ISSUE No. 18

Published by DAVALAN Press

Feb. 12, 1985

My first try to computurize the AG was a failure. I spent a little over an hour typing turns into the computer we just purchased at work when I tried to copy it onto the printer and erased it. I gave up at that point and went back to the rliable typewriter. I will retry the computer at a latter date.

I am working on getting some maps to publish the results of the Diplomacy and Gunboat games on. Hopefully that will occur next issue. I feel that the Youngstown games are to big, so I will not attempt them.

I was able to start two games of Gunboat this issue. Thank you to all the people who sent their moves in as soon as they got my call or postcard.

I am doing your sub balance different. Since I type the address labels up early, I will type the balance on that after your name. If there is a negative sign in front of the number, you owe me that amount. They may not reflect a check sent a couple of days before the due date.

A notebook is being put together for Sara Taylor about her father. I am asking those of you who knew him to please write 200-500 words about how you met him, your relationship, and what you thought of him. This will be given to Sara at a later date (about 10 years) so that she can know something about her father through his friends. Please pass this on to anyone that knew him. Send the copy to me and I will put them together and get them bound together.

Game Openings: Civilization 5.00 + sub will be droped soon if
not filled

I need standbys and replacements for all games!!!

PRESS-----

Dear Ivan: I really have been most favorably impressed by your friendly behavior in these very trying times. So much so that I insist on restoring you your rightful Duchy of St. Petersburg; only this would be better called, in my vision, the United Scandanavian States' Republic. Please make your way back there, now that those nasty Turks are gone, and you will be assured sovereignty over Sweden, Finland, Pomerania, and the Baltic States (currently known as Prussia and Livonia).

I would be willing to provide similar arrangements now for Chauncy, not that he deserves it, if only he would give me a proper sign of remonstrance, such as withdrawing into Norway and its sea; then I might be disposed to turn over Edinburg and make him a Baron.

As for Pierre - such an amusing fellow, and always in such good spirits - (you can tell by the tilt in his beret) - I'd have to be more generous. But you know, he's so forthright, he probably would not allow me to make an offer.

After my good friend Arturo down in Rome, he really deserves the best deal, at least 4 centers. I'm afraid I'd have to insist that Art get one more, especially since it was Pierre who took away Art's Portugal. For simplicity's sake, maybe Pierre would turn Marseilles over to Art? This could be a little sticky, but it would satisfy my sense of fairness.

Sincerely, Heinrich

THE OTOMAN ENQUIRER: His Majesty Mahmud vows to support the invasion of Trieste by Italian forces.

DEPRAVDA: The volume of disinformation coming from the Western Imperialists cannot hide from the masses of freedom-loving people that the Capitalists are agitating for a war that they may add to their profits. Communists in every country are exhorted to uphold democratic ideals and subvert the evil intentions of the Imperialistic War Monkeys!

Even as we speak, assistance is flowing from Holy Russia to aid the fight for democracy in Sweden and Rumania. The masses shall triumph over the wicked poecessors who would lead them to death and destruction.

We cannot help but notice the calumny and collusion of the capitalists of France and England as they prepare to wage a war to subjugate all of Europe to the pursuit of their profit margin. It is with dread that we view the appeasers in Berlin who have turned a deaf ear to the voice of the German people. How many pieces of silver did the capitalists give for the people of Berlin? The people of Munich?

KAISER WILHELM BLASTS RUSSIAN EMPIRE
Calls Czar Nicholas "Barbarian"

(German Imperial News Service) Feb. 18, 1901--Today in a speech before the Reichstag, Kaiser Wilhelm II delivered a tirade against the Russian Empire, calling the Czar a "barbarian" and the "leader of a barbarian people". Justly pointing out the many indignities we have suffered at the hands of the Slavs, the Kaiser called for a "final solution" to the problem of the East.

PRESS:::::::::::::

CAIRO - The citizens here are preparing for the imminent arrival of
 Mr. Maurice d'Mau Mau, continental adjutant of the Tse'Tse' Brothers,
 for the general Peace Conference between him, the Caliph, and the Pope.
 It is hoped that a settlement satisfactory to the interests of the
 Pan-African movement will be reached.

Informed sources have indicated that the Caliph has acceded to
 Mr. d'Mau Mau's suggestions, but that the Pope is becoming increasinly
 recalcitrant. Cairnes hope for the best.

STEAMSHIP NEWS

(The International Trade Publication of the Cruise Ship Industry)

TANCIER: The symbolic silver shovel was used in ground-breaking ceremonies today of the latest venture in international cooperation - construction and refurbishment of the ferry and hotel facilities here at the nexus of Europe and Africa. Long-range development plans project a tremendous increase in travel between the two continents, thereby boosting trade, revenues, and standards of living for everyone.

A Consortium of French financiers and Japanese labor brokers, the Rothschilds and NIP-POWER, INC., are the main players in the project. The first contingent of eager Japanese construction engineers is due to arrive shortly. They will be in strictly an advisory capacity, so that the local populace will be afforded an opportunity for full employment.

This new project, in conjunction with last years agreement in Mogadiscio between the Japanese, Indian and Italian ministries of tourism, already has the E.E.C. (English Entertainment Committee) planning an upgrade of the facilities across the straight in Algediras.

It can be expected that German Auto-bahn engineers will soon be planning on a Pan-African Highway. Fortunately, this road will not be a substitute for the historic Marrakech Express, upon which Mr. Pice, the French member of the shoveling delegation, was seen boarding immediately after today's ceremony.

QUAMP DJIBOUTI: Dear Mom and Dad, food's great, having lots of fun. A lot of kids from India here; they're learning how to swim too. Sometimes we sneak out and have a pizza. I'll send you the recipe. My favorite dish though is Turkey Tetrazini; I think it's served as another kind of Italian dish, but I'm not sure. I asked my counselor and he said it was because it was carved up first before being cooked but I'm not sure what he meant.
