Crushing Deefeet

First things first: ME (Guy.) I injured my finger again in last Sunday's soccer game! Typing is indeed a chore because I never learned two-fingered typing - I never typed on a typewriter until I had lessons, and this is awkward. I cannot believe being injured again - I did not play keeper so as to protect my hand and the ball was kicked into my finger anyway (and swelled up all out of proportion to the injury.) All this in a losing effort: we lost to a team that had not won a game in two years by a score of 4-1. That brings spring soccer's record to a poor 2-6-2 with one game left to play: still better than winter's 1-10!

Now the games:

1980 CE PARIS: a concession to Russia is proposed. Vote with your next orders, NVR= yes.

1981 IG: Is still in limbo. A day after last issue had been mailed I heard from Randolph Smyth acknowledging the receipt of my material; but he indicated that Gorham had not yet written him. He said he would write Gorham.

1982 ??: The Iron Dream: A boardman number has been sent for, I have the quote ready for the game (from Marinetti), and two sets of orders have been received. Also Mike Heney's address has changed to:

3100 S. Lamar Suite 104
Austin TX 78704

Two refunds are going out with this issue: Steve Arnawoodian's and Larry McCloud's. Sorry, Larry, no subs available at this time & yes, I am the Guy in 1981 CZ.

Because the PARIS game will probably be closing soon we are opening a new 30 day game, so anyone interested should send \$6.00 gamefee, including a survival length sub, soon. The game fee will climb to \$8.00 after the next game closes.

P.S.: I alsoplay in in 1981 CU, 1981 A, & 1981 AJ. I would like to start a new game in 1982. Know of any good 'zines with openings? Oh, yes, I am on John Daly's standby list and am in DOGS games 1981 AK & 1980 IO and am a standby in GIVE ME A WEAPON.
