

STENCH!! is put out by Herb Barants and his wife Connie, every third Sunday or so, from 157 State St., Eastland, LI 49454. There are game openings for as many games as I can fill. It will be of the type of OWII game that you'd like to play. Prices for OWII are; for NOW members and BOAST subbers 1st game free, and 75¢ there after. For NOW members first game is free, and there after \$1 for BOAST SUBBER the first game is 75¢ and \$1.25 there after, for others 1st game is \$1.25 and \$1.75 there after. These are the lowest fees in OWII PB II scene. Also opened in STENCH!! are Dippy variants around middle earth books. I have 4 people signed up for Middle Dart IV and need but 2 more to get started. Lasty the joker brings on the games:

The Deadline for the Fall 39 moves will be on Friday 10-11-72. The move a will probably still come out on Sunday. It is just that I'm trying to cut down on the work of putting out BOAST, STENCH!! and what ever else has to come out on that Sunday. Unless I hear some objections, it will stay so for some time. I would still like to know if the players would like to have even shorter deadlines, say two week deadlines? Please reply with your moves.

Two fine OWII zines that I recieve are Lew Pulsipher's BLOOD AND IRON, which is affiliated with NOW, and John Boardman's FREEDOMIA. Both these zines are of very high quality and well worth the money to sub to them, or join a game, as they both have game openings. Write Lew at 329A Twin Towers, Albion, LI. and John, at 234 E. 19th St. Brooklyn NY 11226.

PRESS:

BURQUINE : The military appauled at the assassination of officials, in that area, recieved orders from Blum to quell the rebellion. They have now, most of the area under control.
 BURGINE(BOAST) The people in this small provenice have been put under the boot of Blum. No messages can get either in or out, and the people are completely cut off. Though Blum has stated that he is in complete control, the rebellion is still in doubt. It seems as though is area is a scapegoat for the Government lack of for sight. It should also be noted that it was this area that voted against Blum in the last election. The world wonders...

HOPEFULLY the next issue will be a 3-4 pager as I plan to get some articles typed up for it , though then again maybe I won't have the time, though I will sometime.
