1966KM

The player for Germany has resigned. Normally, we would go ahead with the game anyway. The German units would stand and could be supported by other players. However, we have received a great many complaints about "Spoiled" games wherein one of the players dropped out before he was really defeated. Not all players object to dropouts but some do. THEREFORE, rather than have this another "Spoiled" game, Game 1966KM is hereby Cancelled! Cash refunds will be made to all players (except those who were transferred to the 6N game).

## Fall 1902 Build Orders

1966KL

(Kiel) At a party given here for Officers Awaiting New Divisions to take to their respective fronts, an English Admiral was overheard to comment on The "Wisdom" of the German-Austrian conflict. When he started making puns about the Retreat to Bohemia, the Commander of the Southern German forces agreed and said, "I have been chased to Bohemia so many times that I feel that I am taking root there!"

(Rome) Tribune Romulus Reagani today called a Press Conference in the Holy City to discuss the Gallic threat. "While we have guaranteed the territorial integrity of the Gallic Tribes, their barbaric Warlord Ouelles has massacred peasants in the Valley of the Po. Regretfully, I have ordered Admiral Barnes to Commission another fleet and the Military Governor of North Haltermann to open negotiations with the Goths. The Belgae and the Burgundians may soon feel the weight of invasion in their own lands." In anticipation of the fall of Tunis, Jorge Cristofor was moved to a prison in Apulia.

(London) Russia cannot outwit the genius of England's Admiralty!

(Paris) Well, I thought I was in a game or two too many. Things will probably be much simpler soon . . . . .

(Brobdingnag) The Govenner General of the Dominion of Canada, Sir John A. Callumic, sent a note to the Polish President, Andrzej Sawiczewski, informing him that;

1. The theft of lines is of no importance, it is the theft of provinces which might lead to unpleasant consequences.
2. Sir John is Czech, not Polish, descent and therefore; the final 'C' of his family name should carry an accent. It is the neglect of attention to such details which has so often ruined the plans of the Polish Government.

## An Autobiography;

THE LIVES AND LOVES OF JOHN SMYTHE  
(or How to Win at Diplomacy by Really Trying)

Once upon a time two spiritual entities committed a grave error. They gave birth to a third spiritual entity. And in their happiness and pride, they named the newborn entity, "John."

Then, from the very first moments after birth, this new entity, herein referred to as "John" was greedy, greedy, greedy. Food, attention, care, name it, John wanted. To their everlasting glory - and sadness, the two spiritual entities did not lose patience and bash John. So, he survived.

My! Did John Survive! He grew, and grew, and grew until he arrived at a stage in his development often referred to. And what a horrible monster John was! His greed had not abated. It only became more diverse - much to the dismay of the female spiritual entity and the pride of the male spiritual entity.

In punishment for his greed, the Universal Moving Forces decreed; "as John's conduct and general attitude is most deplorable, corrective measures must be taken immediately" - So, before John could cry, "Greedy" he was transported to an infamous corrective institution - For the next nine revolutions of the heavenly bodies John suffered at Case Institute of Technology, long the home of the evil Furies: Electrical Engineering, Mechanical Engineering, Civil Engineering, Chemistry, and the Arch-Ghoul, Physics. Needless to say, he was quickly made aware of his faults. And he swore to never, never, never be a bad entity again. So, he was permitted to volunteer for the army.

For the next 36 revolutions of the heavenly bodies John suffered one traumatic experience after another (someone later called his experiences a part of "growing up"). Finally, his time was up, and he was released. Then, not only did his soul, what there was of it, belong again to John, but also his \_\_\_\_\_. ((On his first day in the Service, a Sergeant claimed that part of him right after recommending that he give his Soul to the Lord God.))

Foolish and gay over his release from purgatory John decided to join the ranks of the educated entities. For he had been told that failure to possess a sheep's skin was an anti-social act. And he didn't want the Universal Moving Forces to think that he had intentions of breaking his pledge to be a Very Good Entity. He hadn't forgotten the infamous Case Institute of Technology and the traumatic experiences suffered in the army. So girded by honourable intentions, John entered Youngstown University ((He can still be seen there)). Successfully completing the arduous rites of the B.A. Degree, he decided to continue his initiation into the ranks of the educated. Courageously grasping his B.A. degree in his left hand, John marched off to Graduate School at Northwestern University to earn a M.A. Degree in Economics. And to all entities' amazement, he satisfactorily completed all requirements. Such is the way that he entered the ranks of the educated entities.

