Circulation 107

# DANGEREUSES 30

This is LIAISONS DANGEREUSES, a journal of postal Diplomacy (C 1971 Games Research) edited by Lenard Lakofka, 1806 N. Richmond St., Chicago Ill. 60647, 312-342-6857, and published by Canard Press. LD will be beginning its third year of publication in May of 1972 (having issue #1 appear on May 18, 1969) having grown to the fifth largest general circulation Postal Diplomacy zine, being beaten only by TTT publications, GRAUSTART, EHREWON and COSTAGUANA.

LD is affiliated with the POSTAL DIPLOMACY CONGRESS and the "New Org". Membership in the PDC is open to publishers of Postal Diplomacy related material for \$1 (?) to Tony pandin, 10406 Shaker B. Cleveland Ohio 44104. for membership in the New Org see below.

LD # 30 carries LD 12, 15, NEO 1,2,3,4,+5, bronto 1+2. NEO 6 and LD 8 + 9 due 4/12/72, NEO 7 due 4/26/72

LD # 16 is open @ a game fee of \$4, 2 positions taken. NEO 8 is open @ a game fee of \$3 with 3 paid. The NEOPHYTE GRAND TOURNAMENT has 8 openings at \$7. Prizes are being given for the winner of NGT including trophies, game fee payments, and free subscriptions. LD offers the final discounts; for LD 50¢ for PDC and or IFW, for NEO 50¢ for New ORG, for NGT \$1 for New Org.

## A little CONTEST

When LIAISONS DANGEREUSES first was published an important event was GOING on. The first player now in a NEOPHYTE game or a new player, meeting the qualifications of general Houserule I A, will be given a free game in NEOPHYTE for the correct naming of the event in progress on May 18, 1969 commemorated in LD #1. Any player with the correct answer before April 26, 1972 having submitted a game fee will be given an additional \$1 subtraction (only the first person with the correct answer will get the free game, I'm not that rich).

## New Diplomacy Organization

The NewOrg is off anrolling with over forty members and elections now in progress. Nominations for office are now in the process of being accepted, and confirmed by April 5, 1972. I assume a ballot will then be mailed in the first through third week of April.

The goals and ideals of the New Organization, which include a novice player's guide book, a guide book for new publishers, a list of players who wish to become substitutes in games, a good consultants program, a bimonthly newsletter and more. The important point to realize is that this first year, i.e. 1972, is a growth and growing pain year. There will be hustles and squabbles over a few points and everything will not function perfectly. It is the VISION of this organization that is so important. It CAN NOT be looked on as an organization that will do this or that in 1972 or 73 or even 75! It is the potential to innovate, based on a democracy, that holds the attention and captivates the desire to become a part of these growth years. We need only follow the record of Postal games to see that the number of new games is at a new high, Avalon Hill is entering the field of diplomatic games, which promises another surge as the AH players (thousands of them get turned on to DIPLOMACY) come to our

to our standard. Political simulations are coming into play which promise new diplomats of all ages. In short the plans of today do not even touch the reality of tomorrow. Wargaming which began in 1959 in America (boardgaming, let me clarify) with GETTYSBURG has grown to a vast industry. Wargaming club membership now approaches 5,000 nationally with a few super clubs like IFW, SICL and AHIKS in existence. The New Org is the first step toward the creation of a correctly formed and oriented organization devoted to the hobby and its growth. Wargaming can be used as our historic reference site, so we can avoid the serious pitfalls which doomed many a wargaming club.

The investment of \$1 now, to Larry Perry, 816 24th, San Diego Calif. 92102, is an investment on what we hope for the game of Diplomacy and even for areas that have yet to appear in the field. I urge you to support the organization and join NOW, in time to vote in the first election, and even to be an important member on one of the major committees soon to be formed. As before, Canard Press will make up 25% toward the entry fee of \$1 to any player in a NEOPHYTE game if you send your 75% to Larry Perry now.

Editor begins kissing babies, making speeches, hitting the old campaign trail!

I have been nominated for the office of Midwest Director in the New Organization, and have accepted. Now I would like to appeal for your vote in the upcoming election.

I have been active in postal Diplomacy for three years, beginning in 1969A and soon after starting to publish my own zine LIAISONS DANGEREUSES. As noted elsewhere in this issue that publication is now the fifth largest general circulation zine, only 40 odd behind EHREWON, GRAUSTARK or COSTAGUANA, Two of which have been around for over six years!

I am president of the INTERNATIONAL FEDERATION OF WARGAMING which is the largest wargaming club in the United States with a membership of over 430 and a magazine circulation of over 600. I have been an administrator in that organization since January of 1969 at which time there were but 85 members in the IFW.

This year I am the convention host for DIPLOCON V having been convention chairman for five wargaming conventions, including the national Lake Geneva Convention.

I have authored over 40 original articles on wargaming, 18 on Diplomacy appearing in the INTERNATIONAL WARGAMER, PANZERFAUST, SICL MONTHLY, the GENERAL, AFV-G2, HOOSIER ARCHIVES, THE WARGAMER, and other game oriented magazines. In short, my commitment to the hobby of wargaming and Diplomacy is a total one.

I wish to run for the Midwest office for here I can do my best. As your representative I shall work for the rights of individual member above all. I will work with the other elected officials to aid in the leading of the organization along a path toward success and greatness in the hobby. Specifically, my interest is with the novice player, the player's guidebook, and services to help the player get the most satisfaction from the play of the game. I will do my best to make sure that all programs begun in the organization are completed and carried out on schedule.

