NEMEDIAN CHRONICLES #9 (actually #10, I seem to be zz) March 19, 1969
 This is NC #9 (no kidding), and its a miricle its gotten this far.
 This will definitely be the last issue before the end of April. Your
 editors/struggling university students have nasty things known as final
 exams to contend with. We will regain a 'zine every three weeks
 schedule as soon as every thing gets back to normal.

By the way, the perpetrators of this fiasco are:

Gerhard Graebner
 Box 242, Sub Post Office #6,
 Saskatoon, Sask

Norman Zinkhan
 Box 1237
 Rosetown, Sask.

Please note the changes of address. They are good for the summer.

The Turkish Army Budapest is annihilated, having no retreat.

The situation in the Tyrrhenian Sea merits further explanation:

The rulebook states that: "...an order to move, with support, against a unit belonging to the same country as the moving, or supporting unit is of no effect, i.e. a country may not force one of its own units to retreat"

This situation came into play here. The French support for the attack made the difference between success and failure. Hence the move did not go. If however, the British had a support of their own, the additional French support would not have changed the outcome. This latter is for obvious reasons. If it were not so, a besieged player would have a new defense mechanism: support the enemy attack and it won't succeed.

NEWS OF THE WORLD

BERLIN: POLITICAL COUP IN GERMANY ***---During the past six months, several changes have occurred in the German States and protestorates. The Imperial Government of Kaiser 'B' and Chancellor BAD has fallen to a national coup.

The German territories shall now be referred to as the National Republic of United German States. The new administration is built on the concepts of Rousseau's Sovereign Republic.

In the new state all men are born and remain equal and all personal liberties shall be upheld. Liberty rules!

VIENNA: Frederic Fircola, correspondent. Chiefs of the Austro - Hungarian Empire were able to assist the newly liberated Turkish peasants with ample supplies of a special Chili as well as ample quantities of Christian Faith. This is the first time in recorded history that these poor people have been free of oppression. By this time next year the noble people of Turkey should be totally liberated of the tyrannical oppression of their tartaric Sultan.

BERLIN: The universal consent of the National Republic of United German States was given to our victorious armies and fleets to give support to our suppressed brethren under the control of despotic monarchism and other forms of depressant bureaucratic control. Our armed forces shall endeavour to spread liberty and total freedom to all peoples of Europe.

STOCKHOLM: Today after an evening of riot and terror the leaders of the State of Sweden called for armed aid from the National Republic of United German States to aid in an oust of foreign Imperialistic Russian suppressive agents. The establishment of a new Swedish Republic was announced.

THE GERMAN JOKE DEPT

Unfortunately, due to the great backlog of moves, we're short of room this issue, so this popular feature (Red Walker likes them) will not appear this time. I'll try and coerce Norm into agreeing to two next time I've got a real dandy about Hitler in heaven.

This has been Nemorian Chronicles #10. We'll trade all for all with other zines. Subs: 50 each in Saskatoon, 2/15% outside. No game openings at present.
