POLICY TO BE ENFORCED

When we first started this publication, we said that we would not allow more than one player from each area in each game. Then, over-anxious to get games under way, (we were being heckled by a certain Eastern publisher) we started breaking rules of our own. We changed the limitation to two from each area and even fudged on that a bit. This caused what John Smythe refers to as "Geographical Alliances". This isn't usually an unfair alliance against the other players, it is more unfair to the two players from the same area who must ally because they find everyone else against them. There are many players in Los Angeles who ally with each other simply to save the postage expense of corresponding with players elsewhere. Two such players were allied in Trantor for a while. But, there will be no more forced Geographical Alliances. There may be some players "from" the same area in a game. This cannot be helped but at the start of each game there will be 7 different areas represented.

(ROME) The Guiding Light  
Enrico Frederico, Duce di Otranto, to the  
Cultural, social, and miscellaneous Commission  
world-wide "Love Everybody Crusade", based on  
used-car dealer Dr. Arturo Guishoppe, the crusade to exclude only an  
unfriendly country, about which the Duke of Otranto recently commented;  
\_\_\_\_\_ and your granny chomps potato chips!

The Happy Berbers of Tunis, ecstatic over the possibility  
of getting Italian friendship, have requested a fleet be sent to them  
posthaste. Naturally the Duke would hardly disappoint the poor child-  
like beings.

(Vienna) Emperor Franz Josef announced that the people of  
Serbia have appealed to the Empire for protection from Balkan Bandits.  
In sympathy with the aspirations of the Serbian people, The Emperor has  
annexed the Serbian nation.

The Emperor has called a session of the Congress of Vienna to  
attempt to dissipate the war clouds over Europe. Italy has already  
accepted a bid. Other nations invited, include Turkey, Russia, Germany,  
France, England, and Lichtenstein. Schleswig-Holstein has declined a bid.

His Imperial Majesty  
Николай Вторый

The Russian army quartered in Warszawa is requested to proceed to  
the Galician lair of the infamous bandit, Rudolph Rasseindhülle, expatriate  
Muscovite long since deserving his just fate.

Statement from Bill Shillings et Pence, Grand Vizier of Turkey:

Walli de Bench-al-Pillsburi, Sultan of Turkey has today been poisoned  
by his nephew and heir-apparent, Barri-da-Gold. The Sultan is on his  
death-bed and calls for vengeance, asking that his friend, the Czar of all  
the Russias, punish the usurper and restore the throne to the royal family  
in the person of the Sultan's daughter, Zhai-ee-Van-Ben Bernecki-Pillsburi.

LATE ARRIVING PRESS RELEASE: (Constantinople) Bill-al-Shillings-et-  
Pence, former Grand Vizier of Turkey has been beheaded for treason. The  
investigations into the death of the Sultan's dearly beloved uncle, the  
late Walli-de-Bench-al-Pillsburi have shown that the royal cook took a  
container of slow-acting poison, sometimes used on prisoners for the salt  
container. In view of the strictly accidental nature of the tragedy, the  
cook has been returned to his former position with a strict warning to label  
all the containers in the kitchen.

"Turkey extends the hand of peace to all," the Sultan said, "Although  
I am young, I have been trained to lead my country, and I do not suffer from  
the rashness of youth. It is better that my people should have peace and  
be content with what we have than that we should be greedy and plunge all of  
Europe into a war." The Sultan's cousin, Zhai-ee-Van-ben-Bernecki-Pillsburi  
has agreed to marry him in order to reunite the lines of descent and to  
avoid civil strife.

1965 KN

(Paris) King Louis XXI has ordered elements of the Royal Army to Burgundy to suppress the revolt raging in that province since 1899. His Majesty has vowed to execute the ringleaders of the revolt, whom he claims are "agents of and supplied by a foreign power out to embarrass France". The Fleet has been ordered to prevent supplies reaching the rebels through the neutral territories or France coastal provinces.

At the same time King Louis announced his intention to attend a conference of international order and peace in Berne. "France wants World Peace with Honor. We will not attack nor be a party to an attack except to protect France's just ambitions."

(Rome) Colonel Alphonse Capone, Public Relations Officer for His Imperial and Royal Majesty announced today that the peoples of Italy and their benevolent Emperor offer to make peace with all their neighbors - especially their well-armed neighbors. The peaceful populace of the Italian Peninsula have renounced their famous warrior past and have embarked upon an era of peace and prosperity.

If the citizens of the many nations of Europe wish to have peace and thereby spare themselves the pain of war, all they must do is persuade their governments to accept the Pax Romana so sincerely offered by the peoples of Italy.

To the peoples of Europe, Italy offers her hand in peace. And, should any government insist upon being stubborn, the Italian peoples will send the necessary emissaries to "persuade" the errant government to be "reasonable"

(LONDON) Prime Minister, Dr. Marsupio von Ringo-Beatle announced that the beginning of the year would surely usher in a century of peace. In proof of which, he stated that General Arnold Benedict of the Army and Admiral Creighton of the Royal Navy reported no hostile moves or arms buildup on the continent at present, and that the most belligerent hostile force in Europe today were the tri-lingual Swiss. "Switzerland bears watching," he exclaimed, and avowed his intention of assisting Turkey in coming to grips with the perfidious Swiss.

The Distinguished Dr. von Ringo-Beatle announced the re-zoning of the bodies of water surrounding England; thus, the Irish Sea is now the Irish Channel, or Channel #1, the North Atlantic is now Channel #2, and continuing clockwise to the English Channel, which is now Channel #5.

## Rules to be followed by the Gamesmaster

1. All of the original rules as published by Games Research, Inc. will be adhered to. (except for the choosing of countries by lot.)
2. A precedent set in a game will be followed throughout that game.
3. No conditional move will be accepted.
4. No joint moves will be accepted.
5. Any unit attempting to move may be Supported only to where it is going. If stood off it cannot be Supported in the province it is in.
6. This rule has been suspended and cancelled.
7. When a unit is successfully attacked from a province that it is attempting to move to, it still stands off any equally or less Supported unit that may be attempting to follow the successful attacker into that province.
8. No moves, retreats, or building of units will be done for any player by anyone other than that player. No retreats will be made automatically or conditionally. Even though there is no choice involved, a unit that is dislodged and not given a retreat order will be removed from the board.
9. Deadlines will not be postponed for any reason with the exception of the extra 5 days over Christmas.
10. When a player resigns, his units will hold or attempt to hold (and may be Supported for Holding by other players) for the remainder of the game. If someone wishes to replace another player, he must first receive the permission of the Gamesmaster and possibly pay a small fee, and then all of the other players in the game must agree to the replacement (in writing) before any moves will be put into the game from him.
11. The rule against the exchange of positions will be adhered to regardless of what fancy convoy maneuvers may be attempted to effect the exchange. (Please note that we are referring to the exchange of two units)
12. The decisions of the Gamesmaster and his Assistant are final.
13. A convoy move does not cut the Support against the fleet that is the last fleet to convoy the army in that "convoy-chain". When one of the fleets in the "convoy-chain" is dislodged, the attempted convoy does not cut any Support at all.
14. When two or more units are dislodged and ordered to retreat to the same place, they are both, or all, removed from the board.
