EVERYTHING #52

MAY 1982

 This is the official publication of the Boardman Number Custodian:
 Name: Don Dine.

 Hi sans! A lot has happened since I last wrote this front
 page (January, 1982). At the top of the list -- I got married
 and spent two glorious weeks in Hawaii. Thanks to all those who
 have sent their congratulations and best wishes. Second, Bern
 Samson, the very capable editor/publisher of the last four
 issues of EVERYTHING (#48-51), is no longer able to continue
 these duties because of job commitments. Bern did an outstanding
 job and will be very difficult to replace -- Thanks Bern.

This issue of EVERYTHING was edited and published by yours
 truly on my IBM-PC computer. Publishing a zine is not why
 I became the BNC -- it is not my cup of tea. So, I am now
 actively looking for someone to replace Bern. Let me briefly
 explain the job: every so often I mail the editor/publisher
 a packet of game starts and finishes. He types them up and
 when there is enough material to publish I send a cover letter
 (typed and addressed) and address labels. He then completes the issue,
 costs are covered and mailed to me -- I cover all other costs. If there
 is anyone out there interested, please drop me a note --
 publishers please plus this.

This issue is loaded with about 4+ months of game starts.
 Everything I had in my hands as of MAY 1, 1982 is included
 herein. If you've had a start or finish before May 1 and it's
 not included here -- I haven't got it. This issue also contains
 DOGHOUSE -- the orphan games placement zine published by Kathy
 Byrne and John Daly. I welcome DOGHOUSE and hope its association
 with EVERYTHING is a long one. This issue contains:

- 1) Financial Report (as of 5/1/82)
- 2) List of Contributors
- 3) 36 - 1981 Game Starts (1981IA - 1981KJ)
- 4) 47 - 1982 Game Starts (1982A - 1982AU)
- 5) SUMMARY of 1981 Game Starts
- 6) 56 - Endgame Reports
- 7) DOGHOUSE #1

Roland Prevot, the European BNC had asked some time ago for some additional number assignments -- it seemed (FA-FZ) were not enough numbers for the growing European hobby. Others have also inquired about the gaps in the BN's. Below is a table of present future number assignments to the three worldwide areas:

1982A - 1982AZ	North America
1982BA - 1982BZ	United Kingdom
1982CA - 1982CZ	North America
1982DA - 1982EZ	United Kingdom
1982FA - 1982FZ	Europe
1982GA - 1982GZ	United Kingdom
1982HA - 1982HZ	North America
1982JA - 1982JZ	United Kingdom
1982KA - 1982LZ	North America
1982MA - 1982MZ	Europe
1982NA - 1982OZ	United Kingdom
1982PA - 1982PZ	North America
1982RA - 1982SZ	United Kingdom
1982TA - 1982UZ	North America
1982VA - 1982VZ	Europe

This should keep the hobby busy for the next decade. Sorry I took so long to sort this out Roland.

The financial report appears on the next page. A few comments are in order. The cost for EVERYTHING #52 (this issue) is considerably higher than Bern's pubbing costs. There are two main reasons: This is a exceptionally large issue and my copying costs are considerably higher than Bern's. It costs me six cents per two sided page -- Bern cost was only for paper.

We are still on very sound financial footings and with conventions coming up this summer, the Income should be raised a bit, I hope. I also want to recognize those of you who have contributed to the cause. A list of contributors is shown on the next page. I particularly want to thank Ralph Morton for his \$8.00 no strings donation. Thanks also to those publishers who support the BN's.

One last piece of business -- Lee Kendter forwarded a letter from Walter Luc Haas (publisher of the German language zine BUMM for seven years). I quote him: "Since all of our games set BN's, I feel that they all should get rated as well and, maybe, also should appear in EVERYTHING - and the same should be done for the British games, I suppose. I, for one, would be very interested to see how our finished games influence the ratings - and where our players would appear in your rating lists."

Speaking for myself, I have no free time for such an endeavor. Most rating systems are fairly easy -- it's just very time consuming compiling lots of names and games. I think the best solution would be for a European player/GM to rate the European players using the same system as we use in North America. It would then be an easy matter to combine the two lists to form a world-wide ratings. It is extremely difficult for someone here in the States who doesn't set the European zines to do a satisfactory job. Especially if that person speaks only one language -- English. If there is anyone out there interested in helping in this international cause -- drop me or Walter a line.

