Austria (Honig) A BUL s f con; F CON s f aeg-SMY; A BOH-mun; A TRI s a vie-TYO;

England(Denhart) F HEL s f nth-DEN; f eng-BEL; England reserves the right to gnash. Alas, it cannot do so now, as forty per cent of our enlisted men are Hessian mercenaries, pining for the fjords of home. ((England, of course, can gnash; I might point out, however, that, as almost all of the Hessian states--Hesse, Saxe-Hesse and so on, are inland principalities, Hessian troops are unable to pine for the fjords of home. Hesse has no fjords.))

Germany (Fox) A DEN-swe (R- otb); A RUH s a mun; A BER gnashes, and is allowed to gnash, since English is a germanic language ((Only partially true. And, in any case, I believe the silent "g" in "gnash" is of Romance origin.)); A Mun joins in on the gnashing; f bel-HOL; A KIE s a ber.
