, I have spent an average of 8-10 hours each week since I took this job, on the numbers. That is one hell of a lot of time for me to donate to this ! If I were to do the U.K. & Central Europe games my work load would double. I simply do not have 20 hours a week to spend on the Boardman Numbers! Now my time spent on this will start to lessen now that I have caught up on the backlog, but this is the way it should be. I shouldn't have to spend all my spare time on this. Plus, a large majority couldn't care less about non North-American games !! Finally, the results of these games are published by the associate custodians, so it's not like they aren't available. It is my personal feeling that 95% of you just don't realize how much work this job is.

Another negative note concerns unreported game finishes. It seems that a lot of games have finished that have not been reported in the pages of Everything. I've been receiving a lot of mail about this. The problem is that I have no reference sources to look up these games. Also, a lot of publishers that have ceased to publish will not send me any information. All that can be done is for you, my readers, to send me a copy of the game finish (with full particulars) if you have information on a missing game. But PLEASE don't just send me a note saying 1977XX has ended and I want it published. That is totally useless information, yet this is exactly what a lot of you have done !! I want to see the files in good order, and I would like to see every game reported in here, but I can not do so without all of the needed information.

Next issue I hope to publish a listing of all the 'zines that I have received. Several 'zines on my list of publishers have failed to respond to me. I can only assume that these are no longer published, and they will be dropped from my trade list. Now on to business.

Corrections and clarifications since last issue.

1977KF (finish). John Boardman has informed me that this game WAS a win by concession.

1978KQ (start) Austria should be Rowell, Italy should be Fryc.

1978CA (finish) Turkey was Bailes not Bailles. (one l).

1979IG (start) Italy should be Drakert not Drackert .

A list of all completed games reported this issue can be found on P 10

You receive this because you are a trader _____

You are a subber and your balance is _____ after deducting 35¢ for this issue. Subscriptions are 2¢ a page plus postage.

A \$1.00 donation is requested for all numbers requests.

A final reminder; I WILL NOT do Boardman number business over the telephone !
