Press Releases:

SCARBOROUGH: So! 4 Yanks against 3 Canadians! Them ain't bad odds....

ST. PETERSBURG: Minister Sukhomlinov today revealed that the supplies of Arms and Ammunitions for the War is nearing disasterously low levels. "The ready supply of arms and munitions has been largely used up in our successful drive to destroy the Hun menace." Though he did not say so, it was obvious that the new front in the South of Russia has additionally depleted these stores at a time when Russia's allies are either unwilling or unable to lend their support to the undesupplied and overextended Russian steamroller.

SPRING 1902 MOVES ARE DUE THURSDAY 2 NOVEMBER, 1967

---

Your honourable gamemasters would appreciate it very much if Jutland Jollies players would do us a great favour; please endeavour to have your moves in before or at least on the deadline. It is very annoying when we have to hold up an issue for a day or two or even re-type a stencil which has already been the case with us. See Brodingnag #71 for details.
