MAJOR WAR INEVITABLE AS ARMS RACE SPREADS IN EUROPE!

...Winter 1801 Builds:

AUSTRIA (Bailey): F Trieste, A Budapest

ENGLAND (Vance): F London, F Edinburgh

FRANCE (Henderson): F Brest

RUSSIA (Carrillo): A Warsaw, F St. Petersburg (north coast)

TURKEY (Moslander): F Smyrna

Taped from a live broadcast by the Cyprus Broadcasting System:
"The world stands in shocked horror today at the accounts of savage atrocity still flowing out of Greece along with the ever-increasing stream of refugees from Austro-Hungarian oppression. The CBS pays tribute to its valiant colleagues in the Byzantine Broadcasting Corp. who stuck to their newsdesks till the very end, when north Balkan terrorist infiltrators brutally bound them to stacks of copy paper with their own typewriter ribbons and incinerated them alive before a stunned audience in the Old Soph Theatre.

"In Konstantinopolis, His Imperious Pasha Hareem Al-Rashid proclaimed himself united with Czar Alexander XXXI of Russia 'in the search for a just peace' in the Balkans. 'This includes, naturally, repatriation of all Turkish provinces in the south and reunion with their Slavic brothers of the lands to the north,' elaborated the heir to the Most August Throne of Caesar and Most Pious Basilisk of (Suppressed) Greek Orthodox Christianity. He swore unalterable emnity against 'the vicious mongers of soulless terror, bloody harbingers of anarchist democracy, and primordial, sub-human Vandals of world peace and international law,' adding that, 'of course, this does not refer to the noble and courageous Austro-Hungarian people, for whom I have long held the profoundest personal admiration. Some of my best wives are Viennese. These people are merely the pawns and victims of the international thugs and brigands in Budapest who beyolk their own countrymen to the millstone of misfortune while driving them relentlessly with the bloody goad of oppression.'

"The Ottoman imperator discounted rumors of reprisals against the Austro-Hungarian diplomatic staffmen in Turkey, saying that their removal to the Hell's Catacombs in the Circassian Salt Fields was 'merely for their own protection from perhaps over-zealous concerned members of the community. We, at least, still

respect diplomatic immunity.' Medical sources indicate that this immunity may be sorely tested by the plague of Blood Death currently devouring the Caucasian region.

"Meanwhile, fugitives from Austro-Hungarian terror have poured into Cyprus by the shipload, greeted with open arms by solicitous Greek and Turkish Cyprians alike. Chief of this branch of the Imperial Refugee Relief is Achmed Peter Disraeli, renounced business sheikh, and currently fron-running candidate for leader of the Loyal Opposition, election of which to Parliament has been delayed by Imperial decree due to the current state of emergency occasioned by the anarchist October Revolution, now firmly under control.

"While rebel leader Isaac Laquedem remains at large, other revolutionary officials have been persuaded by the Imperial Ministry of All-Embracing Truth and Ever-Compassionate Justice to admit to instigation by the unrecognized insurrectionist regime of anarchists momentarily controlling thirteen of the British North American colonies. All have confessed to card-carrying membership in the International Democratic Conspiracy, founded by Benjamin Franklin, currently headed by the Washington terrorists, and in actuality controlled through the London Stock Exchange by a cartel of Judeo-Christian financiers from Vienna. Execution of the October rebels under the penalty established by the Alien Subversives Act of November, 1801, will be carried out as soon as the Imperial Ministry of Agriculture, Animal Husbandry, and Women's Affairs has collected enough killer camel-rot spores for intra-dermal infestation."

LONDON: Their Majesties' government as represented by His Excellency Lord Kitchner-Battenmount Zilch RSB, CCMB, NBC, & CBS states that "the sovereignty of our Iberian friends will be maintained. We are calling upon Lisbon, Madrid, Salonica, and Gibraltar that the might of Their Majesties' fleets will turn, avert, destroy, or otherwise clobber any imperialistic designs made by those non-Christian countries which were not blessed by the Concordances of London of 1547, 1563, and 1601."

MOSCOW: His Imperious Majesty, the Czar, held a press conference today, in which He reassured Turkey of His adherence to the still secret terms of the Black Sea Conferency of 1797, the Trans-Caucasian Talks of 1799, and the Moscow-Konstantinopolis Agreement of 1801. Concerning the disposition of the Balkan states, He announced a Holy War to reunify His Slavic brethren yet held in captivity, and denounced Austrian infiltration of Hungary. He also announced the execution of Duke Leto Atreides as part of an Austrian-financed cabal headed by Prince Leon Trotsky and Prince Josef Dzugashvily (alias Stalin), dedicated to His overthrow and that of Holy Mother Russia. He also revealed the apprehension of a group of Austrian spies connected with the late Gen. Rebhellnifoff. He concluded with a ringing declaration of His desire for peace in Europe based on the as yet undisclosed contents of the above treaties. "We desire no wider war!"
