

WILD IN WOODS

"We're sure glad that Brannan moved us down here and got us away from all that constant rain up in Portland!"

It seems that good 'ol Capt. Rod, true to Air Force procedure, published our new address as 951 instead of 915 and the postman says that a lot of mail was returned to people which had probably caused my wife and I to miss moves in some games giving further guarantees to our pending doom in all the games we're in.
