EDITORIAL

The gamesmaster has been scholastically incapacitated for the past semester. I was seeking to transfer out of Clarkson Tech, and needed a high (3.33) accum to do so. Consequently, my hobby was shelved during the interim period. I had very little time to devote to gaming, in any form. However, that's over with, and I'm back in the fray once again. THANG will be seen regularly for the next three months, I hope to finally complete that CONAN variant for you, and hopefully we'll be on schedule.

NOTE:

All Scottomacy Players:

Correction in last issues center chart for Campbell:

CAMPBELL: 28, 47, 62, 81, 84, 63, 78, 77 - No Change - A 23 remains

Also please note that a standby player has taken over play for Clan Stewart, which was vacated by Scott Duncan; he is - Jerry White 4004 S.E. Pine Street, Portland, Oregon 97214. Another fool.....

PR: The Grahams were deeply upset over the death of the elder Stewart. It seems that his boyish behavior with his old bride were a wee bit much for him. Long Live Bonnie Scotland!

Game 1969-Maj

The players in this game have protested my decision to allow Mor-
dor (Libby) to submit late moves, stating that I had previously made
another ruling on a similar situation, which was not to allow the sub-
mission of late moves. Accordingly, (since they are correct) the de-
cision is reversed. We revert to Quelle 3002 positions:

Armor (Pulsipher): da lor, sas ang, m mntns, ereg, thar, amon, imlad.
Gondor (Ferris): da m morgul, sas poros, leb, lamedon
Mordor (Libby): Ta raur; das anor, h annun, glad, m tirith; sas dead
marshes, dagor, murn, udun, etten
Rhovanion (Bobek): da d guldur; sas wild, carr, mirk, b lands, n wild.
Rohan (Lakofka): da iseng; sas w emmet, east, fangorn

These are the positions after Quelle moves, Hrive retreats and
removals, and Coire Builds. These may be a mistake, so check it care-
fully; I think it is correct. The deadline for Tuile moves and
Laire conditional retreats is Friday, June 26th, 1970, to the GM at
122 17 th Street, Buffalo, New York, 14213. STANDBY PLAYER NEEDED
