Spring 1907

winter: look what I did. That was turk f con, not two f ions.

England (Blank): a lvp-yor, a mos (h) /d, stp,otb, f yor-nth, f eng (s) yor-nth,
f iri-nao, f nwy-swe.

France (Stevens): a mar-pie, a gas (s) bur, a bur (s) bel, a bel.(s) bur, a pic (s) bel,
f mao-wmed.

Germany (Forte): a kie-hol, a ruh (s) kie-hol, a mun (s) ruh, a war-liv, a sil-ber,
f hol-helgo.

Italy (Kelly): a rom-nap, f tyn-nap, f tun-ion.

Russia (Key): a gal-war, a sev-mos, a ukr (s) sev-mos, a ven (h), f swe-nwy.

Turkey (Trabue??): a alb, a gre, a tri, f ion, f aeg, f adr, f con hold.

This is the second move that Tony Trabue has missed (the first he had G.O.). Where are you Tony? If you don't submit orders for Fall Turkey goes into C.D. (unless I go for a replacement, which looks questionable/unlikely) which will make me and the western powers sad.

Spring 1909

DELAYED- Steve the Hall did not get his issue (I gleaned this from his letter) and Noel Doctor only got the results 'cause we met at a game on Saturday. So, a delay till next deadline. I have orders on hand for France and Turkey. The adjustments were (check that ARENA for all units because I don't want to retype them all):

England: build fleet edi.

France: no change.

Italy: build army rome.

Russia: no change, but now in civil disorder.

Turkeyd build army con.

Next issue (or thereabouts) another orphan will be arriving, I believe from EL CON.

NEXT DEADLINE: WEDNESDAY DECEMBER 11, 1974. Into the Christmas rush. Hmm. I may be accepting orders on Thursday next time only if I type this up Friday again. However, submitting orders on Thursday would be at your own risk and I will reserve the right to laugh in your face if I've already typed up the next issue by then. Perfectly clear?
