MARGARET GEMIGNANI MEMORIAL ISSUE. WE ALL LOVE YOU, PEG!

NOTES FROM THE UNDERGROUND: ROBERT WARD.

I found that the copy of M.U. I sent to Bob Ward was not properly forewarded, and was instead returned to sender, your friendly Gamesmaster, me. My policy has been to seek competent substitute orders in the case where I find it impossible to reach a player. Consequently, I requested Dan Alderson to be so kind as to write orders for Bob's positions. The two sets of orders listed by the name 'WARD' in this issue, then, are actually the excellent work of Dan Alderson. In the event I can't get a hold of Bob, I will ask Dan to continue to submit orders for these two positions. If a game ends, I suppose that I will have to credit Dan with being a substitute player for Bob. I hope that this eventuality will not come to be the case, of course.

You know, I'd just like to see everybody miss their orders for the next exciting episode of this confounded mess. naturally, I am sure that either Dan Alderson or Bob Ward will get in orders for England, and that I'll hear from Dygert, Bailey, and Brannan. I should hear from them by the next deadline, though...

I expect that Conrad is the only person in Postal diplomacy who has any idea at all of Bob's address. Hopefully, he'll forward any letters...
