

THE  
APPALACHIAN  
GENERAL

34

THE APPALACHIAN GENERAL (TAG) is a monthly publication from DAVALAN Press. TAG is devoted to the playing of diplomatic games. Variants are the main focus, but one or two games of regular Diplomacy are always present. There are no game openings now, and none are expected until January 1987. Standby players are needed for all games. Subscriptions are 75¢ per issue, or 15 issues for \$10.00 if paid in advance. The editor and publisher is David K. Mc/Crumb, Route 1, Box 109, New Castle, Virginia 24127.

July 21, 1986

Mailed moves are due by Friday August 22, 1986. Phone moves will not be accepted after Monday, August 18, 1986, however, changes to moves already submitted before that date will be taken by phone.

\*\*\*\*\*  
The Runestone poll is now out. I recieved it last Friday. TAG came in 20th this year, a rise of 12 positions. In the GM poll, I came in 15, a rise of two positions over last year. I will have a more in depth writeup next issue. It is available from Bruce Linsey, 73 Ashuelot St., Apt. 3, Dalton, MA 01226. The cost is \$1.00 if you voted, \$2.00 if you did not vote.

I am starting a lab course on Monday that runs from 8:00 am to 5:30 pm every day. I will be very busy, and tired most of the time, so I would appreciate it if you would not phone in moves this time. I will accept them, but prefer not to. Thank you. The next issue will be a little slow (so what's new) because I will still have another two weeks of the course after the due date. I will try.

The military quiz is finally back. See page nine. And the headline of the month is on page ten. (If you find one you like, send it in. It will get you a free issue if picked.) I also need a better system for unit identification on the Final Conflict III map. Does anyone have any ideas. What have you seen in other zines?

Highland Laddie Gone, by Sharyn Mc/Crumb, is now out. If it is not in your local bookstore, ask them to order you a copy. For those of you who have read Sharyn's past novels, this one follows Elizabeth to the Scottish Highland Games where old Clan feuds sometimes boil over into ... Geoffrey, from Sick of Shadows, returns to add his peculiar sense of humor to the festivities. And another wonderfully realistic (and interesting) country law enforcement officer appears. I would recommend this book even if I wasn't married to Sharyn.

-A Scottish Festival brings heather on the hill...roamin' in the plamin'...and murder as the main event.

PRESS

MOSCOW-WORLD: Note that I have stayed completely neutral. I am open for negotiations.

Fresh reports from our intelligenece correspondents (possibly from satellite sources) indicate that Russian and Chinese troops are massing in Siberia and Manchuria. Tanks, artillery, and aircraft are moving into frontier areas, and tensions along the border are reported to be high. Is World War Four on the way?

Melbourne Times, June 2101: The Commonwealth of Australia has chosen to re-name itself. The Commonpoor of Australia has just realized that it is the only major power alive in the world today incapable of deriving economic gain during the Spring season of 2101. Our fleets have searched the oceans far and wide and discovered nothing but desolation. We hear wonderous tales of the bountiful harvests brought back from such obscure sites as argentina, guiana, pakistan, VIETNAM, zambia and QUEBEC. No longer the poor pickings for conquering armies during the spring as in the early twentieth century wars. The 20th century English have resurrected themselves as the Aussies in the 21st!

(Moscow Times; September 23, 2101): After a bloody revolution which has been going on for almost a year, democracy has a last come to Russia (formerly known as the Soviet Union). General Ian Eilaaski has resigned his post as leader of the resistance movement to become the first President of Russia under the new constitution. Soon a military alliance with the U.S. will be signed; its purpose will be to bring deomocracy and peace to the rest of the world.

Government Information Ministry (MGdI) press release; 14 October 2101; La Paz, Territory of Bolivia: "Reports from northern Bolivia received today state that the last organized nationalist resistance forces surrendered to elements of the 3d (Sao Paulo) Light Infantry division. General of Division Barros Sampaio stated that his forces captured about 5500 combattants, 2500 rifles, 100 machine guns, and about 75 tons of partially refined cocaine, which was destroyed. Several officers of the resistance forces dace criminal charges despite the general political amnesty. This action signals the end of major military operations in this area, and the pacification of nearly all of Latin America."

CRETE trades three cards worth eleven points of which one is bronze, to EGYPT for three cards worth twenty-one points of which one is wine.

EGYPT trades three cards worth fourteen points of which one is spice, to ASSYRIA for three cards worth twenty-two points of which one is silver.

ASSYRIA tradesfour cards worth eleven points of which one is grain, to THRACE for four cards worth eleven points of which one is oil.

Jeff Zarse has resigned as Babylon. The new player is Alan Collier (P.O.Box 874, Cleveland, MS 38732). Due next issue is turn 'C'. This includes Acquire CIV cards, Return extra CIV cards, Resolve Calamiteis, and Alter AST. The due date for this is August 1, 1986. I will send the results out in a flyer. I have preliminary orders from Italy and Thrace.

Gold should be bought when Trade Cards are received. Just enclose a note stating your preference to buy it if you have available funds in treasury. There has been a motion to start combining Stage 'B' & 'C' into one stage. Or to Combine Stage 'C' & 'A' whenever possible. Please vote on both with the next turn (due 8/1/86). A 2/3 majority is required.

Since Neill did send in Winter builds, I will not ask for a standby for him. However, I am asking Fred Hyatt to send in standby moves for Turkey. (60 Grandview Place, Montclair, NJ 07043)

All proposals to end the game failed.

