SAWICZEWSKI FOUND ALIVE!

1965 KL

ENGLAND DECLARES WAR ON RUSSIA (and maybe on Germany if she gets frisky)

(London) A German courier's body was washed ashore near Wales. Although his documents were waterlogged, and in Russian, it is believed that they will be decipherable.

Russia has constructed forces and launched them against England. England must declare, and wage, total war on Russia.

If Germany moves against England, or Assists Russia in any way, England will wage total war on Germany.

From Bight and Denmark (or Baltic, on the displacement of Denmark) English fleets will fight any and all aggressors. ((agressors? - ed.)) Surely, with English, Turkish and Austrian forces fighting side by side, the accursed aggressor will quickly perish.

(Warszawa, PAP) The Glory of Poland is restored! Joy of indefatigable joys, while sifting the rubble fo our devastated Capitol, WE FOUND OUR PRESIDENT! Our exuberant exultation was only mitigated by the fact that he was found alive.

The Polish legions, outmanned, undersupplied, and with distinctively inferior positions, have smashed the Austrian and British dogs, (we'll not mention the Ottoman). Rumania is restored! Our Mexican coastal vessel has taken Crete without a fight. Antartica is now abandoned again and will be left undiscovered.

President Sawiczewski immediately de&lared a national emergency and announced that Sevastopol and the Ukraina are "zones of national emergency" occupied zones, of course.

Ex-President Plugawy has been appointed Ambassador without Portfolie to Costa Rica, getting him out of the country before he goofs anything else up.

The Gamesmaster is Stephen V. Cartier, 106 South Edgemont, Los Angleeps 4, California, 90004.

BALTIMORE IN '67

Rules to be followed by the Gamesmaster

1. All of the original rules as published by Games Research, Inc. will be adhered to. (except for the choosing of countries by lot.)
2. A precedent set in a game will be followed throughout that game.
3. No conditional move will be accepted.
4. No joint moves will be accepted.
5. Any unit attempting to move may be Supported only to where it is going. If stood off it cannot be Supported in the province it is in.
6. This rule has been suspended and cancelled.
7. When a unit is successfully attacked from a province that it is attempting to move to, it still stands off any equally or less Supported unit that may be attempting to follow the successful attacker into that province.
8. No moves, retreats, or building of units will be done for any player by anyone other than that player. No retreats will be made automatically or conditionally. Even though there is no choice involved, a unit that is dislodged and not given a retreat order will be removed from the board.
9. Deadlines will not be postponed for any reason with the exception of the extra 5 days over Christmas.
10. When a player resigns, his units will hold or attempt to hold (and may be Supported for Holding by other players) for the remainder of the game. If someone wishes to replace another player, he must first receive the permission of the Gamesmaster and possibly pay a small fee, and then all of the other players in the game must agree to the replacement (in writing) before any moves will be put into the game from him.
11. The rule against the exchange of positions will be adhered to regardless of what fancy convoy maneuvers may be attempted to effect the exchange. (Please note that we are referring to the exchange of two units)
12. The decisions of the Gamesmaster and his Assistant are final.
13. A convoy move does not cut the Support against the fleet that is the last fleet to convoy the army in that "convoy-chain". When one of the fleets in the "convoy-chain" is dislodged, the attempted convoy does not cut any Support at all.
14. When two or more units are dislodged and ordered to retreat to the same place, they are both, or all, removed from the board.