This is the newsletter of the U.S. Orphan Service, which is dedicated to the rapid placement of orphaned Diplomacy games, both regular and variant. The Co-Directors of the USOS are:

Kathy Byrne 160-02 43rd Avenue, 2nd fl., Flushing, N.Y. 11358

John Daly: Rt. 2, Box 136-M5, Rockwell, N.C. 28138

The purpose of DOGHOUSE is to keep the hobby informed of the Service's activities and to request information about orphaned games and folded zines. Corrections and questions are welcome.

Beginning with this issue, DOGHOUSE will be published in conjunction with EVERYTHING. Thanks to Don Ditter for the invitation to come aboard.

OUR NOTES

The orphan business has been busier than usual these past months and we've had some problems we'd like to discuss in order to show everybody how we handle things. One area where we have trouble is when a gamemaster stops running his games, but keeps insisting that he'll continue them shortly. The players ask us to move the games to new gamemasters and we're stuck in the middle. Obviously, we don't want to "sieve" the games if the gamemaster really plans to run them himself, but we don't want to leave the games in limbo for too long, either. What we plan on doing in the future is to transfer a game when the results are not published within ten weeks of the deadline, if the players request us to.

Another problem we're having is sometimes a couple of the players in a transferred game are not happy with our choice of a gamemaster. We try to avoid putting players with a gamemaster when we know it will cause a problem, but we can't please all of the people all of the time. If we cause a problem for a player, he should contact us to discuss it. Players have to understand that it's up to the new gamemaster whether he follows the old gamemaster's house rules, press policy, NMR policy, and so on. We ask that the new gamemaster not charge orphan players a game fee, but the players should be expected to sub to the new zine. Players should remember that the gamemaster who picks up their game is doing them a favor.

Missing game records are also a problem. For various reasons, we sometimes can't get a folding gamemaster to give us his game records. Without good records, a new gamemaster can't continue the game because he won't know who's played what positions and he won't know for certain who owns what supply centers. Without complete records, the game can't be listed in EVERYTHING. Players should be aware that we can't place a game unless they or their gamemaster can give us the type of information that appears in the game completions in EVERYTHING.

Overall, things are going fairly well. Many of the hobby's gamemasters having been very helpful to us by volunteering to pick up orphans. They are gentlemen and scholars, all. We've been able to help a few publishers and a lot of players move their games and it's nice to be needed.

FOLDED ZINES (New Business)

LDNS (Jerry Jones): Although Jerry kept promising to continue his games we felt he was taking too long to do so and we tried to place what games we could with new gamemasters. Jerry has failed to send us the records for his games, so 78HP and 79P are unable to be printed in EVERYTHING despite the fact that the players in both games have voted on draws.

INVASION (Bruce Schneier): John Boardman announced in GRAUSTARK #448 that Bruce can be reached for refunds at P.O. Box 5185, River Station, Rochester, N.Y. 14627. Bruce's games are all continuing in other zines.

THE CHAMBER (Dave Manuel): Dave folded and transferred his games to other gamemasters. As far as we know, everything is okay here.

EREBOR (Ken Halpern): John Boardman announced in GRAUSTARK #448 that Eric transferred subscriptions from EREBOR to ANDUIN and made refunds to those who wanted them. EREBOR's only game is now running in ANDUIN.

THE TETRACUSPID (Richard Kovalcik): Richard asked the USOS to help him move his games and find new homes for his guest gamemasters.

EMHAIN MACHA (Mike Mills): Mike was continuing his games in a warehouse zine, while EM was absent. However it now seems EM will once again come out as a full zine.

JIHAD (Glenn Overby): After a long delay and many promises, Glenn has finally sent out his zine and the game results. We expect Glenn to come out more regular in the future, but we will keep a close eye on his games and make sure another

long delay does not occur.

25

EAST OF EDEN(Jack Masters): In his March issue of BLACK FROG, Jack announced that he would be continuing his games himself. Jack said that any players that wanted to rehouse their games were welcome to do so.

Closing Notes

As usual, special thanks go to those publishers who folded with class. And a very special thanks to all publishers who take over these orphans. Here we might mention, that volunteers are always welcome.

We'd like to remind publishers to let their players know we exist and what we do. The USOS can only function if people know about us and take us seriously enough to contact us. Publishers who are thinking of folding shouldn't hesitate to contact us for help in moving their games. People can write to either of us for assistance.

That's all for this issue. We'll see everyone next issue.
