1988 PDO Census

Well, fans, this is it: the 1988 PDO Census. All right, so it's 1989 already, so who's counting? Anyway, many of the addresses and names were entered by Ken Peel in the summer of 1988, so that's close enough for me. Not that they're all obsolete, of course, as these addresses are based on the *Retal/House of Lords/Politesse/Thoraxten/Lord of Hosts/Zeta Register* database. So I think most of 'em are current. If you find one in error, well...you know how to work a pencil....

My thanks to Ken and Julie for their help in entering the info. Thanks (and a free issue bribe) to all pubbers who sent their lists for inclusion. Special thanks to Fred Davis, Brad Wilson, Jim Meinel, Mark Berch, Julie Martin, and Melinda Holley for sending in updated lists after hearing that I was seizing this little project. Hmm, hope I didn't miss any there. Even more thanks to Julie and Pesky Kenny for their sharp eyesight as proofreaders. Anyways, enough is enough. An extensive, statistically significant pile of stats follows, then on to the meat and potatoes....

If you don't get it free for some reason, this thing'll set you back a buck. And I, of course, am Dick Martin (guess where you can find my address?).

Lemnesee, totals add up to 666 dipdomites in the US of A, and 40 in Canada. Just goes to show that the hostile takeover of the Canadian dip hobby by the Evile Ammurricans really is a Satanic plot. Hey, I should know! Eh?