### OPINIONS

Tokyo-Ankara: Japan has forced my hand. I had really hoped for joint, honourable share in his victory. Alas...

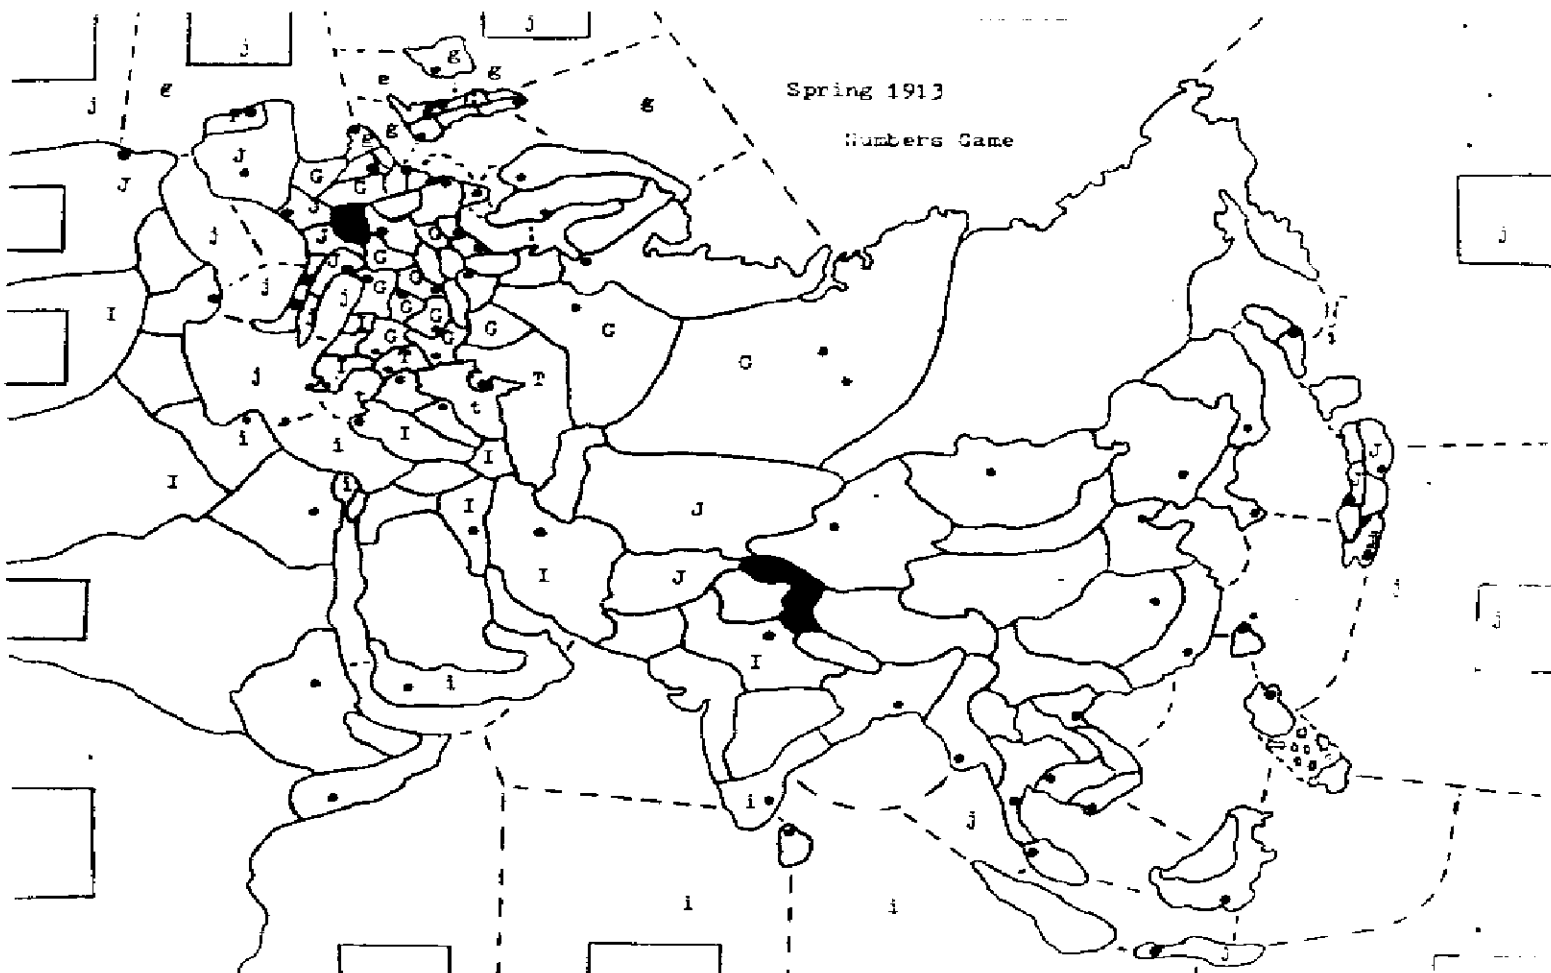

Tokyo-Tokyo: Warning! Without me as an ally, you would not be where you are today. With me as enemy, you will find it impossible to win. I was stabbed 3 times in 3 games at Dipcon, but the 3rd time I survived, and every time I won "Death with Dignity" because I fought to the bitter end!