I believe that I am the best qualified candidate for this office. I shall be glad to debate my opponent(s) on all topics that he may care to raise. In the next issue of LD I shall present my program for the growth of the organization and programs to achieve the best in services for the membership.

1971 DV Harley Jordan's moves arrived late but his sealed orders  
 were used under housefule III G b. Thus moves received after  
 the deadline, for whatever reason, will not be used in sealed  
 orders are on file and have been legally used by the GM.  
 Sealed orders, once used, must be refiled. They will NOT be  
 used again. This applies if SO are used for moves, retreats,  
 builds or removals. If two or more seasons are called for at  
 once, the SO will be used for all concomitant seasons.

Please note that air mail or any mail from the coasts takes  
 2 days to get to Chicago! If you mail the day before the  
 deadline 75% of the time you will <sup>be</sup> late!! The U.S. postal  
 corporation STINKS!

1971 DO Steve Brooks called last night to make move changes. In  
 the case of phone calls housefule III C clearly does not  
 apply. Late moves, or move changes, that are instigated  
 prior to the deadline will be accepted under HR III C for  
 novice players. However, a phone call can not be instigated  
 before the deadline <sup>when</sup> it arrives after the deadline.

NGT add; Gary Gehrke, 1314 Spring St. Apt 3A, Madison Wisc. 53715

I believe the above mix ups will point out to the novice players that  
 prompt orders, sent well before the deadline, are the best policy, but  
 that sealed orders can save you.

 of the Russian advance, are reportedly bitter about the obsence of

and guess what else.....

I have just spoken with Walt Buchanan and he informs me that while TTT publications, Ehrewon, and Granstark are 1st, 2nd and 3rd in circulation Canard press may be fourth. the Diplomania/Diplophobia complex may have over 107 circulation. At any rate HOOSIER ARCHIVES is rapidly approaching its first hundred in circulation. So we are 4th or 5th and we do plan to make 3rd so.....

\*\*\*\*\*

Be watching HOOSIER ARCHIVES for more articles on the Tactics and Strategy of DIPLOMACY along with rating information and miscellaneous articles on many subjects. Canard Press has authored an Article on Austrian 1901 openings as they relate to to his neighbors. HA is THE WEEKLY publication of Albatros Press/ Walter Buchanan, RR3, Lebanon Ind. 46052. 15 for \$2. Highly recommended!

1972 N (NEO 6 is due on April 12), 1972 AE (NEO 7 is due on April 26). SUBSTITUTES are needed for each game. If you wish to added to the substitute roles please indicate a game preference (if any) and you shall be added. There is no game fee for a player now entered in any NEO game (this includes the NEOPHYTE GRAND TOURNAMENT) if he becomes a substitute in another game. Substitution still allows you to play in a second game in NEOPHYTE if you shoose.

+ LISTINGS, INFORMATION, NEWS +

1. The INDEX TO POSTAL DIPLOMACY LITERATURE is a cross index of all articles, major letters and the like, printed in the Diplomacy Press. Issues 1, 2, + 3 are out listing all articles, reviews, letters, etc. from 1971 and the first quarter of 1972. A ten issue subscription is \$2 with backcopies selling for 25¢ each. Available from Rod Walker, 4719 Felton St. San Diego Cal. 92116
2. HOOSIER ARCHIVES # 60 contains a full list of 322 active Diplomacy Players. It is a valuable listing to have, as many zines do not fully update their mailing list less than once a year. Updating of this list will be done periodically by Walt Buchanan, R3 Lebanon Ind. 46052. HA is 15/\$2, 7/\$1, back issues at a stamped self addressed envelope each (or 8¢/issue). HA contains original articles and rating lists. The Best Buy in Diplomacy.
3. Game Openings in EREHWON, \$6 game fee, \$1 off for New Org members. See #1 above for address.
4. Beware of fraud! Chain letters, which are now circulating in wargaming and Diplomacy, are ILLEGAL. A case in 1970 of a similar chainletter cost a fellow in Iowa \$1 for the letter fee, and a \$200 fine when he collected the \$9 pot of gold (which, by the way was suppose to be over \$1,000!!)
5. Game openings elsewhere

for novices NEOPHYTE, PONTEVEDRIA (Rod Walker), ARMADILLO, (above),  
for experienced players; ANTARIES & Burt Labelle), ATLANTIS, Chris Schleicher, PFEFFIG'-HALBFENNIG (John Mc Callum)

To this we would like to make a few additions;  
DIPLOMANIA ( Don Miller) GAMESLETTER (Don Miller), XENOGOGIC (Larry Peery) NUMENOR (Rod Walker)
7. Beyerlein Poll. Doug Beyerlein, 3934 S.W. Southern Seattle, Wash is beginning to garner votes for his fourth postal poll. All you have to do is to list the 14 top players (in your opinion) in the game and send them to Doug. They should be arranged in two lists of 7 in the order you believe them to rank. Your ballot must be signed to avoid duplication.
8. DIPLOCON V will be held in Chicago on July 22 & 23 in the Sherman House in Downtown Chicago. Featured will be a 49 player diplomacy tournament, a speech by Allan Calhamer, and meetings for novice players and publishers. A full wargaming convention and trade show will also be held. For details watch for our Flyer which will appear in a number of zines in April, or write me at 1806 N. Richmond St., Chicago 60647 for details.
9. Buddy Tretick is opening another section of his variant of Air-Sea Diplomacy. AVOID IT! The game in which I played lasted for TWO SEASONS ONLY and I never received any notice as to what happened to it. It is a rip off--don't join!