With his new reputation as an Educated Entity, John found that to acquire a job of teaching other entities the religious rites of the educated was a relatively easy task. For the last 60 revolutions of the heavenly bodies he has dedicated himself to the Art of Pounding Intelligence into bone and gristle.

CONTEST WINNER: Joint entry from; Dennis N. Smith  
R. B. Cline  
C. F. von Metzke

The entry: This position could be held by any power. It could be Turkey or it could be some other power that successfully destroyed Turkey.

ARMY SEVASTOPOL SUPPORTS UKRAINA	ARMY TYROLIA SUPPORTS BOHEMIA
ARMY UKRAINA SUPPORTS GALICIA	FLEET PIEDMONT SUPPORTS GULF OF LYON
ARMY GALICIA SUPPORTS UKRAINA	FLEET GULF OF LYON SUPP. WEST MED.
ARMY BUDAPEST SUPPORTS GALICIA	FLEET WESTERN MEDITERRANEAN SUPP. GULF
ARMY BOHEMIA SUPPORTS GALICIA	FLEET NORTH AFRICA SUPP. WEST MED.

John McCallum furnished the following entry;

FLEET MID ATLANTIC HOLDS	FLEET NORTH ATLANTIC SUPPORTS MID ATLANTIC
FLEET PORTUGAL SUPPORTS MID ATLANTIC	

Only three units but it was disqualified because it would almost have to be Russia with England, France, and Germany out of the game. The position requires that there be no other fleets outside of the Mediterranean.

We did not state that the holding power had to have sufficient supply centers for the units, we took it for granted, however, Terry Kuch may have one free game and as many additional games that he pays for before May 15th. at \$1.00 each.

## Rules to be followed by the Gamesmaster

1. All of the original rules as published by Games Research, Inc. will be adhered to. (Except for the choosing of countries by lot and ending the game with a mere majority of units.)
2. A precedent set in a game will be followed throughout that game.
3. No conditional move will be accepted. (Except in a regular speed game wherein a move is sent in in advance of and contingent only on another move, retreat, or build which will be published prior to the deadline for this move.)
4. No joint moves will be accepted. This means also that moves for one player will not be accepted from another player. (Signatures, sworn statements, etc. are meaningless.) (Moves from Authorized substitute players will be accepted, of course.)
5. Any unit attempting to move may be Supported only to where it is going. If stood off, it cannot be Supported in the province it is in.
7. When a unit is successfully attacked from a province that it is attempting to move to, it still stands off any equally or less supported unit that may be attempting to follow the successful attacking unit.
8. No moves, retreats, or building of units will be done for any player by anyone other than that player (or Authorized Substitute or Approved Replacement player). No retreats will be automatically or conditionally (conditional on other current retreats, that is) even though there may be no choice involved. A unit that is dislodged and not given a Retreat order will be removed from the board.
9. Deadlines will not be postponed for any reason - except when my wife leaves me, I publish late, etc. Boy, did I violate this rule last year!
10. When a player resigns, his units will attempt to hold (and may be Supported for Holding by the other players) for the remainder of the game. Replacement players will usually be required to pay a small fee and all of the other players must give their approval in writing to the Gamesmaster before any of his moves can be put into the game.
11. The rule against two units exchanging places will be applied regardless of what fancy convoy maneuvers may be attempted to effect the exchange.
12. The Decisions of the Gamesmaster, right or wrong, and of his Assistant, right or wrong, are final. (The Assistant Gamesmaster is Earl Thompson.)
13. A convoy move does not cut the Support against the fleet that is the last fleet to convoy the Army in the "convoy-chain". When one of the Fleets in the "convoy-chain" is dislodged, the attempted convoy does not cut any support at all.
14. When two or more units are dislodged and ordered to retreat to the same place, they are both, or all, removed from the board.
15. Players who habitually fail to submit moves will not be entered into new games.
16. In the event of the demise of a player, his positions will be turned over to his widow, or, lacking a widow, his eldest son, or, lacking either a widow or a son, his eldest male heir. The decisions of the Gamesmaster are final.
