Hai! Jikai! is now 5 years old! It has not been a very good year for HJ. It seems whenever I would try and produce an issue something terrible would happen and take priority. Things promise to be better this year. I now have continuous access to a PC. The workload is also supposed to be down a bit - we'll see. I can't promise I'll be on time, but I will promise that I'll never be this late again. I have removed the sub price from HJ and refunds will be with this issue or next. HJ will now only be available to players, traders, and other selected people.

Next issue being a winter only issue will be on time, if I'm in town. I do know already though that I'll be out of town on at least two trips in February, I'm just not sure of the dates yet.

Since I'm never around anymore I've gotten an answering machine. You may leave orders on it. Just to warn you, it has a generic message that is not in my voice, does not identify me, or give my phone number. It gives you approx 40 seconds to leave your message, so hurry.

Players in all games. Vote this time on whether you want your game rehouseed elsewhere. I will rehouse any game where a majority of the players want it rehouseed. I will keep any games where they don't. Not voting will be considered a vote to not rehouse the game.

PRESS  
 Germany to Russia: Sorry to disrupt your plans to control the Lemmings of Finland. Perhaps next year you can be driven off the coast. Coast of England is a little more doubtful.  
 Madlad - Once Removed to Swiss-Boy of Nanook: Aargh - you're a bitter opponent to play with. Just because I never stabbed you in a game you have to continue to stab me. No justice in this world.  
 Lupin - Madison: Am I one of the few people who get along with Madlads?  
 Eng to Fra: My, My, the Lad is Mad. What about the Bakko, then? What does that make him?  
 Eng to Russia: The cold went to your brain, I see.  
 Eng to all: Did you know Peters send obscenities through the mail. I kid you not. Typical Madlad stuff. Drugs & sex must be getting dull.
