The ones circled are your personal charts so make sure you have it straight!

STENCH!! still has game openings in any OWII game that you might like. If you want ask for your copy of the STENCH!! house rules and they will be sent to you free! The OWII games are all \$1.50 unless you sub to BOAST which case it is \$1.25, or a NOW member in which case your first game is free, the second and all others after that are 75% if you sub to BOAST, or \$1 if you don't. I might add that BOAST cubbers get there first game for 75% these are the cheapest prices any where. Though the quality may not be all that good, the thing is fair and good, plus this zine comes out on time which isn't always the case with a great number of zines. THERE is also a Middle Earth IV game opened in STENCH!! it takes a sub 9/\$1 and a \$1 GD? THATS ALL FOLKS press is welcomed!!!
