I have received many inquiries into the status of the 1984 Dip Con.

Al Pearson has given me the following information, and please note the change of dates.

Location: Dallas, Texas

Sites: Market Hall, Regency Hotel

Dates: June 21-24, 1984

The current schedule calls for a two round Diplomacy Tournament for Sat. and Sun. Round one will start at 1:00 p.m. on Sat. with random pairings. Round two will start at 8:30 a.m. on Sun. and will be seeded based on the round one results.

The Dipcon Society meeting is scheduled for 9:00 p.m. on Saturday.

Anyone interested in bidding on the 1985 Dipcon should contact

Al Pearson, Box 898, Charles Town, WV 25414 for a copy of the bidder's packet.

A couple of problems have arisen with my insisting that everyone supply me with the required information before I will give them a number for their games. I am following BNC procedure all the way, and I will not make exceptions for anyone. One case in point, involves an Electronic Mail game. The players are unknown to each other at the game start, yet they can exchange correspondence by using E-Mail and pseudonyms. I have ruled this game a variant, and Lee Kendter has agreed with me. It is exactly the same as two games which are currently being run under BNC's. The players are unknown to each other, yet they can correspond through mail drops! The GM, very unsatisfied with my ruling, has chosen to write to quite a few zines about me. It seems that he feels enough hobby pressure will get me to reverse my ruling. I'm sorry if he saw fit to go that route, but I am the BNC and as long as I am, the game will not receive a BNC. I am printing this here, as most of my subbers are publishers and many of you have received the letter I am talking about. I have not got the time to write each zine separately, and I do not intend to. So, I figured that my side should be heard here. I am not refusing anyone a BNC if they are running a legit game, but I will not issue numbers to variants - I'm not the BNC.

Now a couple of corrections from last issue.
Ratings masters please note that 81CC and 81CC were both reported
in E #57 and then again in E #58.

Everyone please note that the 83HO T player is listed as Bill Lowe,
he wants it known that his name is William Lowe, not Bill.

As for William's complaint - would all GM's please try and list your
players in the form that they want to be listed, as Bill Quinn and
I have no way of knowing, a player's preference!

And now it is time for our financial report, and all I can say is
thank you. You really seem to come through, when a hobby service
is in trouble.

A very special thanks goes to Mike Mills and the PDO auction!
Through the use of an auction, Mike Mills managed to raise \$128.67
for the BNC, and various other amounts for other hobby services.
Also the Ia. Game Board, which is organized under Steve Arnawoodian,
made a very generous contribution of \$30.16, and Rod Walker donated
\$10.00. Thanks to all of you, and to the following people for their
support.

Steve Langley	\$6.00	Fred Davis	\$1.00
Bob Albrecht	5.00	Paul Gardner	1.00
Joe Clement	5.00	Mark Keller	1.00
James Woodson	5.00	Mark Larzelere	1.00
Ron Can. Brown	2.00	Dick Martin	1.00
Andy Lischett	2.00	Bob O'Donnell	1.00
Russell Sipe	2.00	Ben Schilling	1.00
Paul Milewski	1.50	Keith Sesler	1.00
Bill Placek	1.50	David Singletary	1.00
Dave Carter	1.00	Brad Wilson	1.00
John Caruso	1.00		

Balance Forward	\$109.25
Contributions	210.83
Subs & back issues	10.00
	<u>\$330.08</u>
Everything Cost #59	70.00
BNC supplies	<u>30.00</u>
New Balance	\$230.08

As you can see, Bill and I are no longer in trouble. Even though,
MDC did not make good on any of their promises. The DipCon committee
and MDC had a deal, whereby money from the Dip Tournament would be
turned over to the postal Dip hobby for hobby services. MDC will not
even answer letters, and obviously have no intention of turning over
the money. I strongly recommend that Michigan never again be
considered for any major Dip event. They have had plenty of time to
make good on their promises. In my opinion, the hobby was ripped off,
and anyone foolish enough to ever let a Dip convention back into Detroit
deserves exactly what they get!

I think that covers everything for this issue, and once again my
very special thanks to Bill Quinn for all his help. See all of
you in a few months, and thanks for your support!

Once again EVERYTHING is later than I like to publish. It is such a relief to see the last copy dropped in the mailbox. That means a whole month without the need to pour over game reports or my wife asking, 'When are you going to stop spending time on that thing?' The last six months have seen my available time diminish to almost nothing. Unfortunately my Diplomacy has suffered considerably and I find I must decide what in the hobby is most important. My decision has been to allow my games to wind down and devote my Dip time to proofreading and publishing for the BNC. EVERYTHING has become something of a pet project since DON DITTER and I worked together on its computerization. In the last six months I have failed to expand the computer archive past E.#48 but little prior to that time is relevant today except for curiosity.

On another topic is the continued E-MAIL debate. Due to my lack of time I cannot launch into lengthy discussions about its pros and cons. One thing I do want to make clear is that I do not want to discourage that aspect of the hobby. I feel that we should be cautious about accepting the E-MAIL faction with open arms. Certainly E-MAIL is the wave of the future, and as more postal players (such as BEYERLEIN AND LOOMIS) cross the line then E-MAIL will become the norm and not the exception. That day is still in the unforeseeable future. At this time E-MAIL is a novelty and its ranks can be joined only by those who take the leap into the personal computer age. For some it is too great a leap. The E-MAIL ranks are therefore a separate and distinct group, a separate league of Diplomacy players. Separate cannot be equal so E-MAIL games cannot be considered equal in all respects to postal games just as USFL football is not equal to NFL football. With time I believe E-MAIL will merge with Postal. For this reason the E-MAIL faction should continue to fall under the jurisdiction of the BNC so that a close observation of the growth of that element can be maintained and guidance offered in such areas as Orphaned games, GM and player irregularities, computer code security and other problems which are as yet unforeseen.
