Please help me out.....

I am having a considerable amount of trouble with a few publishers who ask me for numbers and don't supply me all the information I need. For example; One publisher sent me the Spr '01 results and asked for a number. This did not contain the first names of the players or the addresses of the players. Another publisher started to send me his zine and I noticed that a game was running without a number. So far, he has ignored my requests for the information I need to assign that game a number. The list goes on and on and.....

What do I need ?...  
It's really quite simple. Send me the names (full) of the players and their addresses. I must also know who the GM is and the name of the 'zine (if any) that the game is being run in. The final thing is the country assignments of the players. Now I ask you, is that asking too much ?

I really do appreciate those of you who send me the information I need in a concise order. But those of you who are not cooperating, how about helping out ?

GAME FINISHES and their problems .

This area is even more of a problem than the gamestarts. Again, a lot of vital information is missing and I can't publish the finish. I'll give you a few typical examples of this.

1) A publisher sent me the Fall results of a game that had just ended, that's all ! I have no way of reconstructing this game!! I would need back issues of the 'zine for the last 3 years. I simply don't have a library of every dipzine ever published !

2) Another publisher sent me the end results of a game with only the names of the current players. Again the same problem.

I could go on and on with this matter also.

All you have to do is look at a reported finish in this issue and you will see what information I need. Now I realize that sometimes in the case of orphaned games the back information isn't available, but both the cases I stated above were games that started and finished in the same 'zine !!

Now that I have that off my chest let's get to other matters.

Finished games reported this issue.

1974 FK, GJ

1975 HN, IW

1976 Y, IH

1977 F, R, AB, CR, HK, IJ, IR

1978 V, AQ, AW, CM, CQ, IA, IF, IM, IU

1979 T, FC

In addition a few finishes were received in the last couple of days that were too late for this issue. They are; 1977 FF, 1977 AO, 1977C. If you have had a game finish lately and it's not in here, let me know!

If you sub to this your balance after deducting this issue is \$\_\_\_\_\_

A \$1.00 donation is asked for all requests for a number.

See you in about 3 months.

The "Bernie Oaklyn"/Buddy Tretick issue....some questions answered

Ever since I took over the job as BNC, no other single issue has been brought up more than this situation. Many of you are concerned about how I'm going to handle it, so this is my point of view as the BNC. First, I'll answer the most often asked questions.

Q. Do I believe that "Bernie Oaklyn" is indeed Bernard Buddy Tretick?

A. YES, without any doubt. The proof that I've personally seen leaves no question as to Mr "Oaklyn's" identity.

Q. Will I issue numbers to "Oaklyn" ?

A. Yes, I'll issue numbers to anyone that requests them.

Q. Will I declare all of "Oaklyn's" games irregular?

A. No. Just because he is GMing under a pseudonym does not automatically make his games irregular.

Q. Am I saying that "Oaklyn's" games aren't irregular?

A. No, I'm saying that all of them are not irregular simply because he is the GM. There is little doubt that some of his games are going to be called irregular. The complaints against him are constantly piling up. However, some of the evidence that is supposed to exist has not been sent to me.

Q. What will I do ?

A. That's quite simple; I'll treat each game as a separate case. I'll examine the evidence from all of you who claim irregularities, and based on that evidence, I'll make a decision.

Summing up: If you have evidence that a game (or games) that "Oaklyn" is running is irregular, please send me that evidence. However, please do not simply say, "I want 1979QQ declared irregular". You must give me your reasons for asking this.

Let me make it clear that I AM NOT defending Bernie in this matter. I personally feel that he is a tremendous detriment to the hobby. His 'zine is always full of lies, and distortions about the rest of the hobby. What I am trying to do is give his players the benefit of the doubt. After all, it is they who suffer the most in this situation.

Trades. This is a list (in no particular order) of all the 'zines I receive trades from. If you know of any 'zine out there not on this list, please advise me as I only know of these. Volkerwandering(Bob Arnett), Western Star Dippy(Jim Benes), EFGIART (Doug Beyerlein), Boast(Herb Barents), Egnog & others(Konrad Baumester), Graustark(John Boardman), The Swamp(Gene Bogges III), The Flying Dutchman(Jack Brawner), Murdring Ministers(Ron Brown), Libterterrian(Jim Bumpas), Whitestonia(John Caruso), Blitz(Chuck Combs) Urf Durfal(Greg Costikyan), Passcendale(Francois Cuerrier), Bushwacker (Fred Davis), The Dogs of War(John Daly), Havoc(Josua Gottesman), Terran(Steve Heinowski), Envoy(Roy Henricks), Claw & Fang(Don Horton), The Home Office(Fred Hyatt), Tetracuspид(Richard Kovalcik), Lies, Deciet & Nefarious Schemes(Jerry Jones), Camelion a'Binoculare(Pierre LaBreche), Bumm(Walter LucHaas), Toronto Telegram(Bill LaFosse), Runestone(John Leeder), Voice of Doom(Bruce Linsey), Assorted Garbage (John Lipscomb), Cheesecake(Andy Lischett), Flying Buffalo Diplomacy, Retaliation(Dick Martin), The Buzzars Breath(Mark Matuschak), The Dragon & the Lamb(Steve McLendon), Brutus Bulletin(John Michalski), Emhain Macha(Michael Mills), Adag(Hal Naus), Le Front("BernieOaklyn"), Infidel(Nick Russon), The Showguns Sword(Tom Swider), Flying Orphan (Robert Sacks), St George & the Dragon(Bob Sergeant), Fol Si Fie (Randolph Smythe), Yggdrasil Chronicle(John Van de Graff), Ruritania (Tony Watson).

That does it. I have sent copies of Everything to at least  $\frac{1}{2}$  a dozen othersupposed publishers, but none of them have seen fit to reply. So as far as I know, these are the only active N. American 'zines.

\*\* NOTE: one of the previous custodians had marked this as irregular in the files. The only possible reason I can see that he did this was because it was an all California game. Ratingsmasters, take note.

This game had some questionable adjudications by the GM. When a new GM tried to take it over, the problem was brought to his attention. The players agreed to a 7 way draw. I doubt that this game is rateable.

Well, that's it for this issue ! See you in about 3 months .

Since I started typing this a couple of weeks ago, some new things have happened that I felt should be added so here they are.

New 'zines asking for numbers.

Also a correction to the Gamestart of 1980P. Dick Martin informs me that Aus tria is Jake Walters, Russia is Fred Winter, Ron Kelly has submitted orders for England for the entire game and is the player of record, not Chafetz

I have an abandoned game to report also. 1977 F is officially abandoned since not enough player interest was there to restart it.
