WAR REPORT

JUNE 1971

No. 2

The World News and War Report is a Diplomacy journal, published monthly by the Prussian Guard. The Editor, GM, and entire staff is John Mensinger, 1320 Magnolia Ave., Modesto, Ca., 95350. I am a member of the N3F Games Bureau Diplomacy Division and of the Diplomacy Association. I urge your active support of these two worthwhile Diplomacy organizations.

Fees: All players in WN&WR games must have a subscription which is 1.75 a year. Game fees: Regular 7 man and 5 man Napoleonic games-1.00. Youngstown Variant games-1.50. If you are already in a WN&WR game you may deduct 25¢ from your game fee for second games. If you are a member of the Prussian Guard you may deduct 25¢ off the prices of games, and off the price of subscription.

Trade Policy-WN&WR welcomes trading and will do it on an all-for-all basis.

Builds, Removals, and Retreats: These are reported in the WN&WR Bulletin, a publication that will appear when necessary.

Game Openings: Currently we have openings in 2 regular 7 man games, 1 5 man Napoleonic game, and 1 Youngstown Variant game.

Numbering System: We use Boardman numbers to identify our games. We also use our own system. Regular games are simply numbered, e.g., Game 1. Napoleonic games shall have the prefix N, e.g., Game N 1. Youngstown Variant games have the prefix Y, e.g., Game Y 1. And Evans Tourney games have the prefix T, e.g., Game T 1.

Move Notation: Moves may be abbreviated using the standard notation, that is the first three letters of the province, except for those which have as the first three letters Nor. In such cases, write out the Province name in full. S means supports, C means convoys, - means to, H means stands, A means army, and F means fleet. Moves which are underlined do not succeed.

House Rules: The House Rules under which all WN&WR games are to be played, appeared last issue, in No. 1 of the WN&WR. Currently, I am working on a redraft which should be much better. However, for now we will use the House Rules outlined in the first issue.

Miscellaneous Garbage: I am always open to suggestions, ideas, comments, etc. regarding this 'zine. I need all the help I can get. Also, if you ever have anything you'd like to see printed in here (be it political, article, opinion, or whatever) please send it in and I will try to put it in.

The Evans Tourney

Last month I asked for a poll on whether you people wanted to reduce the number of games in this tourney to 3. The result was 3 for, 2 against, and 2 not saying. In addition, one of those who was in favor commented that he thought all 7 games ought to be scrapped, and then start over with 3. Because of this guy's new idea,

and because 2 of you didn't tell me what you wanted last month, I'm going to ask for another poll. First of all, would all of you please tell me if you want to cut down to 3 games. If you are in favor of it, please say so. If you are against it, please tell me. Then, I would also like you to tell me if you would like to keep 3 of the games now going, or if you would rather stop all 7 games, and start over with 3 new ones. Now I don't like to screw around anymore than I have to, so please reply and tell me what you want. Thank you.

There are two address changes: Paul Rubin is now at 41 Herbert Avenue, Massapequa Park, N.Y., 11762, and Doug Burke is at 1108 Hiland Ave., Coraopolis, Pa., 15108.

Paul Rubin asked me to print this release relating to all Evans Tourney Games:

I ran into Exam problems and failed to contact my allies. Exams are over, and I hope to write everyone soon. Meanwhile, all alliances are on.

One of the players sent me conditional builds and removals. This is not necessary. Builds and removals are published in the Bulletin.

(From Germany) "It is an official act of war if it is discovered that any forces attempt or succeed in entering German soil without the expressed permission of the Imperial Government. The French build-up on the French-German border directly threatens the welfare of the city of Munich and the surrounding area. It might be noted that lateral movement by German forces in no way threatens corresponding important French industrial centers. Peace to all.

(From England) "It has been discovered through special Norwegian agents that Russian northerly buildups are strictly of an exercise/maneuver nature and is in no way a threat to Norwegian sovereignty. As a precautionary measure, the Norwegian ambassador to England has requested an English protectionary expeditionary force. This has been approved and an army has been dispatched to the coast."

As I said, builds will be reported in the Bulletin. So, I want you all to have your builds in to me by June 11, 1971. That is a Friday. If you already sent in Conditional Builds, you can either change them, or keep them.

Well, till next month, good bye.
