PRESS:

FRANCE: Before the battle commenced, history showed that the English sailors aboard the flagship were served a hot tuna casserole by Admiral Hardistry. Actually that was not 100% correct. What actually transpired was...when Admiral Hardistry emerged from his cabin, the English sailors greeted him with a resounding chorus of, "Chicken of the Sea, Chicken of the Sea!"
(GM-You are right Steve, nothing is sacred. Where did I hear that press before

WSIM MULTI PLAYER- I have 4 players but only one sent in ship selections. I can't assign sides until I have all ship selections.

Effective immediately, there is no longer a collect call list. You must make the effort to get your moves in. Also, phoned in orders will no longer be accepted after 6PM of the due date. I'm tired of receiving phoned in orders at 10PM- Midnight. Promptness will enable me to get this out on time every month. I spend long hours adjudicating these games. It will make it easier on me if you try to cooperate. Thanks.

Before getting on to the 2 player profiles I have I want to say something about what I read in Terrain. I have no real proof to back the story that Steve Heinowski is or is not Oaklyn/Tretick. Its true he never printed a copy of his birth certificate, but neither did I. And no, wise guys, I'm not going to. Why should I disprove that I'm Oaklyn/Tretick? Aren't we innocent til proven guilty Besides I have no birth certificate. I changed my name about 4 years ago and my birth certificate has my other name on it.

PLAYER PROFILES Yep! We have 2 of them this month.

CATHIE HRYCZYK- The Tucson Terror; How could I have ever gotten that name? Loveable me? Why, I'm just your normal sweet evryday housewife and mother. Could it be ~~the~~ insanity my 2 boys, ages 3 years and 16 months, have driven me to? Or maybe its the fact that I'm 25 and still playing games. I doubt that. It may even be possible it could be the fact that I married a Polish wargamer with a last name that is spelled different than it sounds. The only reason that I can even think of is possibly for the fact that I attacked Balkens in C-2 when the odds were against me. That and I launched the attack from England. But then it couldn't have been much of an attack. After all, the GM gave me the award for the "Best Builds". (GM- maybe you get the name because you are a female player who is friendly with the notorious Kathy Byrne, after all she isn't the type of girl you bring home to meet your folks. How would you explain her sickness?) I know where part of the name came from, after all I do live in Tucson. But I was born and raised on the East Coast, New Jersey to be exact. But that "Terror" part puzzles me. I may be a pain in the side, but a terror? Anyway I do appreciate the effort someone went to in giving me a nickname, but couldn't you have come up with a better name for me? I'm sure you could. By the way, who did give me the name? I don't even know. (GM- neither do I)

DAVE WHITE (alias the limmerick king from Lansing)

I was born in Lansing Mich on Dec 10, 1954, which makes me a Quarter of a century old(it was a traumatic experience). I have bounced around through Col,Wy, Ariz,Louis, and now Texas, having gone to 3 different colleges and worked about 20 different jobs. That should give you an idea as to what kind of flake I am. Currently I manage the #1 36 hole Putt Putt Golf Course in the nation (GM- nothing like free advertising, eh Dave? I noticed you put in the golf course) which is located in Beaumont Tx. The only women in my life are Fred, Harvey, and Jeremiah. I also have another roommate named Clawed. By the way, all of them are cats... (GM- What happened to the plug for 9 Lives cat food or Purina) My hobbies include spending a fortune on postage and phone calls and getting suckered into playing in, and subscribing to John and Kathys zines...(GM - after all, a kind word for me. I'm flattered)

GM- Dave forgot to mention that he also puts out a zine called Catastrophe. It is available to those who sub to Claw and Fang. Dave will also be guest GMing a game in here in the near future. I'm also trying to convince him to allow me to run Catastrophe here with Whitestonia as well as with his other source.

PRESS:

ENGLAND TO BRAZIL: If I knew you were coming, I'd have baked a cake.

ENGLAND TO WORLD: The towel has been thrown.

USA TO INDIA: Time is a wonderful thing isn't it Rick. It lets you forget how willing you wereto pick up the anti-US alliance when Dave(uh) deserted; it lets you forget who gave you your 1st bid(s); it lets you forget all those snide little comments. I may not participate in the game end, but I am going to enjoy this, for while you may have forgotten, this "stupid SOB" does not. Your "novel game plan is older than the GM (GM- thats hitting below the belt), and using attrition to stop it is older than me(GM- glad you put that in, no one is older than you, not even Dave Grabar. Oh yes I forgot, John Kevern is older than the hills. In fact he helped Milton Bradley play test Monopoly)

USA TO RUSSIA: Well Rich, they all laughed at us and thought it was a big joke. They were all willing to see us rot. I wonder how many had the strategic sense to realize that , that marked the begining of everyones end.

DYING REMNANTS OF THE RUSSIAN EMPIRE: Good bye cruel world!

RUSSIA TO INDIA: Whatever I can do for you I will. Let me know.

INDIA TO BRAZIL: He wasn't wronged. Facts are never wrong.

CANADA TO ENGLAND: Sorry Cory, but I can't afford to give anyone mercy- the invasion approaches your beaches, but I have told all military leaders to take prisoners, not torture & kill your citizens. They will be treated well. However anything might happen & a year from now I may be a Mouse. Good luck.

CANADA TO ANONYMOUS: The world is really divided into 21 camps- which side is USA on this year- he bounces back and forth depending on who he thinks is winning (CN- and I thought I was the only one who noticed)

ARG TO INDIA: Arrogance? or just outright complacency.

ARG TO GER: I got your guts... Consider yourself fortunate that St Joe shakes at the sound of your name. If they ever get their heads together and realize that they can think for themselves & don't need you, you will assume your rightful spot in this game.

ARG TO RUS: When I want you to make my moves for me, I'll ask you.

GER TO BRAZ: You apologize for your play in the past, why thats A-1 for St Joe. Just think if you were an ostrich you could bury your head in the sand! Then none of us would have to look at your face- we'd only see your brains!

GER TO CHINA: If you allow them to talk you into hitting me, only Russia and Canada will gain. Come on Jerry, Lets show them how to play.

GER TO QUE: Why do you always force me to hit you. Your mouth gets you in more.
