Gamemaster for all other games is Robert Nielsen. Subscriptions are 10/31.50 and game fee is \$1 for the first game and 50¢ for each game thereafter. No game fee is required for ADA members although a sub is required. Standby players are still needed for all games. There will be a new game opening soon, but positions are still available.

Obviously this issue is late. The reason is that I set the deadlines in May (that is I picked out the deadline June 13 in May) and later found out that this deadline came before finals in June, graduation, and all the other things that go on at this time of year that kept me from getting to typing this. A 10 page report entitled "The myriad of events that kept me from getting number 23 out on time" can be obtained from me (Robert Nielsen) by sending a self addressed stamped envelope and ~~ix~~ 10¢ for handling. Each order must be clearly written, using number 2 lead pencil, on the back margin of any piece of paper provided said paper is a federal reserve note of at least one hundred dollars in value, or a good resemblance of one.

To those of you in games ~~XXXXX~~, 1972 AG, 1972 BI, 1972 Q : important note. The next deadline comes after Stephen Marsland, the old GM, comes back from Japan. Therefore, all moves ~~must~~ should be sent to the 78 Genesee St. address. I will make every attempt to forward mail sent to me, and conditional orders I may already have, but I cannot be held responsible for mail sent (i.e. moves sent) to me because I will be on vacation at the time of the deadline, and of course will not be able to forward late arriving mail. Thank you.

The Passover season passed happily while thousands visited the Adriatic for a long earned vacation. God bless ye all.

Two Syriat merchantmen had it on good authority that the Turkish fleet was destined for the Ionian, and that it would attack the French at dawn in one or two days. 1972 Q --- Spring 1904

The Winter positions of last issue contained a mistake. The mistake was in the listing of an English F type. This type looks like Bol or Hel, but it is neither. It is F Hol. The corrected Winter 1903 position for England is F's Ska, Den, Nth, Nwg, Hol, A's Nwy, Ruh. I would have published the moves for this season if the English player ~~xxxxxx~~ had seen the error, but he didn't. What I will do is send this NV out and ask for everyone to immediately write back if he wants to change his orders. No reply will mean that I will keep the same orders I have from you. Fall 1904 orders will be due at next issue's deadline - August 3. This way the game will be kept moving, without missing a turn. Spring 1904 game ~~xxxxxx~~ results will be sent out in a special NV supplement.

(Brest) The Liberal and Conservative Party ~~x~~ conventions met and concluded here this week with Pres. Pompos Dec being nominated by the Conservatives, as expected, and with George Floorace being nominated by the Liberals over Maurice de Guallebladder. Despite his defeat though, de Guallebladder said he would run on a third party ticket - The Liberals for Peace Party. The results of the election will be made known in the Winter.

(London) The United Kingdom today declared that for reasons of national security and international harmony, war on the nation commonly known as Russia will cease! As a token of sincerity, British ships fired shells onto Austrian troops and fortifications in Livonia, to draw off supporting attacks on the Russian capital. Further aid is on its way. A former pact held with Austria has been discontinued for reasons that the Austrian nation has attacked all of England's allies, which is considered an ~~x~~ attack upon the crown itself.

(Vienna) -- May 17th -- The Viennese Government announced today that  
 Austria is willing to "go either way" as far as relations with  
 France are concerned. The Austrian Government endorses the can-  
 didacy of deGaulle as candidate for the Presidency of  
 France. The Government of Austria is highly annoyed over recent  
 statements by the current President of France; Pompidou.
